NOTICE

It is proposed to erect a memorial in London to the late Marshal Foch, *Maréchal de France* and Field Marshal in His Majesty's Army, who commanded the Allied Armies during the later stages of the Great War and led them to victory.

With this end in view, a representative committee, of which the Right Hon'ble the Marquess of Crome, K.G. P.C., is Chairman, has been formed to organize an appeal for subscriptions, throughout the Empire, to meet the cost, which will amount to about £5,000.

It is proposed to erect a replica of the equestrian statue at Cissel, which was modelled from life by Malissard, on the small triangular plot in Grosvenor Gardens, close to Victoria Station which has been offered for the purpose by the Duke of Westminster.

Formations, units and individuals wishing to contribute are requested to forward their subscriptions to "Marshal Foch Memorial Fund", Messrs Glyn, Mills & Co, 67, Lombard St, London, E.C.-3.

I A O 51 Soldiers Services B A—War Office letter No 27|Infantry| 9629 (R|A G 1 c), dated 6th December 1929, is re published below —

I am commanded by the Army Council to say that the procedure followed in filling the annual quota of extensions of service, differs considerably in various units. The quota is filled in some cases with men who enter, and in others with men who complete, their last normal year of colour service whilst it is in force, or with a mixture of both.

2 It is not desired to lay down any hard and fast rule, as conditions vary, but usually the quota should be filled with men entering their last normal year of colour service.

3 The practice of using one quota for the extension of men crowded out of that in force during the previous year (i.e. the quota year in which they enter their last year of colour service) is unsound. It amounts in effect to mortgaging the future. It entails delaying extension until, in some cases, the day before a soldier is due to leave the colours, with resulting long drawn out uncertainty to the individual as to his future. This in itself is bad, but its most dangerous effect is that a change in policy may bankrupt the unit, as for instance, when "holding" abroad under Section 87 of the Army Act is withdrawn. In these circumstances all soldiers time expired between 1st November of one year and 31st March of the following year would be brought home and transferred to the Reserve or discharged. Had "holding" continued they would not have come home until the following trooping season and many of them would, under the present system, have been anticipating extension when the quota for October was issued.

4 The Council realise that to order a sudden change of the method adopted in some units, would inflict hardship on many soldiers by depriving them of any possibility of extending. They desire, however, that Officers-Commanding units will adopt, as the normal course the method stated in paragraph 2, though its introduction may have to be gradual in the case of soldiers permitted to extend under King's Regulations, paragraph 227 (a) (ii), if hardships are to be prevented.

I A O 52 Discharges B A—War Office letter No 19|General 8316 (F 2 M), dated 9th December 1929, is re published below —

I am directed to inform you that some misunderstandings of the intention of Article 1024 (a) subsections (ii) and (iii), Pay Warrant, appears to exist in its application to soldiers purchasing their discharge after having attended a course at the Army School of Education and that the correct interpretation of the article is as follows —

- (i) A soldier who was not enlisted as an Army tradesman or apprentice tradesman and who since enlistment has attended a course at the Army School of Education with a view to qualifying as Educational Instructor, in which appointment he would be paid the equivalent of tradesmen's rates of pay, (Article 903 Pay Warrant, 1926), should, for the purpose of discharge by purchase, be regarded as having received train

27th January 1930

ing in a trade The correct rate of discharge purchase money is therefore £60 under Article 1024 (a) (u), Pay Warrant, 1926

- (u) A soldier who, not having received training while serving that would make him liable to the purchase rate of £100 or £60 under Article 1024 (a) (i) or (u), has attended a course at the Army School of Education for the purpose of training as a Regimental Instructor, in which appointment he would not draw tradesmen's rates of pay, is not regarded as having received training in a trade and the rate of discharge purchase money in his case is £35 under Article 1024 (a) (u), Pay Warrant

B 8314|A G 6

I A O 53 Pay and Allowances—British Marriage—Submission of Life Certificate in support of payment of Marriage Allowance—Every person residing in India who is receiving marriage allowance during the month of June, 1930, will be required to furnish a life certificate and declaration of entitlement. No certificate will be necessary where allotment only is being paid.

2 In the case of a person receiving marriage allowance, either as the wife of a soldier, or as the guardian of the children of a married soldier the certificate will be on Army Form O 1837 (modified for India)

The Controller of Military Accounts will enter on Army Form O 1837 the name and address of the payee, date by which the form must be returned, monthly rate of allowance, army number, rank and name and regiment of the soldier, and (on the back) the address to which the form is to be sent, and also the address to which it is to be returned.

If the certificate is not returned within 14 days the payment of the allowance will be stopped, and a notification of the reason for the stoppage of the payment, together with a duplicate copy of Army Form O 1837 will be sent to the payee. If the Army Form is returned properly completed the payment will be resumed.

If no reply is received within 6 weeks of the date on which the original form was despatched, and the reason for failure to reply is not known to the Controller of Military Accounts, the police will be requested to make direct inquiries.

3 In cases where payment of marriage allowance is being made to the soldier's parentally, the certificate will be on Army Form O 1837 A

27th January 1930

ing in a trade The correct rate of discharge purchase money is therefore £60 under Article 1024 (a) (u), Pay Warrant 1926

- (u) A soldier who, not having received training while serving that would make him liable to the purchase rate of £100 or £60 under Article 1024 (a) (i) or (u), has attended a course at the Army School of Education for the purpose of training as a Regimental Instructor, in which appointment he would not draw tradesmen's rates of pay, is not regarded as having received training in a trade and the rate of discharge purchase money in his case is £35 under Article 1024 (a) (u), Pay Warrant

If no reply is received within 6 weeks of the date on which the original form was despatched, and the reason for failure to reply is not known to the Controller of Military Accounts, the police will be requested to make discreet inquiries

3 In cases where payment of marriage allowance is being made to the soldier regimentally, the certificate will be on Army Form O 1837 A (modified for India)

The Controller of Military Accounts will enter thereon army number, rank and name of the soldier and the monthly rate of the allowance and will despatch the form to the soldier's commanding officer who will be responsible for ensuring its immediate completion by the soldier and for its return

4 Army Forms O 1837 and O 1837 A when returned will be carefully examined and compared with pay list or pay bill as the case may be and any discrepancies will be adjusted

27th January 1930

These instructions especially clauses (e), (f) and (g) of I A O 35 and the corrigendum referred to above will be strictly adhered to

C617|D C C

I A O 72 Baggage Charges—For the convenience of passengers by P & O and B I Companies steamers the Directors have decided to abolish the collection of the various amount hitherto levied by shore authorities

4th February 1930

in London, Plymouth and Marseilles for port charges, etc. It has accordingly been arranged that an inclusive sum of 5s will be levied on the adult basis and will be payable on board by 1st and 2nd class *packet* passengers. It will cover all charges from the receipt of baggage at the docks from which the vessel departs up to the time of landing at the port of destination of the ship, ready for clearance at the customs.

The companies have agreed to make an exception in the case of baggage of 3rd class passengers travelling in second class accommodation at three quarters 2nd class rates, and such baggage will be accepted by the Companies free of charge.

It has also been arranged that all personal luggage, with unrestricted limits, trunks, suit and uniform cases, hat boxes, chairs and folding perambulators will be accepted on all steamers. Such packages as cases, barrels subject to a special tariff, as detailed in the

Motor cases must be shipped as cargo, unless otherwise arranged.

These arrangements will commence outwards with the sailing from London on the 3rd January 1930, and homewards as follows —

From Australia—by the sailing from Sydney 11th December 1929

From Japan, China and Straits—by the sailing from Yokohama 11th December 1929

From East Africa—by the sailing from Beira 8th January 1930

From Bombay—by the sailing of 4th January 1930

From Colombo—by the sailing of 1st January 1930

From Calcutta—by the sailing of 4th January 1930

From Port Sudan—by the sailing of 23rd January 1930

From Malta—by the sailing of 22nd January 1930

From Aden, Port Said, Marseilles and Gibraltar—by the steamers taking sailings above mentioned

The above arrangements will not apply to transports and also to passengers travelling in P & O mail steamers or B I steamers engaged as freightships.

The application of the new system to passengers travelling in P & O mail steamers or B I steamers engaged as freightships (men) is under consideration by the Director of Sea Transport and further orders on the subject will issue in due course.

16223|Q 2

I A O 73 Accounting of Train Rations—Officers in charge of Supplies at entraining stations from which troop trains depart, will be responsible, under the orders of the Officer Commanding station, or, in the case of troops disembarking at a port, the Embarkation Commandant, for the rationing of troop trains for the whole journey. They will obtain a receipt from the Officer Commanding train for all ration articles issued

4th February 1930

and will prepare a ration return on the prescribed form (I A F S 1519) for subsequent audit by the Local Audit Officer. Troops travelling by the train will be considered one complete unit for the purpose of auditing the ration return. Train Orders, and subsequent amendments made thereto, will form the basis of adjustment of the Part II accounts of the Supply Depot at the entraining station. In the case of Reserve and Emergency Dry Rations an extra copy of the voucher will be given by the Officer in charge of Supplies at the entraining station to the Officer Commanding train. This copy will be signed by the I A S C officer at destination and will form the receipt of the Officer Commanding train.

2 Supplies are sometimes made *en route* by Officers in charge of Supplies from their stocks. In the case of such supplies, the Supply Officer will obtain a receipted copy of the voucher from the Officer Commanding troop train for his record and send one unreceipted copy to the Officer in charge of Supplies at the entraining station. The latter will account for these supplies in the ration return referred to in para 1 above. It will also be seen in Local Audit that these supplies have been duly accounted for in the ration return.

3 When supplies are issued by contractors to troops *en route*, Officers Commanding troop trains will give the contractor (or his agent) a receipt on I A F S 1520 retaining a copy signed by the contractor, and will on termination of the journey, send the latter copy to the Officer in charge of Supplies at the entraining station. The latter will include these supplies in the ration return referred to in para 1 above. The contractor will send the bill, for countersignature, to the Officer in charge of Supplies at the entraining station, who will endorse thereon particulars as to the ration return in which the supplies have been accounted for. The bill duly countersigned by the Officer in charge of Supplies at the entraining station, will be rendered for payment to the C M A in whose area supplies are made. After payment of the bill, the C M A will arrange for the necessary verification of credit in the ration return in communication with the C M A of the district in whose audit area the entraining station is located.

4 The Officer in charge of Supplies at the entraining station will be responsible for obtaining all necessary vouchers from the Officer Commanding troop train.

5 The procedure detailed above will apply only to troop trains proceeding to or from a port in connection with embarkation or disembarkation to which a kitchen car is attached.

I A O 589 of 1928 is cancelled

I A O 74 Purchase of Milk and Milk Products from Government Military Dairies. Reference I A O 684 of 1929.

Government Military Dairy delivery carts will invariably carry a saleable quantity of milk and butter for cash sales to the soldiers in barracks.

The milk cart will preferably be filled for a week before the delivery is made. It will be sent to the barracks for sale before the delivery is made.

4th February 1930

I A O 75 Condition of Public Clothing in Possession of British Units and Details Proceeding Overseas—Reference I A O 815 of 1929 Units will retain their known requirements of unserviceable greatcoats or coats, warm, to meet the requirements of drafts and details proceeding Home during the present trooping season

Unserviceable greatcoats and coats, warm, surplus to these requirements will be returned to the I A O C immediately

Units who have not sufficient unserviceable greatcoats or coats, warm, to issue to their drafts and details during the trooping season, 1929-30, will report at once to the clothing establishment on which dependent the numbers required to complete

to the condition laid down in paragraph 10 of the instructions on I A F L 1174 (imlough certificate) with regard to making his own arrangements for his onward journey on arrival

2 The necessary amendment to I A F L 1174 will be published in Amendments to Regulations, Books and Forms, dated the 1st February 1930

B 6589, A G

I A O 87 Equipment Ledgers—A new type of ledger has been designed which will supersede the following unit ledgers —

- (i) Unit equipment ledger (Peace and Mobilization)
- (ii) Station store ledger
- (iii) Internal Security stores ledger

2 The new ledger, which is designed to provide a separate sheet for each item of equipment to be accounted for, will be brought into use, in effect from the 1st April 1930

3 The ledger will be composed of the following I A Forms —

3	I A F O -1347—Cover (with lace for binding) (front and back covers)	1 per volume
3	1347 A—Contents sheet	1 per volume
2500	1347 B—Accounting sheet	1 per each head plus 5 per c spare
3	1347 C—Verification of equipment	1 per volume
3	1347 D—Statement of retrench ments	1 per volume
3	1347 E—List of documents re quired for audit	1 per volume
3	1347-F—Registered No of stores	1 per volume

4 The requisite number of forms will be issued, on indent by the Deputy Controller, Forms, Calcutta. Indents will be submitted immediately by all concerned, through the prescribed channel

5 In the case of I A F O 1347 B, the number of forms to be demanded will depend on the total number of items for which headings have to be maintained but each volume should contain approximately 2 headings, e.g., if a unit has to maintain 1200 headings, the number of volumes to be demanded will be 5. Calculations will be made separately for each of the ledgers detailed in para 1 above

6 The arrangement of the ledgers will follow that of the V O S (India) and the P V of Stores (India). In the case of sections of the V O S (India), the old vocabulary section numbers will be entered immediately after the new vocabulary section letter and, when the nomenclature of an item has been changed in consequence of the new vocabulary, the old nomenclature will be entered in italics below the new

I A O 91 Forms—I A F T 1727—Preparation of—[A F T 1727 and movement orders at the foot thereof are not in all cases being correctly prepared. Officers responsible for the submission of this form will ensure that full details, as below, are included in accordance with Trooping Rules issued with I A O 542 of 1929]

2 In the case of passages required for journeys within Indian limits, application will be submitted to the authorities mentioned in para 42 of the Trooping Rules. One copy of the movement order at the foot of the form is required to be rendered to the shipping agent with passage requisition forms (I A F T 1727) for submission to the controller of military accounts for audit.

3 Information as regards the appointment, unit or formation, the stations from and to which the individual is proceeding and the point of disembarkation will be included in the remarks column of I A F T 1727, and a copy of the order authorising the move will also be attached thereto *vide* I A O 337 of 1923.

4 The movement order at the foot of I A F T 1727 will be completed to show details of families and the number of servants for whom passages are required, and, when the number of individuals travelling is too great to allow the names and particulars to be shown on the movement order, a separate roll signed by the administrative officer authorising the move will be attached to the form, *vide* I A O 499 of 1928.

5 Particulars as regards ages and sex of children will be shown on the application and the movement order, and in the case of adult daughters a certificate to the effect that they are unmarried will be furnished thereon.

6 The paragraph in Passage Regulations under which passage is admissible will be included in the passage application, also in the movement order, and the specific nature of the duty will be briefly stated as required by paragraph 47 of the Trooping Rules.

7 In the case of an individual proceeding to or returning from an examination or course of instruction the certificate prescribed in I A O 186 of 1926 is required to be revised as laid down in paragraph 182 Passage Regulations, and endorsed on the movement order as under—

“Certified that this is the first occasion on which ‘Rank, Name etc.’, is attending the ‘Course of Instruction, or Examination’.”

Note—The particular examination or course of instruction only will be mentioned. Details of the particular station or the school of instruction are not required.

8 When passage between Karachi and Bombay is arranged for Indian ranks and class I followers granted furlough a certificate will be endorsed on, or attached to the movement order, as under, as required by item 72, Appendix XVII F R Part II as amended by correction slip No 213 of May 1929.

“Certified that the man/jmen referred to, who proceeded on furlough as distinct from leave or casual leave, has/have over two years service, is/are within the percentage authorised in paragraph 931 (i), Regulations for the Army in India, and that he/they was/were not or will not be permitted to proceed on leave (as distinct from furlough) except as provided for in paragraph 931 (ii) *ibid* during the course of the year nor did he/they proceed on furlough during the previous year.”

- No 33567, dated 3rd January 1930, received 27th January 1930
- No 33568, dated 7th January 1930, received 27th January 1930
- No 33569, dated 10th January 1930, received 3rd February 1930
- No 33570 dated 14th January 1930, received 3rd February 1930

I A O 102 Extracts from Secretary of State's Weekly List No dated the 16th January 1930—Extracts from Secretary of State's Weekly List No 3, dated the 16th January 1930, of Military Officers, etc of Indian Establishment permitted to return to duty, granted extensions leave, or retiring from the service, etc, are issued with this Order

06467 I/M S 3

I A O 103 Vacancies in the Indian Army Service Corps—It is anticipated that owing to the mechanization and re organization of the Indian Army Service Corps, from 20 to 30 vacancies for officers will occur in the Corps during the next few months

2 Applications from qualified officers of the British and Indian Services are now invited for registration with a view to appointment to the I A S C as vacancies occur

3 Officers in the following categories are eligible for consideration

- (a) Officers of the Indian Army and Officers of the British Service serving in India of between 3 and 10 years' service (see para 65 R A I)
- (b) Officers of the Indian Army of between 10 and 15 years' service possessing M T technical qualifications e.g., "A M I M F" or equivalent [A 1 (I) B 79 of 1929]
- (c) British Service Officers commissioned between the 1st September 1918 and the 31st December 1920 [A 1 (I) A 12 of 1929]

4 Details regarding the terms and conditions of service rates of pay etc, may be obtained from D Ds, S & T Commands A Ds S & T, Districts and D A Ds S & T Independent Brigade Areas

28th February 1930

I A O 104 Results of Courses at the Chemical Warfare School, Porton—The undermentioned officer qualified at the Chemical Warfare School, Porton, at the course held from the 25th November to the 18th December 1929 —

Captain L B Jones, 4th Bn, 6th Rajputana Rifles (Outram's)

20066[G S, MT 2

I A O 105 Maps—Rectangular Grid—In order to conform to the metric system, and to provide a reference system which to work with rectangular co ordinates, it has minute *mesh*, as now surprinted on Indian maps, and described in I A O 724 of 1924, by a rectangular *GRID*

For financial reasons it is not possible to make a complete and immediate change from one system to another, and the minute *mesh* will be retained alongside the rectangular *GRID* for several years. The change to rectangular *GRID* will be made gradually as maps come up for revision or reprint. When the gridded edition of a sheet is published, this will be notified in order, and all meshed copies of that sheet will be destroyed.

2 The rectangular *GRID* system to be employed is the modified British system, a description of which is given in Section 45 of the "Manual of Map Reading, Photo Reading and Field Sketching, 1929"

28976[G S, MO 3 Maps

I A O 106 Recruiting—Indian Army—Some doubt appears to exist on the question of the enrolment of members of the I T F in the Indian Army, and the following procedure will be followed by recruiting and enrolling officers when such men present themselves for enrolment —

The enrolling officer will proceed with the enrolment of a person who acknowledges that he belongs to the I T F, provided he is satisfied that the person concerned has the consent of his commanding officer. Should any doubt exist, the consent will be obtained, if necessary, by telegram. Unless there are very special reasons against enrolment in the Indian Army, e.g. a disciplinary case against the person, consent will not be refused by the O C, I T F corps or unit. Discharge for this purpose will be carried out under the provisions of I T F Rule 11 (2) (c) or 13.

B 8162 A G 6

I A O 107. Judge Advocates' Examination—As a tentative measure, for a period of three years from the 1st January 1931, an examination for Judge Advocates will be introduced. The examination will be held 1st and 2nd years on the 2nd Monday in January and July.

2 Officers of the Indian Army, who, on the date of examination have completed not less than eight and not more than fifteen years' service, will be eligible to present themselves for the examination. An officer will not

28th February 1930

be permitted to present himself unless he has obtained permission to do so not less than six months prior to the date of the examination from the Judge Advocate General in India, to whom application will be submitted through Brigade District and Command Headquarters. Permission will be granted only to officers who are recommended as in all respects suitable for appointment as Judge Advocate under paragraph 261 of the Regulations for the Army in India.

Not more than 5 candidates will be allowed to present themselves for any one examination and not more than 8 candidates in each year.

3 The examination will comprise the same subjects as the preliminary examination for the Judge Advocate General's Department, particulars of which are given in Appendix XXIV to Regulations for the Army in India. Further information regarding the scope of the examination may be obtained from the Deputy and Assistant Judge Advocates General of Commands.

4 In order to qualify, a candidate must obtain 80 per cent of marks on the whole examination and not less than 65 per cent in any one subject.

5 Qualification in the examination will entitle the candidate to a reward of Rs 1,000 and will make him eligible for appointment to the Department of the Judge Advocate General in India. It will exempt the candidate from the necessity of taking subject (d) (i) Part II in the examination of Captains for promotion to Major, and will be taken into consideration in the selection of officers for junior A's staff appointments.

RULES GOVERNING THE GRANT OF SCHOLARSHIPS FROM THE INDIAN ARMY SERVICE CORPS FUND (INDIAN).

The Scholarships shall be known as "I A S C Fund (Indian) Scholarships" and shall not exceed a total of 7 grants annually.

2 The scholarships shall be awarded annually by the Committee, and the President I A S C Fund (Indian), will communicate the awards to the commandants of the two schools, a copy of the letter being forwarded to the Chief of the General Staff, Army Headquarters, for information.

Prior to the meeting of the committee to consider the annual awards, the commandants of the two King George's R I M Schools will, on enquiry, inform the President, I A S C Fund (Indian), as to the numbers and names of the pupils concerned who are already in receipt of Prince of Wales's Scholarships or other military scholarships.

3 The following shall be eligible for the scholarships —

(a) The sons and paternal grandsons of men who have served and are still living or are serving in I A S C units.

(ii) In the event of a scholarship holder becoming entitled to all free concessions referred to in A I (I) 527 of 1925, paragraph 15, such scholarship will lapse and be re-awarded to the next deserving pupil from the date on which the holder ceases to be a free-paying pupil.

4 A scholarship will be granted for one year only after which it may be continued year by year or withdrawn at the discretion of the committee, and be awarded to a new candidate.

5 The 7 scholarships will normally be divided in the proportion of 5 to 2 between King George's Royal Indian Military Schools at Jhelum and Jullundur, respectively but the President may in any given year use his discretion in allotting scholarships between the two schools in accordance with the suitability of candidates.

6 When granting scholarship, careful enquiry will be made regarding the financial position of the families to which candidates belong, and when the question of renewing a scholarship for a further year arises the nature of the report upon the candidate in question received from the commandant of the school, will be taken into consideration.

7 The amount of each scholarship shall be assessed at rupees sixty-seven annas eight (Rs. 67 8 0). The amount or amounts will be remitted annually on the 30th September to the Controller of Military Accounts concerned (C M A Rawalpindi in the case of the Jhelum School and C M A, Lahore, in the case of the Jullundur School) for credit to the commandant of the school concerned who will devote the money to the payment of fees of scholarship holders.

I A O 126 Funds—The following rules are laid down for the maintenance of regimental clothing allowance funds constituted with reference to A I (I) B 97 of 1929 —

- 1 The fund will be financed from the deductions made from individuals through pay and mess books with reference to para 3 of the above A I (I)
- 2 These funds will be administered as regimental funds and transactions connected therewith will not be passed through the public accounts
- 3 Individual Running Accounts, a specimen form for which is reproduced with this Order, will be maintained for each squadron and company
- 4 These forms, interleaved like the pay and mess book, so as to admit of a year's account being maintained on one folio, will be bound in books of required size
- 5 The opening balance will be the balance of each individual's account on the first of the month in which the book is taken into use. Normally there should not be any debtor balance. If there is any, it should be shown in the same column in red ink
- 6 Numbered receipts for payments made to individuals through the "cash payment" column will be maintained in a "receipt" or "guard book", and the number of the cash receipt will be entered against the corresponding payment
- 7 Ordinarily cash payments on account of clothing allowance will be made by short recoveries through the Pay and Mess Book in accordance with Rule 1 above. The "cash payment" column in the form is intended to be used chiefly when the account is finally closed or when exceptional payments are considered necessary
- 8 The individual running account will also serve as the squadron or company commander's clothing allowance fund account and the total of the balance shown therein will correspond with the balance for that month of the squadron or company account entered in the regimental treasure chest ledger

8th March 1930

- 9 The forms on which individual running accounts are maintained will be printed at the expense of units and the cost will be debited to units' office funds or to any other public fund.

I. A. O 128 Supply, repair and renewal of artificial limbs for pensioners: Officers, disabled or pensioned soldiers and public followers—The following instructions are issued in amplification of those contained in I. A. O 827 of 1928.—In cases where a pensioner claims replacement of his artificial limb which has not lasted its estimated average life, a court of enquiry will be convened for the purpose of deciding whether the damage to the limb is due to fair wear and tear or to circumstances beyond the control of the pensioner. If the court recommends the replacement of the artificial limb on either of the above grounds a copy of the proceedings of the court of enquiry, duly countersigned by the A D M S concerned, will be forwarded to the A D M S, Bombay District, together with the application for permission to transfer the case to the Indian Military Hospital, Bombay.

* Not eligible for reward

The basic rule in regard to admission of pay and allowances during the privilege leave period is that an officer on privilege leave is to be treated and allowed the same emolument as if he were present at duty, provided no extra expense is caused to the State thereby, *vide* paragraph 63 *et seq* of Pay and Allowance Regulations Part II and the definition of the term "on duty" in Army Regulations India, Volume X. The determining factor for applying this rule in the case of an officer *officiating* in an appointment and taking privilege leave therefrom when the pay or staff pay thereof becomes available only subsequent to his proceeding on leave, is whether he would have continued to officiate in that appointment if he had not proceeded on leave. This depends on whether or not the officer who fills the appointment in the absence on leave of the officiating officer, has a superior lien on the appointment. If he has such a lien he will draw the pay of the appointment, otherwise the officer on privilege leave will draw it.

The rule contained in para 90 (a), Pay and Allowance Regulations, Part II, does not apply in cases where privilege leave is taken during the currency of an officiating appointment but operates only when privilege leave is taken at the termination of the officiating appointment.

INDIA ARMY ORDERS

I A O 137 Extracts from Secretary of State's Weekly List No 5 dated the 30th January 1930—Extracts from Secretary of State's Weekly List No 5, dated the 30th January 1930, of Military Officers, etc of the Indian Establishment permitted to return to duty, granted even on leave, on returning from the service, are issued with this Order

06467 I MS 3

I A O 138 Army Rifle Association India—A list of successful competitors at the King's Medal and Army Rifle Championships (India) 1929 30, held at Meerut on 10th to 14th February 1930, is issued with this Order

28411/G S, MT 1

I A O 139 Senior Officers' School, Belgaum—Officers attending courses of instruction at the Senior Officers' School, BELGAUM, will proceed to POONA for the first two days of each course, for the purpose of witnessing various practical demonstrations by troops at that station

In this connection all instructions will be issued by the Commandant, Senior Officers' School, direct to officers concerned

29151 G S, MT 1

I A O 140 Dress—Wearing of uniform by warrant officers Class I on discharge—War Office letter No 54 (Misc) 2681 (A G 4 A), dated the 20th January 1930, is republished below —

1 I am commanded by the Army Council to acquaint you that it has been decided to resume the pre war custom of permitting Warrant Officers, Class I, of the Regular Army with not less than 5 years' service in the substantive rank, and who merit the privilege being granted, to wear the uniform of their regiment or corps on discharge subject to the condition that the wearing of uniform is restricted to special occasions other than political

2 The power of approving of this privilege is delegated to General Officers Commanding in Chief, as defined in paragraph 19 (b) (i), King's Regulations. Permission is not to be granted as a matter of course and each case should be treated on the recommendation submitted by the Officer Commanding the unit to which the Warrant Officer, Class I, belongs

3 The grant of this privilege will be recorded in red ink on the inside of the front cover of Army Form B 308 (Certificate of Service), by the officer carrying out the discharge as "granted the privilege of wearing uniform on special occasions other than political"

12th March 1930

A similar entry will be made at the head of page 2, Army Form B-268 (Proceedings on transfer to the Army Reserve and Discharge)

4 The instructions contained in paragraph 262 Clothing Regulations Part I, 1926, will be modified to admit of Warrant Officers, Class I, who are given permission to wear uniform on discharge, to retain all articles of "personal" clothing in their possession when quitting the service

B 8885 A G-11

I A O 141 Jewish Festivals—War Office letter No 112 Gen [4153 (AG-4 A), dated the 31st January, 1930, is republished below These instructions will apply to the Army in India

I am directed to acquaint you that, provided the exigencies of the Service permit, approval is given for leave to be granted to all Officers and Other Ranks of the Jewish Persuasion who may be desirous of observing the undermentioned Sacred Festivals during the current year, and to request that you will be good enough to issue the necessary orders to that effect —

FEAST OF THE PASSOVER	April 13th to April 20th
FEAST OF PENTECOST	June 2nd and 3rd
NEW YEAR	September 23rd and 24th
DAY OF ATONEMENT	October 2nd

I A O 142 Accounts—Remittance of mess fees to the Headquarters Sergeants' Mess Royal Army Ordnance Corps Hilsea and payment of monthly mess subscriptions Mess fees in the case of Warrant Officers Staff Sergeants and Sergeants of the Royal Army Ordnance Corps employed in India, will be remitted by the officer commanding the individual concerned direct to the Headquarters Sergeants' Mess Royal Army Ordnance Corps, Hilsea Such remittances will not be made through the medium of public accounts

Warrant officers, staff sergeants and sergeants of the Royal Army Ordnance Corps, who are attached to regimental units, will pay the monthly mess subscriptions to the sergeants' mess of the unit to which they are attached

Amendments to paragraph 1410 (1) (m) King's Regulations for the Royal Army Ordnance Corps are hereby made

1 - 11 - 11

I A O 143 Demands for stores (M T 2-773) - 11 - 11

12th March 1930

not be marked "urgent" unless a real necessity arises, as such demands disorganise the normal work of the Depot and thereby cause delay in complying with normal demands

2 Demands marked "urgent" will be given priority over normal demands and stores will be despatched by the first available goods train

3 Stores are not despatched by passenger train except in cases of emergency, *vide* paragraph 6 II, Regulations for the Army in India. In the event of such emergency, demands should be specially marked to the effect by the indenting unit

48,000 Q 9

I A O 144 Indents—With reference to instructions for submitting indents, as laid down in E R I, Part I, 1927, although separate sheets are required for each section of the vocabulary of ordnance stores and clothing, these separate sheets may be combined under one indent number subject to the proviso that separate indents are submitted for the following classes of stores —

- (i) Quarterly or half yearly condemnations
- (ii) Annual allowances
- (iii) Station stores
- (iv) Clothing and necessities
- (v) First issues to complete authorised scales
- (vi) Payment demands
- (vii) Items under the Repair Allotment Scheme (in duplicate)
- (viii) Items under the Equipment Allowance Scheme (in duplicate)

13858[M G 13 A

I A O 145 Straps, steadying "Sam Browne"—Straps, steadying "Sam Browne", will no longer be equipment for troops in India. Those held on charge may be retained and disposed of to the best advantage

2 Equipment Regulations will be amended

13893[M G O 10

I A O 146 Forms—Amendments to I A F T 1720—Pending a reprint of I A F T 1720 (Original Ticket Requisition) for soldiers of the Indian Army proceeding on leave or furlough at Government expense the following amendments are published

After the first clause of "Instruction (iv)" on I A F T 1720 insert the following two clauses —

"When it is definitely known that a leave or furlough man (or men) will return to a different station to the one from which the individual(s) proceeded, the words 'and issue

12th March 1930

return journey vouchers separately for each man ' as well as the portion relating to such vouchers at the bottom of the form should be deleted. In such cases the Station Master will issue tickets for the outward journey only. A warrant will be provided for use on the return journey "

" Where it is not known that the men will return to a different station and where, therefore a return journey voucher for the starting or original station has been issued, a warrant for the journey to the new station will be sent to the men, who will be instructed to bring the return journey voucher back to the unit. On receipt by the unit of the return journey voucher, the unit will claim from the railway concerned a refund of the fares involved to be credited to Government "

2 These additional instructions will be included in the next reprint of the form on and after July 1930

Rules for Games and Sports in the Army in India, 1929

Page 243, para 10, is reconstructed as under —

10 To "Stagger" the start for various races and distances the under-mentioned methods should be employed —

A For 220x Relays, run backwards and forwards round half the track in lanes

- (a) From the Starting line in the centre of the home straight measure back along the outside edge of the track 220x
- (b) Join this point to the inner end of the centre line of the back straight where it meets the inner edge of the track (All points on this line will be 220x from the opposite start line)
- (c) Draw lines at right angles to the lanes through the centre of this diagonal line in each lane. This gives the start line in each lane
- (d) Rub out the diagonal line in (b) above

A B—The same method should be employed for staggering the start for a tangent 220x

B For Relays of 440x and 880x run round the track

In these races the start for the whole team is given to the first man, and the subsequent hand overtakes place anywhere within the allotted Station

- (a) Reference diagram on opposite page—with point A as centre and radius 45x describe an arc across the track. Mark the points where the arc cuts the inner edge of each lane
- (b) Measure the distance of these points from the Starting line and multiply them by seven. This will give the distance in front of the start line for the "Stagger" in each lane
- (c) Draw start lines in each lane, at the distances obtained in (b) above, at right angles to the edge of the lanes. This gives the Staggered Start for the first man in each team in each lane

I A O 152 Recruiting—Indian Army—In continuation of the Army Department letter is published with I A O 597 of 1928, Army Department letter No A/49680 6 (A G 6), dated the 27th February 1929, published below —

Extension of the period for the grant of subsistence allowance annas a day to certain categories of enrolled fallen candidates awaiting the result of carrier examination before their rejection

I am directed to refer to Army Department letters No A/49680 6 (A G 6), dated 16th August 1928 and A/49680 4 (A G 6), dated 1st May 1929, on the above subject, and to say that the Government of India has decided that the period of ten days prescribed in the letters quoted above during which (i) coolies and water carriers (all arms) and (ii) wounded (Indian Army Service Corps), may be granted subsistence allowance Rs 0-4-0 a day while detained to undergo the "carrier examination" enteric or dysentery before enrolment or rejection may be extended at the discretion of the medical authority concerned and on a certificate from that authority, to such further period as may be found necessary to complete the examination.

A 49680 A G 6

I A O 153 Guns machine Vickers 303 inch—Adapter condenser steam—Units, in some instances, remove the adapter, condenser steam from Vickers machine guns, for checking and cleaning purposes. This practice will cease forthwith.

2 The adapter is specially fitted to its own gun and correctly positioned by means of a test plug. Its subsequent removal for checking and cleaning renders this special fitting useless.

3 When it is necessary to replace the adapter owing to unserviceability the spare adapter will be correctly positioned and fitted to the gun by the unit armorer. The positioning will be carried out by means of the test plug, which is authorized 'on loan' from the Arsenal on which the unit is dependent. (The Equipment Regulations (India), Part I Appendix Table 11)

M G O Case No 120

I A O 154 Equipment Ledgers—Consequent on the introduction of the revised ledgers for units (I A O 87 current), I A O 111 of 1928 is cancelled.

No 33582 dated 21st February 1930, received 17th March, 1930

I A O 170 Extracts from Secretary of State's Weekly List No 8 dated the 20th February 1930—Extracts from Secretary of State's Weekly List No 8, dated the 20th February 1930, of Military Officers, etc., of the Indian Establishment permitted to return to duty, granted extensions of leave, or returning from the service, etc. are issued with this Order

06467 I/M S.

I A O 171 Indian Pioneer Battalions Military Training—Instructions regarding the role in war, the standard of, and responsibilities for, training of active pioneer battalions are as hereinafter stated

1 *Characteristics and role of pioneers*—Pioneers are primarily technical troops and are maintained and trained in peace for their technical duties in war

Although trained as fighting troops they should be employed as infantry only as a last resource, casualties are not easy to replace and they may become needlessly involved in the fighting and lost for work which may have an important bearing on the operations

When engaged in actual fighting pioneers should be allotted a definite task such as the defence of a certain locality the protection of an exposed flank or in very exceptional cases the delivery of a counter attack etc. It is essential that they should be released as soon as possible, in order that they may resume their normal duties

25th March 1930

2 Technical Training—The syllabus¹ of training for pioneer recruits is contained in I A O 241 of 1929. The syllabus for the annual field works training for active pioneer battalions is issued by the General Staff at Army Headquarters.

In order to permit of the carrying out of this syllabus a carefully devised programme is necessary. This will be prepared in advance for the whole year, and approved by the C R F of the district, if the battalion is in its war divisional area, the programmes of other battalions will be approved by the chief engineers of commands.

Every man will complete the course shown in the syllabus annually, unless unavoidably prevented from doing so, with the following exceptions —

- (1) Personnel of battalion headquarters
- (2) Personnel of company headquarters

Reasons for the non completion of the course by any other men will be shown in detail in the Technical Report (I A F I 1134).

Registers will be kept by platoon commanders showing how many days of the annual field works course each man completes, with the reason for non completion of any portion.

Except at the request of the O C battalion pioneer officers and men will only be called on to undergo courses contained in "Courses of Instruction (India)".

Battalions will normally be reserved for divisional or inter brigade manoeuvres and will only be taken for brigade training when there is work for them in their technical capacity.

Apart from their annual course of field works, pioneer battalions will be given every opportunity to carry out work for the M F S, etc, under the rules in R A I Appendix XXVI.

Except in cases of emergency they will not be employed on unskilled work which is not of a technical training nature. Should such cases arise working pay as laid down in P and A Regulations Part I paragraph 88 (iv), will be admissible.

Nothing in the above is to be held to prevent the employment of pioneers on any work for military purposes.

Such work will be carried out under the orders of the district or independent brigade commander, who will decide what, if any, remuneration will be given.

3 Training as infantry—Pioneers will be trained to act as infantry in order to carry out their duties as fighting troops with the limitations laid down in paragraph 1 of this order. Their training therefore will not extend beyond company training.

4 Responsibility for training—Pioneers will be trained under the directions of the commander of the district or independent brigade in which they are serving at the time.

Officers will be given every opportunity of attending district and divisional exercises.

In addition to such exercises in the own area the C O will be responsible for a battalion not stationed in its war district will whenever possible attend that district's exercises and manoeuvres under the war C O's direction.

25th March 1930

The Brigadier R E, A H Q, will carry out the technical inspection of pioneer units to ensure —

- (a) that technical training is carried out on the correct lines and that the unit is technically efficient,
- (b) that technical equipment and stores are complete and maintained in a serviceable condition.

Copies of technical inspection reports will be sent to the command concerned

5 In all tactical training and exercises pioneers will be employed as far as possible in accordance with their technical role

O's C pioneer battalions will however, take opportunities of attaching their officers to infantry and other arms in order to improve their military knowledge generally and to further co-operation between pioneers and other arms of the service

C Administrative inspection of pioneer battalions will be carried out by the commander of the brig des etc in which they are serving

I A O 175 Training of Machine Gunners in British Units—Reference I A O 278 of 1928

1 It has not been possible to draw any accurate conclusions from the figures submitted with the reports called for in I A O 580 of 1929. This is due to the fact that the reorganisation of cavalry and infantry units only came into force in India in July 1929.

2 G O Cs in C commands and Burma District will forward a consolidated report by regiments and battalions in their commands in accordance with the *pro forma* issued with this Order.

3 Only returns of British cavalry and infantry units are required.

4 G O Cs in C will, in addition, forward a report as to how they consider the procedure outlined in I A O 278 of 1928, para 3 (i) and (ii), has been found to work.

5 These reports will be despatched so as to reach Army Headquarters by 15th May 1930.

I A O 177 Recruiting—Indian Army—The following amendment to paragraph 21, Regulations for the Indian Supplementary Reserve (Appendix XLIII—Regulations for the Army in India), has been approved and will be published in due course —

Paragraph 21—*Insert* the following new item in the table annexed to this paragraph as item (1a) —

“(1a) At his own request for enrolment in } Ditto ”
the Regular Army

2 The above amendment which authorizes the discharge of an Indian supplementary reservist to enable him to enrol in the Regular Army will, it is hoped popularise recruiting for the Indian Supplementary Reserve. This amendment has been made, since, hitherto, the fact that a man was a member of this Reserve, prejudiced his chances of obtaining permanent employment in the Indian Army.

I A. O 211 Ranges—In all cases where the danger area behind a range does not fulfil the requirements laid down in Small Arms Training, Vol III, Chapter II, Section 7, a board composed as laid down in Section 3 (a), para 1, 'Additions for India' of the above manual, will be held to recommend what additional precautions within the financial resources available in command can be taken to make the range reasonably safe, such as forbidding of individual battle practices, increasing the height of the stop butts, etc

2 Provided the recommendations of these boards are approved by the district commander and are carried out, Army Headquarters will accept the responsibility of any accident, which may occur, due to the danger zones not complying with the conditions of Small Arms Training, Vol III, Chapter II, Section 7

3 Any new ranges constructed in future will, however, strictly comply with these conditions

I. A. O. 212 Examinations—British Army Special and First Class Certificates of Education—Greater care is necessary in regard to the completion of Army Forms C 379 and C 379 A (Nominal roll of candidates, and results of examination for the army first class and special certificates of education). In regard to the October 1929 examination the War Office have reported that, with very few exceptions, column 5 of A F C 379 A were not filled in and so field staffs wrote there and when the candidate qualified for the first class certificate or passed in subjects leading to the special certificate. The absence of this information caused a considerable amount of work to the War Office at the time and delayed the issue of the results of the examination.

2. It has been decided therefore, that commencing with the examination to be held in March 1931, the present procedure in regard to the disposal of Army Forms C 379 and C 379 A will be cancelled and the forms will be disposed of as follows—

- (a) Original and duplicate copies will be forwarded by districts and independent brigade areas to commands, where they will be checked.
- (b) After the forms have been checked the duplicate copies will be forwarded by commands direct to the Director of Military Training (MT 2), The War Office, London, S W 1. The original copies will be returned by commands to districts and independent brigade areas ready for use by the supervising officers at the examination. On conclusion of the examination they will be forwarded by the various supervising officers, direct to the Director of Military Training (MT 2), The War Office.
- (c) The original copies of Army Forms C 379 and C 379 A, showing the marks awarded to the candidates together with the special and first class certificates awarded will be forwarded by the War Office direct to commands for disposal.

3 The procedure for submitting Army Form C 318 (Return of the number of W O's, N C O's and men to be examined for the first class and special certificates of education) will remain as at present, i.e., the forms will be forwarded direct to the War Office by districts and independent brigade areas.

4 Examination papers will be sent by the War Office direct to centre.

5 Commencing with the March 1931 examination each command will be allotted the following index numbers—

Eastern Command I 1 to I 1500
 Northern Command I 1501 to I 3500
 Southern Command I 3501 to I 5000
 Western Command I 5001 to I 6500

6 Army Forms C 379 and C 379 A are being revised in accordance with the above.

I A O 213 Movement of Troops during the Trooping Season, 1930-31—War Office letter No 120[General]2 (A G 2 a), dated the 13th March 1930, containing instructions for the return to the United Kingdom, during the trooping season 1930 31, of time expired soldiers serving in overseas garrisons, is republished below

B 9385[A G -1

I am commanded by the Army Council to inform you that, insofar as can be foreseen, the return to the United Kingdom during the Trooping Season 1930 31, of time expired soldiers serving in overseas garrisons will be effected as under, viz —

All soldiers whose colour service (exclusive of the further period of 12 months when on service beyond the seas, under Section 87 of the Army Act), will expire before the dates shown below for their Arm of the Service, will be returned to the United Kingdom during the Trooping Season 1930 31, for discharge or transfer to the Army Reserve, as the case may be —

Royal Corps of Signals	1st November 1930
Infantry of the Line	1st November 1930
Royal Army Medical Corps	1st November 1930
The Army Dental Corps	1st November 1930
Other Arms of the Service	1st April 1931

This information should be communicated to all concerned and is being promulgated in advance of the normal procedure, viz in Part II of the annual Army Council Instruction for "Movement of Troops during Trooping Season" (see pamphlet issued with Army Council Instruction 291 of 1929, for the Trooping Season 1929 30) in order that the soldiers concerned may have the fullest possible opportunity of making their individual arrangements for return to civil life.

I A O 214 Ecclesiastical—The Soldiers' and Airman's Christian Association Convention (South), will be held in the S A C A furlough home Wellington South India from the 5th June to the 8th June, 1930 both dates inclusive.

Men belonging to the Association will be given every facility to attend the Convention.

2 His Excellency the Commander in Chief directs that brigade and unit commanders should take steps to put a stop to this disregard of Dress Regulations

B 9326|A G 11

I A O 201 Accounts—Indian—With reference to Note 5 to Appendix XXII A, Regulations for the Army in India, it has been observed that in several instances that portion of the note printed in italics relating to remittances being made to the United Kingdom for purchases, etc., has been misinterpreted by units of the Indian Army

The facilities granted by the abovequoted rule are strictly limited in their purpose, i.e. remittances can only be made through accredited banks in India of such portions of regimental funds as may be actually required for purchases, payment of subscriptions, etc. The maintenance by units of a regular current or deposit account with branches of the Imperial Bank of India, or any other bank, in the United Kingdom, is not permissible. Such accounts, where maintained, will be closed forth with

B 5472|A G 13

I A O 202 Advances—Motor vehicles purchased with advances obtained from Government have not always been re insured at the proper time on the grounds that negotiations were pending regarding their sale or that the vehicles were stored and not in use. Para 34, Pay and Allowance Regns, Part II, clearly provides for the continuous insurance of such vehicles, and any violation of the rule will render the individual concerned liable for the refund in one sum, of the amount outstanding against him, together with the interest accrued thereon

14846|Q 2

I A O 203 Reliefs—Royal Army Ordnance Corps Personnel—Trooping Season, 1930 31—Officers concerned will render to the Director of Ordnance Services, Master General of the Ordnance Branch, Army Headquarters, India, by the 25th April 1930, a nominal roll (on I A F Y-1918) of officers and all ranks of the Royal Army Ordnance Corps (Ordnance Mechanical Engineers, Armament Artificers, Armourers, Blacksmiths, Turners, Coppersmiths and Acetylene Welders) who are due for transfer to the Home Establishment on completion of their five years' tour of service in India or abroad, or on completion of Army Service, during the Trooping Season, 1930 31

2 Dates of completion of Army Service or of completion of tour of service, and in the case of married ranks, the number of children with their ages will also be shewn

9th April 1930

3 Any applications for extension of tour should be submitted at the same time. Commanding Officers should ensure, as far as possible, that recommendations made on this account are final as any alteration causes inconvenience both to Army Headquarters and the War Office

13900/M G 2

I A O 204 Recruitment—B O Rs, I A O C—With reference to India Army Order No 730 of 1927, owing to reduction in the strength of the I A O C, it is unlikely that any vacancies will occur for at least another year. There is a long waiting list of applicants, some of whom will be overage before a vacancy for their appointment will occur. No application for appointment to the I A O C will be entertained until 1st April 1931, and Officers Commanding will intimate to the Director of Ordnance Services, Army Headquarters, the names of any V C Os who wish their applications cancelled.

I A O 228 Spine Protectors—The scale of allowances for British troops in India includes a spine protector

23rd April 1930

It is considered that this spine protector serves no useful purpose in the prevention of sunstroke and further that its use possibly promotes heatstroke as it prevents free ventilation and evaporation

In order to determine whether the deletion of spine protectors from the scale of necessities for British troops will be beneficial spine protectors will not be worn during the ensuing hot weather

Expressions of opinion will be submitted by commands and independent districts to reach Army Headquarters by 1st December 1930

13663/M G 12.

I A O 229 Drawers—Provided that there is no extra expense to the state, British troops may maintain and wear drawers, cotton, as an optional item of wear. The flannel drawers included in the authorised scale of necessities will continue to be maintained

I A O 238 Replacements for the Boys of British Cavalry and Infantry Units serving in Overseas Garrisons during the Trooping Season, 1930 31—War Office letter No 27|Misc |5451 (R|A G 1 c), dated the 26th March 1929, containing particulars of the procedure to be adopted by officers in charge, cavalry and infantry Records and officers commanding, Infantry Depots for the replacement of boys in cavalry and infantry units during the trooping season, 1930 31, is republished below for information

2 War Office letter No 27|Misc |5451 (R|A G 1 c) dated the 27th March 1929, was republished in India Army Order No 279 of 1929

B 9623|A G 1

I am directed to refer to War Office letter of above number dated 27th March 1929, relative to the enlistment of boys for Cavalry and Infantry units serving overseas and to inform you that the following steps will be taken to obtain the number of boys required for despatch overseas during the trooping season, 1930 31

2 The Officer in charge, Cavalry Records and Officers Commanding, Infantry Depots (in consultation with Officers in charge, Infantry Records) will arrange for the enlistment, for each cavalry regiment and infantry battalion serving overseas, of sufficient boys to fill all vacancies due to occur, within the authorised establishment of boys, up to the end of the trooping season, 1930 31

3 Officers Commanding, Cavalry Regiments and Infantry Battalions due to proceed overseas during trooping season, 1930 31 may also arrange for the enlistment of a number of boys equal to the number due to attain man's service, within the authorised establishment of boys, up to the end of that trooping season, provided such boys will be eligible under current drafting conditions to embark with their units

4 The boys enlisted as above although in excess of the establishment of boys, must be borne within the establishment of other ranks of the Corps concerned. They should be selected with a view to their eligibility for drafting overseas during the ensuing trooping season, and those referred to in paragraph 2 should be included in the first drafts proceeding to their respective units provided they then fulfil the conditions for drafting

5 No boys will be enlisted under the authority of this letter prior to 1st April 1930. A F B 203 will not be required provided the boys are physically fit and eligible in all respects

6 The following units are excluded from the provisions of this letter —

(a) units due to return from foreign service during trooping season, 1930 31

(b) units serving on a short tour of foreign service

2nd May 1930

I A O 239 Engineers—Transfers to the Corps of Royal Engineers from British units in India—The following list of trades for which volunteers for transfer to the Corps of Royal Engineers can be considered will be substituted for the list published as an annexure to I A O 239 of 1929—

Applications can also be considered for Class 1 tradesmen of armed and R I Corp trade

B 9515 AG 3

2nd May 1930

Whenever the Mk I* No 1 or Mk I* No 2 adjusting screws are assembled to the attachment the following adjustment will be observed, in place of the adjustment outlined in the first three paras of instructions for adjustment in the appendix to A I (I) 980 of 1925 —

Adjustment when fitted with "Screws Adjusting Mk I* Nos 1 and 2"

The weight required to withdraw the recoiling parts of the gun to the rear when tested by the pull of a spring balance applied to the boss of the crank handle should not exceed 2 lbs (fusee spring removed)

The weight of the fusee spring when tested by the pull on the crank handle should be between 7 and 9 lbs

The adjusting screw of the muzzle attachment should first be screwed inward until it just touches the muzzle cup. The feed block should be removed during this operation so as to be able to see that the recoiling portions are not forced to the rear. The adjusting screw should then be unscrewed $2\frac{1}{2}$ turns and secured in position by the nut, it is important that the fusee spring should be properly assembled to the gun during this adjustment. No further adjustment of the adjusting screw should be made and any adjustment found necessary during firing should be carried out on the fusee spring as in the service gun.

2 It is impressed on all commanding and other officers, who have to correspond direct with the Kashmir state authorities in connection with verification rolls that —

- (a) they should write *only* to the three officials specified in the table on the reverse of India Army Form K 1152, *viz*, (1), the Governor of Jammu, Jammu, (2) The Governor of Kashmir, Srinagar, and (3) The Wazir of Poonch, Poonch, as the case may be and to no others,
- (b) they should address the covers to the abovementioned officials correctly, *viz*, as specified in sub para (a) above,
- (c) any subject which obviously cannot be dealt with by the officials cited above should be referred to the Resident in Kashmir and not to any official of the Kashmir state direct

3 The above instructions apply, *mutatis mutandis*, to correspondence with other Indian states

I A O 271 Reliefs—Indian Signal Corps—British other ranks—Revised instructions have been issued to all concerned in Army Department letter No B 7706/1 A G 3, dated the 22nd April 1930

India Army Orders 28 29 of 1929 are hereby *cancelled*

B-7706/AG 3

I A O 272 Promotions—Royal Artillery—N C Os of Royal Artillery units in India on promotion to B Q M S or B S M will be required to undergo a probationary period not exceeding three months (this period may be curtailed should the new commanding officer desire to do so) On the expiration of the probationary period commanding officers will report to the officer i/c records, Royal Artillery Training Centre, whether the N C Os are fit for confirmation in the higher rank Confirmation orders will be issued by the officer i/c records, Royal Artillery Training Centre

2 A N C O who has been posted on probation as B Q M S or B S M but whose promotion is not confirmed, will be struck off the list of N C Os recommended for promotion to the rank for which he failed, for six months If, at the end of this period, a fresh recommendation for promotion to this rank is received by the officer i/c records, Royal Artillery Training Centre, in respect of the N C O he will be replaced on the promotion list for this rank from the date of his fresh recommendation If he fails to be confirmed a second time he will be struck off the list of N C Os recommended for promotion to the rank in which he failed and will not be replaced on that list for TWELVE months.

3 A N C O recommended for promotion to both B Q M S and B S M who fails a probationary period will be struck off the promotion list for the rank in which he failed His recommendation for promotion to the other rank will stand

4 A N C O who declines to accept promotion in another unit will be struck off the promotion list for TWELVE months.

5 N C Os who become eligible for promotion while on furlough in the U K will be granted the ACTING rank but with the pay and allowances, etc, of the higher rank N C Os so appointed acting

8th May 1930

B Q M S or B S M will undergo the usual probationary period on return to regimental duty in India and if confirmed, the date of promotion will be that of the actual vacancy. If owing to being unsuitable their promotion is not confirmed, they will be reverted to their substantive rank from the date they are reported to be unsuitable. Arrangements for the performance of the B S Ms or B Q M Ss duties, like the acting incumbents in the U K, will be made by batteries concerned. N C Os appointed to do these duties will, however, be restricted to the pay and allowances, etc., of their substantive rank and no departure from this rule will be permitted.

I A O 274 Pay and allowances—British general.—Army Council Instruction No 130 of 1930, which is applicable to India, is published below.

B 9725/A G 10

130 Allotments of Pay by Soldiers

1 It has been decided to dispense with the countersignature of the O C unit on Part I of A F O 1796A as it is considered that the signature on Part II of the form of the officer who certifies that recovery has been made in the pay list is sufficient.

2 In future, therefore, the space for the signature of "Officer Commanding Unit" provided on A F O 1796A in current use or on the form which will be issued from existing stocks need not be completed.

The necessary amendment to the form will be made when it is next reprinted.

5th May 1930

to and from Karachi of communications sent from and to India by air mail are published

If an "Express Letter (Air Mail)" cannot be posted in time to catch the ordinary mail train which connects with the air mail at Karachi and is so urgent that it cannot await the following mail the subject matter of the communication may be telegraphed to Karachi for transmission thence to its destination by the air mail. The charges payable on such telegrams are calculated at the Indian inland rates according to the class of the telegram *plus* the air mail fee in addition to the usual letter postage. If a message is to be registered before being posted, the sender will also have to pay the registration charges. Such telegrams may be either in code or plain language and should bear the entry 'PAV KARACHI' (or if for the registered post 'PAVR KARACHI') after the name and address on the form

2 Arrangements have been made for the transmission by telegraph from Karachi to other towns in India and Burma of communications sent to India by air mail. The bearing charges due on account of telegraphic transmission in India will be recovered from the addressee concerned in service stamps payable into the local telegraph office within 24 hours of delivery

14th May 1930.

INDIA ARMY ORDER

I A O 281 Railway Concessions for Army Personnel proceeding on Leave or Furlough—War Office pamphlet entitled "Railway concessions for army personnel proceeding on leave or furlough" issued with A C I for the week ending 18th December 1929, with amendments up to 1 April 1930, is reproduced below. The railway concessions referred to therein have been extended to officers, and British warrant officers of the Royal Indian Marine and their families.

2 Every endeavour should be made to ensure that personnel in India are supplied with the vouchers they require before leaving India, but for any reason this cannot be done, the individuals concerned should apply to the Secretary, Military Department, India Office, London S W 1 for the forms.

3 Army forms B 295 B, O-1798, and O 1798 A, are under revision and will be available for issue by the Deputy Controller, Printing, 10 Dharamtala Street, Calcutta.

India Army Order No 448 of 1929, as amended is cancelled

RAILWAY CONCESSIONS FOR ARMY PERSONNEL PROCEEDING ON LEAVE OR FURLOUGH

1 The following statement shows the complete detail of concessions available for Army personnel in connection with journeys on leave or furlough, agreed by the railway companies, and the instructions to be observed in obtaining them—

(a) Serving regular officers, including—

- (i) officers of the Indian Army, Indian Medical Department, and Royal Indian Marine,
- (ii) officers serving for the time being with the I A or with the Supplementary Reserve,
- (iii) officers employed on ordnance survey, may obtain 1st class return tickets for the journeys indicated in paras 2 and 6, on payment of the ordinary 1st class single fare plus a third (fractions of 1d to count as 1d), minimum fare 5s 0d.

(b) Wives of serving regular officers as defined in (a) above (and children under 16 years of age dependent upon and accompanying them) may, when the family accompanies the officer while on leave, receive the same concessions as the officer under (a) above. In the case of children under 11 years of age, however, only half fare will be charged and children under 3 years of age will be conveyed free of charge.

(c) Serving regular warrant officers, N C Os and men and enlisted boys, including the—

- (i) of the India Unattached List, Warrant Officers of the Royal Indian Marine and Assistant Surgeons of the I M D,

14th May 1930

- (ii) on the permanent staffs of the T A and the Supplementary Reserve ,
- (iii) employed on ordnance survey ,
 may obtain 3rd class return tickets for the journeys indicated in paras 2 and 6, on payment of the ordinary 3rd class single fare plus a third (fractions of 1d to count as 1d) In the case of enlisted boys who are under 16 years of age, however, only one half of the ordinary single fare plus a third will be charged, provided their furlough or leave passes are specially endorsed as indicated in para 3 (c) Enlisted boys of 16 years of age and over will be charged for as for men
- (d) Wives of warrant officers, N C O and men, as defined in (c) above (and children under 16 years of age dependent upon and accompanying them) may obtain 3rd class return tickets for the journeys mentioned in paras 2 and 6 and at the same rates as warrant officers, N C O and men under (c), except that the concessions will be limited as indicated in para 6 and that, in the case of children under 14 years of age, half fare only will be charged, children under 3 years of age will be conveyed free of charge
- (e) Members of Q A I M N S, members of Q A I M N S (R) employed in military hospitals, Queen's Army School mistresses and female pupil teachers may obtain 3rd class return tickets for the journeys mentioned in paras 2 and 6 and at the same rates as warrant officers, N C Os and men under (c) above

The concessions are not applicable to officers on half pay to officers and soldiers of the T A and the Supplementary Reserve, or to officers who are still in the Regular Army Reserve of Officers civil medical practitioners employed on military duties civilian personnel of ordnance survey, and retired regular officers employed in army departments, or to domestic nurses travelling with officers' families

2 The concessions granted are available between railway stations and ports in the United Kingdom, the Isle of Man, Jersey, Guernsey and the

14th May 1930

Irish Free State by all recognized routes, including those by direct boat from Cork, and between such stations and ports and Continental ports where the sea portions of the journeys from Great Britain are performed by railway owned steamboats, and by the steamboats of the Angleterre-Lorraine-Alsace Steamship Company between Tilbury and Dunkerque, subject to the following restrictions —

- (a) Bantry, Cobh (Queenstown), Cork and Crosshaven stations (Great Southern Railways) are the only places from which the concessions are available for journeys to Great Britain originating in the Irish Free State
 - (b) The concessions are not available for journeys to the Continent from Grimsby, Harwich, Hull, Newhaven or Southampton but are available for the journey to those ports *en route* the Continent
 - (c) In the case of officers and their families, the concessions are only available for journeys originating at the military station detailed in the Appendix
- 3 In order to obtain the concessions set out in para 1 —
- (a) Officers must hand A F's O 1798, duly completed, to booking offices at the times of booking
 - (b) Wives and children of serving regular officers must hand A F's O 1798 A duly completed to booking offices at the times of booking
 - (c) Warrant officers, N C Os and men and enlisted boys will in all cases when obtaining the tickets, hand the furloughs or leave passes to the booking clerks, who will stamp them with the railway station stamps. In order to obtain the special rate for enlisted boys under the age of 16 years, referred to in para 1 (c) the furlough or leave passes must be endorsed in red ink "Boy under 16 years of age". Cheap tickets will not be issued on production of furlough or leave passes which have already been stamped at a railway station. Cheap tickets will be issued to W Os, N C Os and men and enlisted boys, barrack wardens and paid pensioner recruiters whether travelling in uniform or plain clothes, but plain clothes must be worn on the following journeys —
 - (i) To or from Northern Ireland stations when proceeding to ports in the Irish Free State, and to or from stations in the Irish Free State
 - (ii) To or from Grimsby, Harwich, Hull, Newhaven or Southampton when proceeding to or from destinations on the Continent *via* those ports
 - (iii) To or from the French ports, when proceeding to the Continent *via* Tilbury, Dover or Folkestone

On the above journeys the leave or furlough forms and railway tickets must be produced to the railway authorities at any time on demand

When personnel of any of the above categories are travelling between two stations where through fares are not in operation, reduced fare tickets will be issued to the furthest points convenient for rebooking and booking clerks will give the passengers rebook vouchers to enable them to obtain reduced fare tickets for the remainder of the journeys.

In the case of journeys to Dunkerque via Tilbury, however, all personnel referred to in (a), (b), (d), (e), and (h) above whose journeys originate at stations other than Tilbury will be given two of the appropriate Army forms one for the journey to Tilbury and one for the journey thence to Dunkerque. The latter will be handed to the Purser on the A L A boats. The personnel referred to in (c), (f) and (g) above will be given two furlough or leave passes whether the journeys originate at Tilbury or otherwise one for the journey from Tilbury to Dunkerque, which will be handed to the Purser on the A L A boats and returned by him and one to be retained by them as their authority for being on leave or furlough. The latter form will be used in the ordinary way to obtain the concession to Tilbury in the case of journeys originating at other stations.

4 On the Metropolitan and Metropolitan District Companies' systems, the concession will only be effective for fares of one shilling or more.

5 Tickets issued in accordance with the above concessions will be available as follows —

Outward journeys	As for ordinary tickets
Return journeys	(a) To a home station—within three months
	(b) To India—within twelve months
	(c) To a station abroad except India—within nine months from the date of issue in all cases

Spaces are provided on A Fs O 1798, O 1798 A and B 295 B, to be filled in to show whether the holders are on leave from stations at home or stations abroad, in order that the period of availability for the return tickets may be regulated accordingly by the railway companies. In the case of personnel proceeding on leave or furlough from abroad, A Fs O 1798, O 1798 A and B 295 B and furlough or pass forms will be issued

14th May 1930

to all concerned, under arrangements to be made locally, before they leave the station abroad, and, in the case of warrant officers, N C Os and men, the furlough or pass forms will be clearly endorsed by C Os to show the stations abroad from which they proceed

It must be understood that the grant of leave or furlough in excess of three months to personnel stationed at home, or nine months to personnel stationed abroad other than in India, or twelve months to personnel stationed in India as shown on vouchers A F's O 1798, O 1798 A, O 1799 and B 295 B or on the soldiers' furlough or pass forms, gives no entitlement to the use of the return portions of the tickets unless the return journey is performed within the period of availability indicated above. Steps should be taken to bring this to the notice of all those to whom the relevant forms may be issued

6 Officers to whom the books of forms are issued will be responsible for their safe custody and for their issue within the following limits -

A F's O 1798 and O 1798 A	{ To officers and their families for the initial journey on each occasion of leave and for subsequent return journeys while on leave provided such journeys originate at any of the stations detailed in the Appendix
A F O 1799	{ To non enlisted boys at the Duke of York's Royal Military School and the Queen Victoria School on each occasion when proceeding on certified holidays
A F B 295 B	{ To wives and children of warrant officers N C Os and men, barrack wardens and paid pensioner recruits, in respect of one journey a year only for each person. To members of Q A I M N S and Q A I M N S (R), Queen's Army Schoolmistresses and female pupil teachers for the initial journey on each occasion of leave. In cases however where leave is extended to enable them to perform further return journeys from the leave address, further vouchers may be issued
A F's B 295 or B 295 A (Soldiers' Furlough or Leave Pass)	{ To warrant officers N C Os and men and enlisted boys, barrack wardens and pensioner recruits and in pensioners Royal Hospital, Chelsea for the initial journey on leave or furlough. In cases however where leave or furlough is extended to enable them to perform further return journeys from the leave address and in such further forms will be issued

7 Railway concession vouchers (A F's B 295 B O 1798 O 1799 A and O 1799) shall be kept under lock and key, and the officers entrusted with them will be responsible for any improper use of the forms. On

14th May 1930

being relieved they will hand over the books to their successors, obtaining a receipt

5 Counterfoils of A 18 B 295 B, O 1798, O 1798 A and O 1799
and furlough or pass forms will be returned for 18 months after which
they may be destroyed

10th May 1930

I A O 288 Vocational training in the United Kingdom—War Office letter No. 43 Voc 135 (I. 2 m), dated 12th April, 1930, is republished below.

B 8055, A G 1

With reference to War Office letter 43 Voc 21 (A G 5 (b)), dated 10th March, 1927, I am commanded by the Army Council to acquaint you that they have decided to replace the present weekly flat rate fee of 7/6 payable by soldiers attending courses at Army Vocational Training Centres by the following scale of weekly fees varying according to the rank of the student, viz.—

Lance Corporals and Privates ..	5/-
Lance Sergeants and Corporals ..	6/-
Staff Sergeants and Sergeants ..	7/-
Warrant Officers, Class II ..	8/6
Warrant Officers, Class I ..	10/-

The above scale will be introduced with effect from 11th April, 1930, and will be applicable to men already undergoing courses at Army Vocational Training Centres, except that Warrant Officers, Class I and II, who are already undergoing, or have already been accepted for, courses will be required to pay fees at the 7/6 rate only.

The necessary amendments to the Army Vocational Training pamphlet will be made in due course."

I. A. O 289 Monsoon Programme of Sailings—Kathiawar Coast and P G Ports—The following "Monsoon Programme of Sailings" of B I S N Company, vessels will be given effect to from the 16th May 1930—

I. A. Os. 289—292-I

16th May 1930.

The S. S. "Chakla" and "Vita" will make their last sailing from Bombay to Kathiawar Coast Ports on the 10th and 12th May respectively and return to Bombay on the 15th and 17th May 1930.

The "Bankura" sailing ex-Bombay on the 14th May 1930 and the "Baroda" leaving Karachi on the 14th May 1930 will be the last steamers to call at Veraval and Mangrore on the upward and downward voyages respectively.

It is anticipated that the above mentioned steamers will resume their sailings after the monsoons on and after the 6th September 1930.

17298/Q-2.

I. A. O. 290. Mechanically propelled vehicles—When a mechanically propelled vehicle is evacuated—by rail—to a heavy repair shop for overhauling, and orders have been issued for its return to the consigning unit after repairs, only those items of equipment which need repair will be evacuated with the vehicle. Serviceable items of equipment will remain with the consigning unit and will not accompany the vehicle.

This decision will be incorporated in the revise of A. R. I, Vol. V, Part 4, paragraph 37.

B 9385|A G 1

With reference to War Office letter 112|Signals|115 (A G 7 Signals), dated 24th April 1929 sub paragraph (c) I am commanded by the Army Council to inform you that it has been decided that the practice of extending for one year the tour of tour expired personnel of the Royal Corps of Signals serving abroad will not be continued during the 1930 31 and subsequent Trooping Seasons.

As regards time expired R Signals personnel, the procedure will be as contained in the instructions in War Office letter 120|General|2 (A G 2 a) of 13th March 1930.

I am to request that all concerned may be informed accordingly.

*Not eligible for reward

21st May 1930

I A O 303 Bands and Messes—The following amendment to the Regulations for the Army in India has been approved —

Insert as a new paragraph —

“ 452 A —Serjeants' messes will be administered in accordance with the instructions prescribed in King's Regulations. B 4998|A G 11

I A O 305 Pensions—British Soldiers—War Office circular memorandum No 27|Cavalry|1373 (R |A G 1 c), dated the 9th April 1930, is published below —

B 9866|A G 14

As some doubt appears to exist regarding the rates of pension which will be payable to soldiers who re enlist under Army Order 355 of 1927 (as amended by Army Orders 68 and 127 of 1928) it is notified for general information that in accordance with paragraph 4 of Army Order 355 of 1927, discharge and re enlistment under that Army Order in no way prejudices a man's position as regards pension and does not constitute a break in service for pension

A soldier who is already entitled to the old rates of service pension at his current engagement will therefore have a reserved right to those rates after re enlistment under Army Order 355 of 1927. The reduced rates promulgated in Army Order 39 of 1930 will not apply to him unless he re enlists again after discharge from the engagement entered into under Army Order 355 of 1927

I A O 306 Courses of Instruction—The following officers qualified in mechanical transport (short course) held at the Mechanical Transport Depot, Chaklala, between the 6th January and 12th April 1930 —

Captain M Duke Royal Signals

Lieut W D Horniman, Royal Signals

21st May 1930

I A O 307 Transport Road.—A contract has been concluded with the Rajputana Motor Car Service for the conveyance of military personnel and their baggage by mechanical transport on the Abu Road Mount Abu Road, for a period of one year from the 1st April 1930

2 All military personnel and their families travelling on "Road Warrant" between Abu Road and Mount Abu Road, and *vice versa* must travel by the contractors vehicles, unless possessing transport of their own. The term "military personnel" used above includes civilians and their families travelling on warrant, and who are in possession of a warrant signed by an officer commanding a unit or department

3 All road warrants issued for journeys of military personnel on Abu Road Mount Abu Road will be made out in the name of the Rajputana Motor Car Service

4 Under the terms of the contract the contractors are not liable to make good any loss or damage to person or property which may occur during the course of the journey

17604|Q 7

I A O 308 Maintenance and Inspection of Service Bicycles.—Pending further instructions, the maintenance of service bicycles from 1st June 1930, will be governed by Equipment Regulations (India), Part I, 1927, amendments to which will shortly be made. Meanwhile the following instructions regarding inspection of service bicycles will apply —

2 In addition to the annual inspections by C C M A's, officers commanding units will arrange for all bicycles on peace charge to be inspected weekly by an officer, in order to ensure that the bicycles are properly cleaned and cared for, and that all deficiencies and serious damages are duly investigated at once and the responsibility for them fixed. Attention is drawn to the instructions contained in the Handbook on Military Bicycles, 1917 (Reprinted 1928). This handbook will be kept in the tool bag of every bicycle

3 When a bicycle is allotted for the common use of orderlies, the officer commanding unit will cause a particular soldier to be detailed to look after the bicycle and it will be part of the duty of this soldier to report in writing at the end of each day any damage or loss which has occurred to the bicycle whether caused by himself or any other person

4 The results of the officers' weekly inspections and of any subsequent investigations arising from them and also the result of the armourer's monthly examination as laid down in para 336 (b) of Equipment Regulations (India), Part I, 1927, will be entered in a log book (specimen issued with this Order) to be kept for that purpose, and signed by the officer making the inspection

5 The book will be produced for the information of C C M A at his annual visit and will also be sent to the D A D O S of the area every quarter for inspection

Reference—This office memo No 47 A Camp, dated 5th November 1928,
516 A Camp, dated 8th December 1928 and A 848 dated 19th December
1929

In supersession of the orders quoted above it has been decided that the compilation of sale proceeds of surplus and obsolete stores and value disposed of by or under orders of the central disposals organisation shall be finally compiled in the books of the controller of military accounts of the district or the controller of army factory accounts (as the case may be).

dealing with the accounts of the arsenals, factories, etc, concerned. Consequent on this, the Director of Contracts or his local agents will forward the original sale account to the controller of military accounts concerned who will watch the receipt of the treasury receipt in each case and adjust the amount under the receipt head II G—Central Disposals Organisation—Sale proceeds of stores (a) or (b) as the case may be. They will at the same time transfer these credits to the appropriate heads by operating on the deduct head under the receipt head II G *ibid*

2 The revised procedure will be adopted from 1st May 1930. The treasury receipts in respect of the credits afforded in favour of the Controller of Military Accounts Lahore, during April 1930, will be accepted by the Controller of Military Accounts Lahore, and adjusted as at present

3 Necessary corrections to I A Os 35 and 94 of 1929 and Classification Hand Book of Army Receipts and Charges, 1927, will be issued shortly

INDIA ARMY ORDERS.

I A O 336 Appointments, Promotions, Leave, &c—Last No 12 of appointments, promotions, leave, etc., which have been approved by His Excellency the Commander-in-Chief, is issued with this order

0991/M S

I A O 337 Extracts from Secretary of State's Weekly List No 19, dated the 8th May 1930—Extracts from Secretary of State's weekly list No. 19, dated the 8th May 1930, of military officers, etc., of the Indian establishment permitted to return to duty, granted extensions of leave, or retiring from the service, etc., are issued with this order

06467-I/M S -3

I A O 338 Discharges B A—Documents—A case has recently occurred where the documents of a British soldier *en route* to Canada from India via the United Kingdom were found to be incomplete and this necessitated the man being sent to the depot to have the matter put in order

In order to avoid such unnecessary expenditure the attention of all concerned is drawn to the fact that where onward passage to Canada, etc., via the United Kingdom is authorized for discharged British soldiers or for army reservists, it is essential that all formalities in connection with their leaving the colours which require the presence of the soldier, should be completed before embarkation in India

B-10068/A G -6

I A O 339 Recruiting—Indian Army. Employment of Indian army reservists in civil police—As a temporary measure, the Government of India have sanctioned the employment of Indian army reservists, including those of both class A and class B, in punitive or additional provincial police, subject to the following conditions—

- (a) the reservists so employed will be released at once by the civil power in the event of mobilization,
- (b) if the civil power are unable to spare the services of such reservists if and when they are required to undergo their periodical reservists' training, they may be excused that training, but in that event, the police authorities under whom they are serving shall arrange for them to fire a musketry course, as specified in B A I, Appx XVII, para 10 (a) (ii),
- (c) the reservists so employed will draw their normal rates of reserve pay throughout the period of such employment. There will be no deduction of such pay, and the employers (the police authorities) will be in addition to the reserve pay.

11th June 1930

(d) this temporary service in the police will count as service towards completion of their army engagement,

(e) in the event of class A reservists being employed it will be unnecessary to transfer them to class B

2 It must clearly be understood that the above sanction refers to the temporary employment of reservists in the provincial police and does not affect the rules regarding the permanent employment of reservists in the provincial police as specified in Regulations for the Army in India, appendix XVII, paragraph 10 (a)

[Authority —Government of India, Army Department letter No B/9992/1 (A G 6), dated 14th May 1930]

B 9992/A G 6

I A O 340 Furlough and Leave, Indian Army—The following amendment to the Regulations for the Army in India has been approved —

Para 931—sub-clause (d), as inserted by correction slip No 55 of March 1930—after the word "Recruits" in the first line, insert " (including enrolled followers) "

2 The above amendment will have effect from the 1st June 1930

B-8539/A G -11.

I A O 341 Band—selection of—for Simla season 1931—Applications from British regimental bands, with string orchestras and dance bands, desirous of employment in Simla during the summer season, 1931, will be forwarded to reach the Adjutant General in India, Simla, not later than the 15th September 1930

2 Full particulars in regard to the composition of the full military band, the string orchestra and dance bands included, and engagements in hill stations since the war, will be stated. Preference will be given to *bands of units which have at least 3 more years' service to do in India*

3 The band selected is ordered to Simla on duty and is allowed to travel on warrant. Free quarters in Simla are not admissible. Arrangements for accommodation for personnel of the band have to be made privately

B-10297/A G 11

I A O 342 Abbreviated Titles for use in Signal messages etc—
1 The abbreviated titles published below for headquarters, formations, corps etc., of the Indian army will be used in signal messages in the field and during training

2 In the case of formations and units called out on internal security duties and in all cases when messages are sent through civil telegraph offices the telegraphic address given in the Indian Army List will be used

11th June 1950

3 Abbreviated titles and other abbreviations applicable to both British and Indian service will be the same as those authorised by the Army Council for the British service

4 The necessary amendments to F S P B, Part II, India 1928 will be notified in I A Os

COMMONWEALTH FUND SERVICE FELLOWSHIPS

I—Purpose of the Fellowships

The Commonwealth Fund of 1, East 57th Street, New York City, a philanthropic foundation existing since 1918 and supported by gifts from the late Mrs Stephen V Harkness, has established for British subjects a number of Fellowships tenable at American Universities. In creating these Commonwealth Fund Fellowships the Directors of the Fund have been impelled by a belief in the value of tion and travel,
and by a conviction between Great
Britain and the United

It has been decided to offer not more than three of these Fellowships every year to persons holding appointments overseas under the British Government, the Government of India or the Government of a British Dominion, Colony, Protectorate or Mandated Territory

II—Conditions of Appointment

Candidates must be of British descent, they may be single or married, but must not be more than 35 years of age on September 1 of the year of award

As normally such candidates will hold an appointment in Government Service overseas they will not be required to show a domicile in the British Isles. It should be explained that neither probationers awaiting final appointment to Government Service, nor persons employed by but not officially in the cadre of the Government Service will be regarded as qualified for these Fellowships

Candidates are required before appointment to give an undertaking that they will not accept another appointment until the expiration of their Fellowships and that they will then return to Government Service within the British Empire

In selecting candidates for nomination primary consideration is given to intellectual ability. Candidate must submit a definite scheme of work proposed to be carried out during their residence in the United States

An interview with the Committee of Award in London will not be required, but arrangements will be made for medical examination in the region from which the candidate applies.

III—Emoluments

There is no fixed stipend but it is estimated that the cost to the Commonwealth Fund of each Fellowship is approximately £600 per annum. Each Fellowship includes provision for —

- (a) An equipment allowance of \$200 and a travel allowance from the country in which the Fellow is serving to the United States and return
- (b) Tuition, laboratory fees, etc
- (c) \$150 a month, paid quarterly, for living expenses during the tenure of the Fellowship, from the date of leaving the country in which the Fellow is serving
- (d) Allowance for travelling while in the United States on tours approved by the Commonwealth Fund

The allowances are calculated to meet the needs of a single man and are not sufficient for a married couple, nor does the Fund accept any responsibility for additional expenses incurred by a married Fellow

IV—Conditions of Tenure

The holder will not be required to reside continuously during term time at any one American University or Institution, but will be free to visit, with the approval of the Commonwealth Fund, institutions or districts appropriate to his subject of study

Any appointment that may be made to this category of Fellowship will be, so far as possible, dated to suit the convenience of the person appointed

Fellowships are tenable for a minimum period of fifteen months and a maximum period of twenty four months dated from the time of departure from and return to the country in which the Fellow is engaged in Government Service

V—Committee of Award

The Committee of Award consists of the following members

Honorary Chairman H R H The Prince of Wales Sir Walter Buchanan Riddell, Bart, M A, Principal, Hertford College, Oxford (Chairman), The Viscount Chelmsford, P C, G C S I, G C I E, G C M G, G B L, John Harold Clapham, C B E, Litt D, F B A, Professor of Economic History in the University of Cambridge, Sir James C Irvine, C B E, D Sc, LL D, F R S, Principal and Vice Chancellor of the University of St Andrew's, Sir Theodore Morison, K C S I, K C I E, C B E, Principal of Armstrong College University of Durham, and Sir Edwin Cooper Perry, M A, M D, F R C P

VI—Applications and Information

All applications must be submitted on the prescribed form and must be forwarded through and with the recommendation of, the Government under which the candidate holds his appointment

Further information can be obtained from the Secretary, Commonwealth Fund Fellowships, 50, Russell Square, London, W C 1

INDIA ARMY ORDERS.

I A. O. 353 Ceremonial—The following telegram was sent to the Private Secretary to His Majesty the King-Emperor by His Excellency the Commander in Chief in India on the occasion of His Majesty's birthday —

‘ With humble submission I beg on behalf of the Army in India to tender our most loyal greetings and wishes to Your Majesty for your sixty-fifth birthday. I am sure Your Majesty realises with that great sincerity we rejoice in the knowledge that your health has been entirely restored and we pray you may be spared for many long years to come to reign over our Empire in all good health ’

The following reply has been received by His Excellency the Commander in Chief in India from His Majesty the King-Emperor —

‘ It is an unfailing pleasure that each birthday brings me a message of greetings from my Army in India. I thank you and them for these loyal assurances and good wishes. I know how much you will regret relinquishing this splendid command ’

I A O 354 Appointments, Promotions, Leave, etc—List No. 13 of appointments, promotions, leave, etc., which have been approved by His Excellency the Commander in Chief, is issued with this order.

0991 M S

I A O 355 Extracts from Secretary of State's Weekly List No. 20 dated the 15th May 1930—Extracts from Secretary of State's weekly list No. 20, dated the 15th May 1930, of military officers, etc., of the Indian establishment permitted to return to duty, granted extensions of leave, or retiring from the service, etc., are issued with this order.

18th June 1930

2 Consequent on these amendments being introduced, the unit figure of merit is abolished

3 *The Annual Classification*—Section 83 *Add at end of para 3*

In India the classification test of a unit will be carried out by a qualified regimental signalling officer of another unit. In Indian units, when the classifying officer belongs to the British service, an officer of the unit under test will attend in order to obviate any language difficulties. The classification test of Royal Artillery units will be carried out by a qualified Royal Artillery or Royal Signals officer. In R A Brigades, to which R A Brigade Signal Sections are attached, the O C Brigade Signal section will carry out the classification tests of the batteries in the brigade, in other cases a qualified R A signalling officer of another brigade will be detailed to carry out these tests.

The classification test of at least one regiment, battalion and battery or district will be carried out annually, where possible, by a Royal Signals officer.

4 *The Collective Test*—Chapter XIII, 88 “Annual Tactical Inspection of intercommunication personnel”

The intercommunication personnel of all regiments and battalions will be inspected annually on a tactical exercise with or without troops by the brigade commander (Units which are directly under a district headquarters by the district commander). Signallers of batteries will be inspected by the officer commanding the R A brigade.

These inspections will be carried out after the classification tests have been completed and before the conclusion of the collective training season.

A Royal Signals officer will, where possible, be detailed to attend these inspections in the capacity of a technical adviser to the brigade commander. If a Royal Signals officer is not available, a regimental signalling officer belonging to a unit, other than that under test may be detailed in his place.

The inspection will be based on a tactical scheme with a view to judging the efficiency of the unit, in so far as this is affected by the tactical employment of all the means of communication, including the use of orderlies and the writing of messages, *available within the unit*. It must not be treated as merely a “skill at arms” test of unit signallers.

Where possible the scheme should be one in which troops are in any case to be employed. The period of brigade training is therefore suggested as suitable.

In order to enable the inspecting officer to form a definite opinion as to the speed and accuracy of the transmission of orders, information, etc.; the following data will be prepared for the inspecting officer by the officer attending the inspection in an advisory capacity—

- (a) Number of messages sent by signal, showing the average time taken on all messages from the time of origin to the time of delivery, and the number of words wrong.
- (b) Number of messages sent by orderly, showing average time taken from the time of origin to the time of delivery.

In the above data, the average times are taken from the time of origin to the time of delivery, in order to encourage the writing of short messages.

I A Os 357—360

18th June 1930

and the expeditious handling of messages before and after actual transmission

The report of these inspections will be included in Part II of the annual "Inspection Report" of the unit

29995|G S, M T 1

I A O 358 Reports on Signal Training—Regtl units—The following alterations are made in the reports and returns on signal training in units (other than signal units) —

- (a) I A F I 1138 is abolished and the return submitted on this form is no longer required
- (b) A F B 225 and I A F X 1870 are abolished and the reports on the classification and on the collective tests have been embodied in the new form "Combined Annual Inspection Report and P of T Results form", which will issue shortly

2 G O C in Cs, commands will, from the reports on the classification and on the collective tests contained in the new combined annual "Inspection Report and Precis of Training Results form", prepare and submit to the Chief of the General Staff annually by the 15th July (15th May in the case of G O C in C, Western Command) a general report on the training and efficiency of regimental signallers

3 This order will take effect for the training year 1930 31

29995|G S, M T 1

I A O 359 Equitation School—Results—A list of officer students who qualified at the long course, 1929 30 held at the Equitation School, Saugor, from 16th September 1929 to 15th April 1930, is issued with this order

29011|G S, M T 1

I A O 360 Small Arms School—The undermentioned non commissioned officers having served six months on the instructional staff of the Machine Gun and Small Arms School, are granted "DISTINGUISHED" in Machine Gun and Rangefinding —

- No 312115 Sergt W Reger 2nd Bn, The Royal Scots Fusiliers

18th June 1930

I A O 362 Pay and Allowances—British Service Officers—War Office confirmation to an officer's title to higher rate of pay, dependent on the length of full pay commissioned service in a particular rank, is to be obtained by the C M A before the higher rate of pay is actually admitted in audit

To enable the C M A to do this advance in order that inconvenience to officers may be avoided, the claim in A F O 1669 for the higher rate of pay due to a British service officer, which is based on length of service, will be submitted to the C M A concerned (through the commanding officer in case of officers employed regimentally) four months before the date on which the officer is likely to become entitled to the higher rate of pay

This I A O is published with the concurrence of the Military Accountant General

B 10128/A G-10

I A O 363 Furlough and leave, officers—The following amendment to the Regulations for the Army in India has been approved —

Para 908—Insert the following as a new sub clause at the end —

“ Officers of the Indian service holding appointments under administration outside Indian limits will not be granted leave on private affairs under Indian regulations until they have again actually rejoined for duty on the Indian establishment and performed duty for a period of at least 10 months. Privilege leave may, however, be granted at the discretion of the competent authority after an officer has actually rejoined for duty on the Indian establishment ”

B 10356/A G-11

I A O. 364 Documents—All concerned will ensure that India Army Forms Y 1918 and M 1265 in respect of personnel to be brought before a medical board are duly completed in all respects

Cases have recently occurred where the identification marks of individuals or the disabilities from which they are suffering have not been entered in the spaces provided

B 10244 A G 11

INDIA ARMY ORDERS

I A O 372 Extracts from Secretary of State's Weekly List No 21 dated the 22nd May 1930—Extracts from Secretary of State's weekly list No 21, dated the 22nd May 1930, of military officers, etc., of the Indian establishment permitted to return, to duty, granted extensions of leave, or retiring from the service, etc., are issued with this order

06467 1|MS 3

I A O 373 Army School of Physical Training—Results—A list of officer students who attended the 3rd British short course, 1930, held at the Army School of Physical Training, Kasauli, from 12th April to 21st May 1930, is issued with this order

29336|G S, MT 1

I A O 374 Furlough and leave, officers—The following amendments to the Regulations for the Army in India have been approved —

Para 901 as reconstructed by correction slip No 100 of July, 1929—The fifth sub clause is *reconstructed* as follows —

“ All applications from officers on leave, in or out of India, to retire or resign their commissions, will be submitted in sufficient time to obviate the necessity of their applying for an extension of leave beyond the maximum period admissible pending retirement or resignation under (1) and (2) of the first sub clause above, while awaiting the announcement in the London Gazette. In *bona fide* cases in which an officer decides to retire or resign while on leave, leave *with pay* will be admissible up to the date of the expiry of the original leave granted or the date preceding that of the notification of the officer's retirement or resignation in the London Gazette whichever is earlier. Any extension of leave beyond the period originally granted, rendered necessary by delay in the settlement of the officer's retirement or resignation, will be without pay. Extensions of leave with pay beyond the periods admissible under (1) and (2) above will only be granted when the delay in the notification of the officer's retirement or resignation is due to causes beyond his control.

20th June 1930

I A O 375 9th Ordnance Officers' Course—List of officers of the Indian Army who qualified at the 9th ordnance officers' course, held in England, during the year 1929, is issued with this order

15080/M G -2.

I A O 376 India List of Changes—Necessary action will be taken on "India List of Changes" immediately after their publication. The annual reports of Ordnance Mechanical Engineers on unit equipment contain frequent references to failure to take such action.

The authorities and establishments concerned will take action to improve the position in this respect.

1592/M G O 9.

I A O 377 Cartridges, illuminating and signal—Constant handling results in the deterioration of illuminating and signal cartridges.

2 On being handed over by units or gararas, these cartridges will not be removed from their paper covers.

1174/M G O, -10

I A O 378 Cases Mattress—Consequent on Indian Army Order No 113 current, "Cases mattress" rendered surplus will not be returned to arsenal charge, but will be retained by units and utilised in replacement of condemnations, etc. The numbers in possession of soldiers and families will be limited to the new scale.

2 "Cases mattress" already returned by units to arsenal charge, will be re-issued in satisfaction of normal demands until used up.

14639 M G -12

I A O 379 Patrol Jackets and Trousers (serge)—Jackets patrol (serge) and trousers serge (P V C & N, India Cat Nos 2007 to 2011) will no longer be supplied by the I A O C.

Units should therefore, make their own arrangements for the supply of these articles.

15002 M G 12

I A O 380 Equipment Ledgers—Reference para 2 of I A O 57 of 1930.

The old type of unit equipment ledgers will continue to be used up to the last day of the month in which the new forms are received. The

20th June 1930

new ledgers will then be brought into use on the 1st day of the following month

No 33608, dated 23rd May 1930, received on 17th June 1930

No 33609, dated 27th May 1930, received on 17th June 1930

I A O 384 Language Policy—Indian Army—Attention is directed to the policy laid down in Section 25, para 1, and Section 27 of “Educational Training Indian Army, 1925.” Roman Urdu is and will remain, the *lingua franca* of the Indian Army. English the common language of the Imperial Army and that of administration of the Indian Army itself.

2 As a knowledge of both Roman Urdu and English should, therefore, be possessed by as large a proportion of Indian officers and non commissioned officers as possible, it is essential to remove any possible confusion between the teaching of these two languages. In Roman Urdu, therefore, English words will in future be spelt as in English.

3 The following modifications to the existing system will, therefore, be introduced —

(a) The phonetic spelling of English words in Roman Urdu manuals, text books and official documents will be discontinued. Indian ranks will be encouraged to spell English words as in English. In manuals and printed documents English words will be put in *italics*, and in the case of words which occur infrequently in a book, and which are difficult to pronounce, the phonetic spelling will be given in a footnote.

(b) The present practice of treating all English words as feminine, will be dropped. English words used in Roman Urdu, except those usually treated as feminine will be regarded as of the masculine gender. The object of this is to make written Roman Urdu as imitate the normal colloquial Urdu of the Indian Army.

(c) Plurals of English words will follow the normal grammatical rules of Urdu.

4 The existing rules for the transliteration of English words into Roman Urdu, given in the following books, are cancelled, and revised rules will be issued shortly.

23rd June 1930

- (i) "Educational Training Indian Army, 1925" (English and Roman Urdu editions), Appendix II, and the last six words of Section 25, para 1, in the English edition and their equivalent in the Roman Urdu edition
- (ii) "The English Roman Urdu Military Vocabulary, 1926" issued under India Army Order No 512-II of 1928
- (iii) "The Army Roman Urdu Manual", Chapter 5

5 The rulings given in para 3 above will have effect from the date of this Order. Training manuals and text books etc., which have been issued or which are on the point of issue, must, however, remain in use for some time. In those produced in future and new additions or reprints of existing books, English words will be spelt as now laid down.

In examinations, latitude will be allowed in the matter of spelling English words until this system has been in vogue for some time.

6 India Army Orders Nos 544 of 1924 and 514 of 1927 are cancelled

I A O 385 Pensions—British Officers—It has been decided that in future, the Government of India will also admit to pension officers of the following categories who have earned an Indian pension and who may be in India at the date of their retirement, or who may proceed to the Colonies from India, on leave pending retirement —

- (1) Continuous Indian service Royal Engineer officers (paragraph 50, *et seq*, Pension Regulations)
- (2) Non continuous Royal Engineer officers serving in India (paragraph 52, *et seq* Pension Regulations)
- (3) British officers of Indian Artillery units (paragraph 62, Pension Regulations)
- (4) Officers of the Royal Corps of Signals serving in India (paragraph 59 A *et seq* Pension Regulations)
- (5) Officers of the continuous Indian service cadre of British officers for the Army Veterinary Services in India (paragraph 62 A, Pension Regulations)

2 When applications to retire from the service in respect of these officers are forwarded by Headquarters of Commands to the War Office, Commands will furnish copies of such applications to the Controller of Military Pension Accounts concerned to facilitate preparation of the necessary audit report of the pension admissible, for transmission to the Adjutant General in India. As audited particulars of pension service in respect of Royal Corps of Signals and Indian Mountain Artillery officers are not contained in the Indian Army List, copies of their Records of Services, along with the copies of their applications for retirement, should be forwarded to the Pension Controller concerned.

APPENDIX XIII A

(Referred to in para 491)

(a) Initial Registration.

(b) Subsequent inspection of Officers' Chargers

(1) Initial Registration—

- (i) No horse will be presented for registration unless previously declared fit for military purposes in the army or branch in which the officer is serving by the unit or formation commander concerned
- (ii) No charger shall be registered, i.e., entered in the "Charger Register", unless passed fit for service in peace and war by responsible authority, in accordance with the fitness certificate appended below—

This certificate will not be granted, on initial registration, to horses of over 13 years of age except in cases of chargers previously registered and transferred from one officer to another

- (iii) In all cases where a charger is transferred from one officer to another a fresh registration on the prescribed form, will be carried out

- (iv) Horses cast from the army will not be registered as chargers

(2) Subsequent inspection of chargers—

- (a) Administrative veterinary officers of commands, D A Ds V S districts and executive veterinary officers will inspect all registered charger when carrying out their inspections. Their remarks will be recorded in inspection reports, in order to ensure that any adverse remarks regarding condition and soundness of chargers are brought to the notice of G O C in C, district and brigade commanders and O C units. Chargers of officers extra regimentally employed will be inspected half yearly under the orders of the formation commander concerned to whom any adverse remarks on chargers will be submitted

- (b) Every charger on attaining the age of 15 years will be subjected to special examination by D A Ds V S, districts at their next half yearly inspection, and struck off the register when declared unfit for further service in peace and war

- (c) Remount officers with commands will also inspect chargers at their annual inspection and report on any deficiencies or on unserviceability of chargers from a remount point of view

(3) Striking off of unfit chargers—

- (a) All chargers found to be permanently unfit will be forthwith struck off the charger strength under orders of the unit or formation commander concerned. Such removals, as well as deaths or destructions will be entered in the "Charger Register" and notified to the accounts authorities concerned, immediately on their occurrence

(b) The officer maintaining the "Charger Register" will be responsible for the action indicated in para (a) above

(4) *Temporary unsuitness of chargers—*

Cases of temporary unsuitness should be reported without delay to the veterinary authority concerned, as early treatment will often prevent animals from becoming permanently unfit for service.

(5) *Maintenance of a charger register—*

All formations and units having mounted officers on their establishment will maintain a "Charger Register" in which will be entered the following information regarding each officer's charger —

Full description including year of foaling

Whether purchased from Government or privately

Date of selection and source of receipt

Date of registration Certificate

The O C unit or formation commander will cause a "Veterinary History Sheet (I A F V-1752)" to be prepared for all chargers registered

Entries and removals from the "Charger Register" will be attended by the officer to whom the duty of maintaining this register is delegated by the unit or formation commander. In the case of A H Q, this register will be maintained by the Q M G's Branch (Remount Directorate). The register will be produced at all inspections of chargers, and will be subjected to examination by audit authority.

(I) Certified that the horse described below, which I present for registration to enable me to draw salary and forage allowance under the provisions of Pay and Allowance Regulations of the Army in India, Part II, para 303—

(1) will be available for the performance of my duties at all times

(2) will be available for sale to Government on my being ordered on service,

*(Note—If the charger is not the *longa fide* property of the officer presenting it for registration, a similar certificate will be required from the officer who is the *longa fide* owner)

(3) is on loan from _____ under the provisions of para 303 (1) Pay and Allowance Regulations of the Army in India, Part II,

In the event of shortage of transport or freight ship accommodation packet steamer passages are engaged to meet requirements and are as far as possible allotted in the most economical manner in order of seniority of applicants for entitled passages

3 Allotment of passages—All passages, except those for prisoners which will be allotted by the Embarkation Commandant concerned, will be allotted by the Q M G in India. In the case of individuals entitled to third class and troopdeck accommodation bulk allotments to transports will be made by the Q M G in India to the authorities concerned. Bulk allotments for men detained at or in the pay of, Special Attached Sections (excluding men on vocational training) will be made by the Q M G in India direct to the O C Special Attached Section concerned. Where necessary, O C Special Attached Sections will apply to the Q M G in India direct for such allotments

Units and formations will show the name of the ship (if known) on the front page of all correspondence relating to allotted passages

General Instructions

4 Trooping Programme—The trooping programme will be published in India Army Orders and all concerned must note carefully the dates of sailing and adjust their requirements accordingly

5 Scale of berthing on transports—Accommodation for families is admissible on the following scale—

Adults and children over 6 years of age	1 berth
Children between 1½ and 6 years of age	berth
Children under 1½ years of age	No berth

In the case of 2 children under 1½ years of age belonging to one family, one will be given a ½ berth and the other will be accommodated in a "Hanging cot"

Children of different families will not be berthed together

6 Scale of berthing on packet steamers—

Adults and children over 3 years	1 berth
Children under 3 years	No berth

In the case of two children or more under 3 years of age belonging to one family—one child will receive no berth but each other child will receive one berth

7 Responsibility of submitting authority for title to passages—The rules regarding the admissibility of conveyance by sea to individuals are contained in Passage Regulations, India, 1928, and the submitting authority is responsible that each application for passage whether by public vessel, freight ship or packet, is covered by regulations. All I A F's T 1727 will therefore be countersigned by the submitting authority.

8 Notes for preparation of I A F T-1727—A separate I A F T 1727 (in duplicate) will be submitted for every applicant with details of family, if any, accompanying. Individuals preparing I A F's T-1727 will state in the column of remarks:—

- (a) Any reasons why passages cannot be accepted at any time during the season. Only reasons of a military nature in the interests of the service will be accepted for postponement of passages. Purely private or personal reasons cannot be held to justify the deferment of passage until the end of the trooping season and should any applicants defer their passages for such reasons they are warned that, in the event of it not being possible to accommodate them on a transport before the close of the trooping season, they will be detained in India until the ensuing trooping season or forfeit their title to passage if they are retaining a lien on a passage under paragraph 20, Passage Regulations, India.
- (b) The attention of submitting authorities is drawn to the provisions of I A O No 75 of 1928 regarding the grant of leave to officers proceeding from duty in India to duty in Great Britain.
- (c) If ordered to Great Britain or a colony to take up a specific appointment the date by which they should reach Great Britain or the colony in accordance with posting orders.
- (d) In the case of officers proceeding on half pay or retirement, the date the officer is due to be placed on half pay or the retired list must be entered with the words "Half Pay" or "Retirement" as distinct from the term "Tour Expired".
- (e) Rules regarding passages for officers of the Royal Engineers, Indian Signal Corps, and Indian Pack Artillery, are contained in Appendix "AA" Passage Regulations, India. Applications for passages under these rules will be accompanied by the required particulars.
- (f) Full postal addresses in respect of second class families (other than those proceeding with complete units) will be included in item 7 of I A F T 1727. Where families expect to occupy public quarters on arrival in Great Britain the address to be given will be that to which they wish to proceed in the event of public quarters not being available.

9 Particulars regarding ages of children—When submitting applications for passages, the ages of children, if any, will be quoted in years and twelfths of years as they will stand, or stood, on the 1st of January of the trooping season. Periods of 15 days or less in excess of one month will be ignored. 16 days or more in excess will count as another month.

All entries of ages on all copies of A F B 127 whether Preliminary or Final will be shown as for the 1st of January.

In allotting berths the necessary adjustment to age at date of sailing will be made by the officer allotting the berths. This rule also applies to applications for indulgence passages.

10 Submission in advance of I A F T-1727 when transfer, etc., recommended to War Office but sanction still awaited.—I A F T-1727 in duplicate will be submitted for all officers who have been recommended for transfer to the Home Establishment, or to proceed to the United Kingdom on duty, during the trooping season. The names of such officers will be registered for passages, which will be allotted on receipt of the necessary sanction for officers to proceed. These sanctions will, on receipt by Commands, be reported urgently to the Q M G in India. Sanctions received after the 15th January must be telegraphed.

11 Applications by telegram after 15th January.—Demands for passages during the trooping season, submitted after the 15th January will be telegraphed. Full details of families, if any, will be given in such reports which must be followed by the usual application forms.

12 Passages for families when head of family moving in non trooping season.—Families of entitled first class passengers are not entitled to packet steamer passages during the non trooping season. It is essential, therefore, in the interests of officers who will be proceeding home after the trooping season, that applications for entitled passages for families be received at Army Headquarters early in the trooping season. Otherwise there is a very great risk of such families being shut out of transports, owing to the congestion which invariably occurs at the end of a trooping season, which entails the retention of such families in India till the next trooping season. Attention is invited to para 20 (iv), Passage Regulations, India, 1928, regarding free conveyance of individuals waiting themselves of leave in or out of India before the date on which free conveyance actually becomes due.

13 Advance passage to Great Britain for the families of British service officers serving on the Indian Establishment.—See paragraph 227, Passage Regulations, India.

It is desirable that applications for such passages should be submitted as early as possible during the trooping season. Passages demanded during March/April cannot be guaranteed, and any applications received after the 15th January will only be registered on the understanding that the grant of passages will depend on vacancies being available after requirements for all other entitled cases have been met.

Owing to the fact that advance passages can only be provided on transports after all demands for entitled passengers have been met, it should be noted that registration for advance passages does not confer a definite title to passages and no claims on this account can be considered.

14 Liens on passages.—An individual who holds a lien on his passage must submit I A F T 1727 well in advance of the expiration of his lien.

15 Detailing of staff for transports.—Normally the staff consists of O C Troops, Senior Medical Officer, Adjutant, Quartermaster, Baggage Officer, Welfare Officer, and Messing Officer. The latter officer will carry out the duties assigned to him in Voyage Regulations, Appendix "C".

These officers will, unless specially ordered by Q M G in India to the contrary, report to the Embarkation Commandant not later than 10 00 hours on the date prior to sailing and will be required for duty from that hour onwards. If train timings necessitate their arriving at the port overnight, i.e. the day prior to that on which they are due to report they will be entitled to one day's daily allowance.

The grant of leave does not exempt an officer from duty.

16 Officers proceeding on retirement or half pay list not available for duty on board—Should an officer who is due to be placed on the half pay list, or who is proceeding on retirement be detailed for duty, he will report the fact immediately to the Q M G in India by telegram, repeating to the Embarkation Commandant concerned, giving the date of being placed on half pay, or retirement. In cases when time will not admit of the report reaching the Q M G before the vessel is due to sail, the matter will be reported before embarkation by the officer concerned to the Embarkation Commandant who will take the necessary action for releasing such officers from duty. (Attention is invited to paragraph 879, Regulations for the Army in India.)

17 Draft Conducting Officers—The required number of conducting officers will be detailed by Q M G in India as far as possible from the entitled 1st class passengers proceeding by each transport. These officers will be actually detailed to drafts under the orders of the Q M G in India. Officers once detailed as D C Os will not be removed from this duty for private reasons. In cases where the requisite numbers of conducting officers are not forthcoming from the entitled passengers a selection will be made by the Q M G in India from the lists of applicants for Indulgence passages. Owing to shortage of accommodation, this selection will normally fall on individuals unaccompanied by families.

The grant of leave does not exempt an officer from duty.

18 Forming of Drafts—Drafts will be formed under orders issued by the Q M G in India at the time rail orders are issued for each vessel. The officer detailed to accompany each draft will also be included in these orders. A pamphlet giving detailed instructions to be observed by Draft Conducting officers will be issued to all concerned.

19 Officers proceeding to Regimental Depots —

I A F's T-1727 in respect of officers proceeding to Regimental Depots will be endorsed at the top of the forms as follows —

‘Depot Relief—Due to report at the Regimental Depot on

If an officer proceeding to the United Kingdom for a tour of duty at his Regimental Depot is unable to accept the passage allotted a report of the circumstances of the case will be made immediately to the Q M G in India, copies being forwarded to the Military Secretary, Army Headquarters and the Command Headquarters concerned.

21 Waiting lists—1st and 2nd class—A small waiting list of 1st and 2nd class cases will be also maintained for each transport. Warning orders will be issued to certain passengers to hold themselves in readiness to proceed at short notice to fill last moment vacancies. Should no vacancy occur on the transport for which such cases have been warned they will be definitely allotted to the next transport.

22 Applications for passages for departmental officers and warrant officers proceeding on leave pending retirement—Applications submitted after the 15th January for passages during the trooping season on behalf of departmental officer and warrant officers desirous of proceeding on leave pending retirement must be accompanied by reasons explaining delay in submission. In the absence of satisfactory reasons passage may be deferred until the following trooping season.

23 Latest date for submission of 2nd class applications—No second class applications submitted after the 15th January for passages during the trooping season will be considered in the absence of special reasons justifying late submission. Decisions for passages during the trooping season submitted after the 15th January will in the first place be notified by telegram. The telegraphic report must include details of family, if any, giving ages and sex of children, also brief reasons for delay in submission.

24 Messing charges—For particulars regarding messing charges recoverable for all voyages beyond Indian limits see Passage Regulation, India paragraph 49. All messing charges will be collected by the embarkation authorities before passengers embark and will be payable in Indian currency. Cheque or sterling currency will not be accepted.

Messing charges are recoverable on account of sons over 16 years of age in all cases even when travelling as entitled passengers (excepting only those travelling under the Passage (Subordinate) Rules 1925, Appendix "C", Passage Regulations India 1928).

Passengers who are offered and elect the option of embarking on a transport on the day prior to sailing will pay messing charges for that day, irrespective of whether or not they are entitled to free messing for the period of the voyage.

All passengers detailed by Army Headquarters to embark on the day prior to sailing will be provided with free messing on board for that day, after embarkation provided that they are otherwise eligible for free messing for the period of the voyage in accordance with paragraph 49 Passage Regulations, India, 1928. Daily Allowance will not be admissible for this day, in addition to free messing.

25 Messing charges recoverable from passengers disembarking at Marseilles—In the case of families (1st class) proceeding by packet steamer and disembarking at Marseilles messing charges for the full period of the voyage to Great Britain will be recoverable prior to embarkation.

26 Estimates of requirements—troops deck and family berths—A final estimate of requirements on behalf of troop deck and family berths will be submitted so as to reach the Q M G in India by the 15th January. This estimate must include all summer leave cases. After the above date no further requests for passages will be considered in the absence of special reasons.

The initial estimates of bulk requirements (particularly in respect of family berths) by districts and independent brigades must be based on reliable figures so that congestion at the end of the season may be avoided and steps can be taken at the proper time to arrange for any excess requirements over available transport accommodation. The reasons for any

great variation over the original estimate will be explained by the district or brigade concerned as it is considered that units are in a position to furnish fairly accurate estimates at the commencement of a troopng season

27 Applications for passages for destitute cases—The submission of last moment applications on behalf of destitute cases will be avoided. These requests during February and March can only be met at the expense of leave cases

Destitute cases cannot be allotted passages by any other vessel than hired transport and will proceed to ports under local arrangements to arrive the day prior to actual date of sailing, or before 10 00 hours on actual date of sailing. These cases will not be despatched on special troop train

Applications for destitute troopdeck passages must always be accompanied by a certificate from a medical officer to the effect that the individual concerned is fit to travel on the troopdeck. See Part II, paragraph 71 (c)

28 Allotment of passages to payment furlough men—When passages are allotted to payment furlough men, the unit concerned is responsible for the recovery of the passage money

The cost of passages by transport is laid down in A I (I) No B 214 of 1928 and A I (I) No 35 of 1930

29 Completion of Forms T-1713 and T-1713 A showing numbers for despatch each month—In accordance with War Office instructions soldiers will be despatched to the United Kingdom in the order in which they are due for transfer to the Army Reserve or discharge. As far as possible they will be sent home only in sufficient time to permit of their being granted the furlough to which they are entitled prior to such transfer or discharge. To enable this rule to be complied with to the fullest extent possible Indian Army Forms T 1713 and T 1713 A, regarding the requirements for 3rd class accommodation, have been revised to show numbers of men due for despatch each month. Bulk allotments will as far as possible be regulated according to details furnished in the above forms, but the filling of transports takes precedence over all other rules and this may necessitate the despatch of a fair number of men before they should ordinarily sail

Where however the numbers detailed to proceed well in advance of due date seem unduly high details will be furnished urgently to the Q M G in India who will if possible, re-adjust allotments

30 Bulk allotments 3rd class and submission of details for rail accommodation—I A F T-1713 A—(a) On receipt of bulk allotments from the Q M G in India Districts and Independent Brigades concerned will make detailed allotments direct to the units or departments concerned

A copy of the allotments made to units etc. will be forwarded to the Q M G in India to enable preliminary rail orders being prepared pending receipt of T 1713 A referred to in clause (c) below and to the Imbarkation Commandant concerned and all changes made subsequently will be reported to the Q M G in India and to the Imbarkation Commandant concerned

On receipt of their allotments to transports Officers Commanding Royal Infantry units will forward direct to the Director of Medical Services in India Army Headquarters similar nominal roll of other ranks passengers to the U.K. who are travelling nursing orderlies. The same roll the transport will be given. No returns are required

(b) *Submission of A I, B 127*—The attention of all concerned, and particularly heads of departments is invited to the instructions on the reverse of the form. The forms are available for issue on the "as required" basis and accordingly the submission of manuscript copies will be avoided as far as possible. It is essential that this return should be carefully compiled, and that the preliminary return required by Embarkation Commandants is forwarded as soon as the allotment of passage is received.

Full postal addresses in respect of second and third class families (other than those travelling with complete units) will be included in column 10 of A F B-127. Where families expect to occupy public quarters on arrival in Great Britain the address to be given will be that to which they wish to proceed in the event of public quarters not being available.

Alterations and amendments to the preliminary copy of A F B 127 will be notified to the Embarkation Commandant either by means of a fresh copy in substitution, or by memo, and not through the medium of unit orders.

These instructions apply to all second and third class passengers.

(c) *Submission of details for rail accommodation—I A F T 1713-A*—28 days before the date of embarkation, the authorities concerned will submit to the Q M G in India, on I A F T 1713 A the actual final detail of allotments made. This will enable Milrail to make the necessary arrangements for collecting the details and for their despatch by rail to ports as required. Copies of these detailed allotments will be submitted to Embarkation Commandant, Bombay to Embarkation Commandant, Karachi.

Any amendments or corrections which it may be necessary to make after submission of these detailed allotments will be telegraphed to the Q M G in India, repeating to Embarkation Commandant concerned.

If sufficient care is given to original allotments it should rarely be necessary—particularly on the first 2 flights of transports—to carry out any corrections.

(d) With the exception of men on vocational training, men on the pay of, or temporarily detained at Attached Sections, Bombay and Karachi, will NOT be included in unit bulk allotment. Separate allotment for these men will be made by the Q M G in India direct to the O C Attached Section concerned.

All correspondence relating to vocational training personnel will bear the serial numbers allotted in respect of such personnel by Army Headquarters.

(e) Men for vocational training in Great Britain will NOT be included in unit bulk allotments. These are separately allotted by the Q M G in India but the O C unit is still responsible for submitting all documents in accordance with Annexure "A" to these rules.

31 *Minors*—When minors are unaccompanied by a parent the name of the person on board ship in whose charge they will be placed for the period of the voyage, and also the name and address of the parent or guardian in Great Britain to whom the minor is being sent will be clearly stated in all copies of A F B 127.

32 *Forming of pools*—A small pool will be maintained at the Attached Sections Bombay and Karachi with which to fill last moment vacancies.

33 Direct despatch to ports—*First class passengers*, with the exception of class "A" invalids (for instructions regarding whom see Part II), will unless required for duty or to travel on special troop trains make their own arrangements to arrive at the port by the time and date indicated in the passage allotment orders. Officers detailed for duty with troop trains will not be released from such duties without the permission of the Q M G in India.

Accommodation will be provided on troop specials, if required, for families of officers who have been detailed to proceed by such trains.

In the case of complete units proceeding to ports for embarkation all officers must accompany the unit in the special trains unless otherwise ordered by the Q M G in India.

2nd class—Arrangements will be made for as many cases as possible to proceed by troop trains, and special orders will issue for individuals selected to travel by such trains. Those ordered to proceed independently to ports will report to the Embarkation Commandant concerned one day prior to date of sailing and will embark the same day, if passage is by hired transport. Those embarking at Karachi should report between 15 00 and 18 00 hours. Passengers are not allowed to embark in freightship or packet steamers before the day of sailing.

2nd class cases ordered to proceed independently who desire, at their own expense to defer embarkation in hired transports till 10 00 hours on the morning of the day of sailing may do so on informing the Embarkation Commandant concerned seven clear days before sailing, but their heavy baggage must be delivered on the quayside on the day prior to sailing.

3rd class and troop deck passengers except special indulgence and deputation cases, must travel by troop trains unless otherwise ordered by the Q M G in India.

Applications for individual to proceed independently to ports for private reasons will not be entertained.

In cases where the Q M G in India considers it necessary to order *3rd class or troop deck passengers* to ports independently, the journey will be so timed that the individuals arrive at the port the day previous.

36 King's Regulations—Paragraphs 1105, 1107, 1106 to 1108, 1118 to 1122, 1124, 1128, 1132, 1102 and 1103 will be strictly complied with but, whenever A F B 125 occurs therein, read I A F M 1210

37 Returns required on the quayside—

- (a) *For complete units only*—A F B 141, with nominal rolls in quadruplicate. The nominal rolls will be prepared separately for—

(a) 1st and 2nd class

(b) 3rd class

- (ii) *For Drafts and Details*—A F B 127, in sextuplicate for 2nd and 3rd class, separately

A F O 1801 G in original

I A F M 1210 in original, with nominal roll attached for all parties over ten in number

- (iii) *For Invalids*—Documents enumerated in item (ii), and all medical documents accompanying

Note—If for any reason individuals or families shown on any particular form have at the last moment to be despatched separately to the port for embarkation on any one of the other persons on the same form, then they will be given one of the six copies of A F B 127 already prepared with instructions to give it to the Embarkation Staff Officer at the port in support of their embarkation. No extra form will be required next day. Separate copies of I A F M 1210 must however be brought to the port by such individuals, families or parties

38 **Baggage**—Claims for compensation for loss of or damage to personal baggage of military passengers proceeding to the United Kingdom by hired transport or private vessel at Government expense also claims for compensation for the loss of military equipment:—

- (a) No responsibility is accepted by Government, for damage to, or loss of personal baggage and in view of the fact that such baggage is carried at passengers' own risk unless insured by them, they are advised to effect the necessary insurance, the cost of which, however, will NOT be refunded by Government
- (b) The scale of baggage authorised for all ranks and their families, for journey to Great Britain, are contained in Passage Regulations, India, paragraph 350 B
- (c) Official baggage labels will be despatched by Army Headquarters to 1st and 2nd class passengers direct, when passage is allotted, and to third class passengers through district or independent brigade headquarters, on receipt of final distribution of hulk allotments. Labels should be affixed to both ends of all packages
- (d) In the case of 1st, 2nd and 3rd class passengers allotted entitled berths in packet steamers, the Shipping Company's baggage labels will be forwarded to passengers by the Embarkation Commandant as the port of embarkation, through formations concerned
- (e) Any article measuring more than 30 cub ft or weighing more than 5 cwt will NOT be accepted for shipment. See King's Regulations, paragraphs 1118 to 1124

- (f) Wheeled toys, i.e., fairy cycles, scooters, etc., will not be taken into cabins but will be stowed in the main baggage room, the former being crated as in the case of ordinary bicycles. The use of these toys on deck is prohibited.
- (g) The Karachi Port Trust has approved of the proposal to waive wharfage charges in the case of passengers per hired transport on packages containing articles other than personal baggage with the exception of the following —

motor cars,
motor cycles,
pianos,

Horses, other than officers' chargers, and dogs unaccompanied by owners are not included in this concession.

- (h) At Bombay entitled passengers are exempted from the payment of dock dues for themselves and any personal kit carried by them and no claims are made against entitled passengers arriving for embarkation on transports. Exemption from wharfage charges may be obtained by military entitled passengers embarking on freightships or packet vessels by tendering the exemption certificate obtainable from the Embarkation Commandant.

Indulgence passengers are liable for the payment of wharfage dues.

Wharfage dues are payable in respect of motor cars, motor cycles, pianos, horses other than officers' chargers and dogs unaccompanied by owners.

39. Clothing kit bags and baggage of B O Rs —

- (a) Orders for the disposal and adjustment of Indian scale of clothing are detailed in A I (I) No 1035 of 1925.
- (b) Officers commanding units are responsible that only articles authorised in Appendix "A" of A I (I) No 1035 of 1925, are taken to the port of embarkation and that each man is in possession of —

(1) one heavy kit bag,
and (2) one sea kit bag.

All kit not required on the voyage, will be packed in the heavy kit bag which will be of the regulation size and will NOT be used in the form of a cover to a metal trunk or wooden box.

Only kit required on the voyage will be packed in the sea kit bag in which space must be left for the haversack and water bottle to be inserted at the time of embarkation. Greatcoats will be carried separately. Warm clothing will be packed in the sea kit bag for use when the vessel approaches colder climates.

- (c) Attention is invited to paragraphs 11 and 12 of the Appendix to A I (I) No 1035 of 1925 regarding the provision and renewal of sea kit bags. Heavy kit bags are NOT to be used for this purpose. There is no room to stow them on the troop decks. For the railway journey the sea kit bags will travel in

the carriages with the men. The heavy kit bags will be loaded into the brake van or baggage wagons (*care being taken to keep invalids kit bags separate from others*) and will be handled at the port of embarkation by the Embarkation Staff.

No baggage, other than sea kit bags, is allowed to be taken on troop-decks.

Suit case, if brought by men under the rank of Warrant Officer, Class II, will be stowed in the kit bag room if space is available therein, if not, then in such other place as may be available, due regard being had to the necessity for easy and quick access during disembarkation.

(d) It is not proposed to withdraw the privilege, at present enjoyed by all ranks, of taking excess baggage in transports as 'indulgence', when baggage accommodation is available after the requirements of entitled baggage is met, but officers commanding units will bring the following points to the notice of such passengers —

(1) Such excess baggage is stored in the main baggage rooms on transports, owing to lack of space in the kit bag rooms.

(2) On disembarkation the departure of special trains cannot be delayed until the main baggage rooms are cleared, and troops may therefore be required to entrain without their excess baggage.

(3) The customs authorities will not pass locked packages without the production of a declaration form and the keys, and these must be handed over to an agent for clearance of excess baggage and onward despatch. No responsibility or expense can be incurred by Government in this connection.

(4) The baggage allowance on British Railways for 3rd class passengers is 56 lbs. This allowance is often exceeded and a liability for payment of excess charges is incurred, though seldom imposed when the owner travels with the baggage.

(e) In order that the excess baggage of troop deck passengers may be so stowed on board ship, that it can be off loaded and sorted quickly on arrival at the port of disembarkation, each package will be labelled as follows at each end —

TROOPDECK	
Unit	
Number	
Rank and Name	
Port of Disembarkation	
Final destination inland	

Officers commanding units will make their own arrangements for the provision of such labels, which are not provided at Government expense.

(f) Drafts and details leaving India will use mess tins on the journey to the port of embarkation. Plates and mugs will be retained by units.

(g) Vouchers relating to Ordnance Stores which are to be handed in at the port of embarkation will be despatched so as to reach the Ordnance Officer at the port at least two days before sailing.

40 Issue of stockings to families or allowance in lieu—Officers Commanding units will arrange that stockings are issued or that an allowance in lieu under paragraph 10 of the Appendix to A I (I) No 1035 of 1925 when an issue in kind is not available is paid to all families proceeding for embarkation, and that they are in possession of —

Sea Kit Box

Flannel Issue

41 Bedding—Troopdeck passengers—On embarkation on a hired transport (or freight ship where hammocks and blankets are issued), troop deck passengers are issued with one bedding set per man consisting of one hammock, two blankets, and one leather tummy. These will be used on the voyage and will be handed over on completion. Personal blankets in possession of men leaving India will be withdrawn at the port of embarkation, packed into bundles and stowed in the hold, and will not be reissued until arrival at the port of disembarkation.

Applications for passages to Colonial Ports, and within Indian Limits

42. Applications for passages on behalf of parties of 10 and under, moving between—

Bombay and Karachi

Bombay (and Karachi) and Persian Gulf Ports and Basrah,

Bombay (and Karachi) and Aden,

Bombay (and Karachi) and Konkan Ports,

will be submitted by Districts, Independent Brigade or Command Headquarters, Officers Commanding Schools of Instruction, and Recruiting Officers concerned, direct to the M T O, Karachi, in the case of the Northern and Western Commands, and to the D M T O, Bombay, for the remainder of India. A copy of the application will be sent to the Embarkation Commandant concerned.

Note I—In submitting applications for passages for personal proceeding on Consular Service at Kurrum, etc., the name of the place to where they are proceeding only will be mentioned in the requisition form (I A F T-1727). The M T O concerned will then arrange for the passages to the most suitable port in communication with Army Headquarters.

Note II—All applications for passages to ports mentioned in paragraph 42 above, for personnel of the Military Accounts Department will be submitted on I A F T 1727 by the Controller of Military Accounts concerned direct to the M T O, Karachi, in the case of the Northern and Western Commands and to the D M T O, Bombay, for the remainder of India, with a copy to the Embarkation Commandant concerned.

Note III—Applications for passages on behalf of parties of 10 and under moving between India and Burma will be submitted by Districts, etc., to the M T O, Calcutta, with the exception of individuals and parties from units in Southern India whose stations are nearer to Madras than Calcutta. Passages for whom will be arranged by the Station Staff Officer, Madras.

Note IV—The requisition form (T 1727) for passages, other than to and from overseas stations, will be endorsed with the appropriate heading in red ink, as laid down in I A O 164 of 7th March 1929.

43 Applications for passages on behalf of parties over ten in number, also all applications for passages to Africa, the Far East, including Australia and New Zealand and Canada *via* the Far East, will be submitted by Districts etc, direct to the Q M G in India

44 Owing to lack of accommodation in Calcutta families of British other ranks will not be despatched *via* Calcutta en route to or from Burma, without the requisition of the Embarkation Commandant, Calcutta

On receipt of an application for the despatch of families, the Embarkation Commandant Calcutta will intimate, in the case of arrivals from Burma, the steamer by which the party should arrive

Applications for passages to Burma will not be marked "as early as possible" but will show the exact date on which passages are required. Steamers leave Calcutta for Rangoon every Sunday, Tuesday, and Friday. As the hour of sailing is usually early morning military passengers are required to report to the Embarkation Staff on the day previous to sailing

45 Owing to lack of accommodation in Calcutta parties of Indian troops which exceed 50 must not be despatched *via* Calcutta from either India or Burma without reference to the Q M G in India. Parties from India in excess of 50 will, whenever possible, be sailed to Calcutta under orders of "Midrail" for direct embarkation. Such arrangements will only be made after consultation with the Embarkation Commandant Calcutta. This also applies in the case of Fort St George Madras, where parties exceeding 10 must not be despatched without reference to the Q M G in India

46 Provision of passages by transports or freight ships for parties and individuals ordered to proceed to Basrah Aden and the Far East—During the time port is in individual and drafts for Basrah Aden and the Far East—1st 2nd and 3rd class will whenever possible be accommodated on transports or freight ships which may be scheduled to sail to these ports. All concerned will therefore submit details so as to reach the Q M G in India if possible at least two months before such individuals or drafts are due to sail

47 In all cases of applications for passages to Basrah Aden Africa, the Far East, including Australia and New Zealand and Canada *via* the Far East, the paragraph in Passage Regulations India under which passage is admissible will be quoted on the passage application (I A F T 1727) and the nature of the duty will be briefly stated. In the event of telegraphic application for such passages the nature of the duty will also be briefly stated

(i) In the case of passages required for journeys within Indian limits application will be submitted to the authorities mentioned in paragraph 42 of the Trooping Rules. One copy of the movement order at the foot of the form is required to be rendered to the shipping agents with passage requisition forms (I A F T 1727) for submission to the controller of military accounts for audit

(ii) Information as regards the appointment, unit or formation the stations from and to which the individual is proceeding and the port of disembarkation will be included in the remarks column of I A F T 1727 and a copy of the order authorising the move will also be attached thereto vide I A O 337 of 1923

(iv) The movement order at the foot of I A F T 1727 will be completed to show details of families and the number of servants for whom

passages are required, and, when the number of individuals travelling is too great to allow the names and particulars to be shown on the movement order, a separate roll signed by the administrative officer authorising the move will be attached to the form, vide I A O 499 of 1928

(v) Particulars as regards ages and sex of children will be shown on the application and the movement order, and in the case of adult daughters, a certificate to the effect that they are unmarried will be furnished thereon

(vi) The paragraph in Passage Regulations under which passage is admissible will be included in the passage application, also in the movement order, and the specific nature of the duty will be briefly stated

(vii) In the case of an individual proceeding to or returning from an examination or course of instruction, the certificate prescribed in I A O 186 of 1926 is required to be revised as laid down in paragraph 182, Passage Regulations, and endorsed on the movement order as under —

“Certified that this is the first occasion on which ‘Rank Name, etc.’ is attending the ‘Course of Instruction, or Examination’”

Note—The particular examination or course of instruction only will be mentioned. Details of the particular station or the school of instruction are not required

(viii) When passage between Karachi and Bombay is arranged for Indian ranks and class I followers granted furlough, a certificate will be endorsed on, or attached to the movement order, as under, as required by item 72, Appendix XVII, F R, Part II, as amended by correction slip No 213 of May 1929

“Certified that the man/men referred to, who proceeded on furlough as distinct from leave or casual leave, has/have over two years’ service is/are within the percentage authorised in paragraph 931 (a) Regulations for the Army in India, and that he/they was/were not, or will not be permitted to proceed on leave (as distinct from furlough) except as provided for in paragraph 931 (ii) *ibid* during the course of the year, nor did he/they proceed on furlough during the previous year”

(ix) When packet passage is authorised for Indian ranks granted leave on the recommendation of a medical board under paragraph 300 (k), Passage Regulations, a copy of the station order authorising the same will be attached to the movement order

48 The approval of the Adjutant General in India is necessary in all cases of draft reinforcements required for Indian Cavalry, Infantry, Pioneers and Sapper and Miner Units, and units of the Indian Signal Corps serving overseas

49 The expected date and time of arrival of parties, or individuals, at ports of embarkation, will be included in the acknowledgment of the allotment, sent to the Embarkation Commandant concerned

INDULGENCE PASSAGES

50 **Eligibility for indulgence passages**—Indulgence passages are admissible under the provisions of King’s Regulations, paragraph 1143

In accordance therewith applicants for first class indulgence passages are warned that they are liable to be landed at intermediate ports if their berths are required for individuals entitled to proceed at the public expense. This liability will fall in order of seniority, but the passenger whose berth is required may, at the discretion of the G O C at the intermediate port, be allowed, instead of landing, to pay the cost of the packet passage involved

51 It should be understood that as indulgence passages are not granted unless "entitled" passengers cannot be embarked, their number is generally extremely small—They are allotted strictly in accordance with priority of applicants as determined by Appendix "G", Passage Regulations, India. No definite information can be given as to whether accommodation will be available on any transport for indulgence passengers, and registration confers no right to passage and no claims on this account can be considered.

52 **Warning to be signed by 1st class indulgence passengers**—Embarkation Commandants will arrange for a certificate in accordance with second clause of paragraph 50 to be signed in duplicate by all 1st class indulgence passengers before embarkation.

The original certificate will be handed over to the O C Troops, who will use it as his authority to disembark individuals at an intermediate port, if necessary.

Embarkation Commandants will furnish the O C Troops on board with a priority roll of indulgence passengers actually embarked on each vessel, with instructions that in the event of accommodation being required at intermediate ports, the officer or family shown at the bottom of the list shall be disembarked first.

53 **Procedure for submission of applications**—The procedure with regard to applications for, and allotments of, indulgence passages, during troopings will be as follows—

(i) *Indulgence passage forms and acknowledgments*—All applications will be submitted on I A F T 1720 H and the attention of all concerned is directed to the instructions printed on the reverse of the form.

(ii) *Channel of submission*—Applications will be prepared and submitted in duplicate to the Quartermaster General in India through the applicant's O C or other formation to which the individual belongs.

Those of individuals not attached to any Unit or Department will be submitted through the Officer Commanding the Station, or Brigade Headquarters concerned.

(iii) *Date of submission*—Applications will normally reach the Quartermaster General in India, by the 25th August.

(iv) *Certificate to accompany applications*—In the case of officers of the Royal Engineers, Indian Corps of Signals and Indian Pack Artillery, who are applicants for indulgence passages, a certificate will accompany their applications stating that they are not entitled to passages under the Regulations, India, App "AA".

Applications submitted after the 31st January will not be registered unless special reasons can be furnished in support of such requests. In all cases applications will be submitted through District and Command Headquarters.

54 **Eligibility of applicants and priority rolls**—Eligibility of applicants will be checked, and combined priority rolls, determined strictly in accordance with the categories laid down in Appendix "G", Passage Regulations, 1928, be prepared at Army Headquarters. These combined priority rolls will then be forwarded to Embarkation Commandants and Command Headquarters concerned. Embarkation Commandants will allot vacancies to those in the highest categories.

Under existing arrangements sailing lists for each transport are, as far as entitled passengers are concerned, closed at Army Headquarters and despatched so as to reach the Embarkation Commandant concerned, at least 14 days prior to the sailing of the particular transport. Indulgence rolls will therefore be closed down on the same day as entitled rolls, and amendments bringing indulgence priority rolls up to date will be forwarded to the Embarkation Commandant at the same time as the entitled roll.

No additions or alterations will be made to the indulgence priority roll between the date of despatch of the final amendments and the date of sailing of the particular transport. Any applications received within 15 days of a transport sailing will therefore only be carried forward on to the lists for the next transport.

55 Allotments between ports which may become available on transport reserved for applicants from Army and Western Command areas, accommodation on transports from Bombay will be reserved for those in the other Commands and Burma District.

56 Passages for nurses accompanying families granted 1st class indulgence passages—Owing to the scarcity of 2nd class accommodation on transport nurses, as such, cannot be given 2nd class indulgence passages or passages on payment to accompany families who are travelling as 1st class indulgence passengers.

57 Reserve of 5 berths on each transport for last moment entitled cases—The last 5 indulgence allotments made to any particular vessel will, until 5 days of date of sailing, be considered as provisional in case this accommodation is required urgently for entitled applicants. The Embarkation Commandant will ensure that applicants for indulgence passages allotted to fill this accommodation are informed that allotment must be considered as provisional till expiry of the time limits given above.

58 Notification of allotment—In the case of allotments to individuals in military employ, the notification of such allotments with details of messing charges, etc., will be sent by the Embarkation Commandant concerned direct to the Office Commanding the unit or other formation to which the individual concerned belongs. This notification of allotment will not be repeated by the Embarkation Commandant to other superior formations and will be repeated to the individual himself only if it should be known in the office of the Embarkation Commandant that the individual is absent from his unit, i.e., on leave or on a course of instruction, etc. The officer forwarding the application for indulgence passage will be responsible for immediately reporting direct to the Embarkation Commandant concerned repeating to the Q. M. G. in India any change of rank and of address of the

(u) Names of 1st, 2nd or 3rd class applicants for indulgence passages who were offered but did not accept, passages by that transport. Copies of such lists will be sent to the Command concerned.

60 Removal of names from registers—The Q M G in India will decide what action is to be taken in cases falling under 59 (u) above but, pending the receipt of instructions, the Embarkation Commandant will remove from the priority lists kept by him names of all persons who refuse indulgence allotments.

61 Filling of last moment berths—In the event of berths falling vacant at the last moment before the sailing of a transport, the Embarkation Commandant may, in order to avoid the vessel sailing with empty berths, fill any such berths to any registered applicants for indulgence passages, who are present at the port of embarkation, irrespective of their position on the priority rolls. This procedure will only be adopted when there is not sufficient time to offer the accommodation to the applicant, whose name stands first on the priority rolls for allotment of passages.

62 Proceeding to port of embarkation on chances of passages falling vacant—Applicants for indulgence passages must not be encouraged to proceed to ports of embarkation in the hope that owing to berths falling vacant at the last moment they may receive an allotment of passage out of their turn.

By doing so, it is true that they may obtain a passage, but it is more likely that they will not, and the heavy extra expense incurred while detained in places like Bombay gives rise to discontent and complaints for which there is no remedy.

63 Selection of officers for duty on board transports—Additional officers may be required for draft conducting purposes on board transports proceeding to Great Britain.

The requisite number of officers will be selected by the Q M G in India from the list of applicants for indulgence passages. In selecting names the order of priority in which the names of those eligible appear on these lists will be strictly adhered to subject to the restriction that, owing to lack of available accommodation the selection will normally fall on officers who are not accompanied by families.

64 Officers proceeding on half pay or retirement not to be selected for duty—Only officers eligible under the regulations will be selected. Under no circumstances can officers proceeding on half pay, or retirement, be detailed for duty. (Attention is invited to paragraph 879, Regulations for the Army in India.)

65 The practice of formations or individuals making enquiries from Army Headquarters, either by official or demi-official correspondence, regarding the positions on the Priority Rolls of applicants, or the likelihood of vacancies on certain transports, gives rise to extra clerical labour and must cease. Such enquiries will not be attended to.

Any complaints as to position on or omissions from the Priority Rolls will be brought to the notice of Army Headquarters by the Command concerned.

In cases of urgency where the possibility of injustice arises communications may be made by telegram.

66. Shipment of pets, *ex-India*.—A. No parrots or monkeys are allowed on troopships.

B. Rules regarding the embarkation of dogs are as follows:—

Where a Cavalry Regiment, Artillery Brigade, or Infantry Battalion is embarked on a transport, the following kennels shall be reserved for the unit's use:—

Cavalry Regiment	4 kennels
Artillery Brigade	3 kennels
Infantry Regiment	4 kennels

The reservation will be continued in favour of any unit which may embark at any intermediate port throughout the voyage. Any kennel of the unit quota not required by the unit, shall be available for allotment to passengers proceeding to the station to which the unit in question is proceeding. The conditions under which dogs may be imported into Great Britain, Egypt, Gibraltar, the Sudan and Malta, are given below:—

I. *Great Britain*—

- (i) Applications to take dogs on hired transports will be addressed by individuals to the Embarkation Commandant at the port from which the transport will sail. Applications will definitely state the name of the transport and the name of the person who will be responsible on boardship.
- (ii) In no circumstances will dogs be carried on the hospital ship H. T. "Nevasa".
- (iii) Eight dogs is the total number allowed in any one transport; once this number is complete no further allotments can be made. Dogs will be allotted passages by priority of applications.
- (iv) Permission will not be granted for more than two dogs to be shipped by an applicant, unless within three days of sailing it is found that by allowing more than two to any applicant the total number of eight is not exceeded.
- (v) The master of a troopship is bound by law to see that no dog is embarked for Great Britain in the transport under his charge except upon the production of:—
 - (a) The Minister of Agriculture and Fisheries license authorising the landing, or
 - (b) A communication from the Ministry intimating that such license has been issued to the carrying agents authorised by the Ministry to meet the dog at the port of arrival in Great Britain.

No dogs will be shipped without the production of one or other of the above documents at the quay-side. Applications for licenses should be made to the Ministry of Agriculture and Fisheries, 1, Whitehall Place, London, S. W. 1.

A statement to the effect that a license has been applied for will not be accepted nor is an intimation from agents that a license is available of any use. No departure from this rule can be entertained.

- (vi) All arrangements for feeding of dogs on the voyage must be made by the owner at his own expense.
- (vii) Dogs will be conveyed entirely at owner's risk.
- (viii) For freight ships and packets, owners must make their own arrangements with the shipping company concerned.

(ix) If an imported dog is not detained and isolated as required by this order, or by the conditions or provisions of any license or notice thereunder, or if there is reason to believe that a dog has been landed in contravention of this Order, an Inspector or other Officer of the Ministry or of a Local Authority or a Police Constable may —

- (a) serve a notice upon the owner, or person in charge of the dog, requiring that, within a time specified in such notice, the dog shall be moved (i) to a vessel for exportation or (ii) to a place of detention approved by the Minister for the purpose of detention and isolation at the expense of the owner of the dog, for a period of six calendar months from the date of landing of the dog, or
- (b) seize or detain the dog, and the dog shall, as soon as practicable thereafter, be removed to a place of detention by the Minister for the purpose of detention and isolation, for a period of six calendar months from the date of the landing of the dog

II *Egypt*—Beyond the provisions of paragraph 1116, King's Regulations, there are no local restrictions on the importation of dogs

III *Gibraltar*—Importation of dogs from any country other than the United Kingdom or Ireland is absolutely prohibited. There is no restriction on other animals

IV *Sudan*—The import of dogs into the Sudan is prohibited save as hereinafter provided —

- (i) Dogs from countries free from rabies may be imported at Port Sudan on production of a permit in writing from the Director of the Veterinary Department, Sudan Government provided that such dogs are shipped on vessels sailing to Port Sudan and are not landed at any intermediate port and that no other dogs are shipped at any intermediate port from a country which is not free from rabies and subject to such further conditions, if any, as the Director of the Veterinary Department Sudan Government may in each case think advisable to enforce
- (ii) It shall be in the discretion of the Director of the Veterinary Department, Sudan Government, to refuse a permit in any case
- (iii) With regard to sub-clause IV (i) no permit will be given by the Veterinary Department Sudan Government, for dogs arriving from India. There are no published restrictions on the imports of animal pets but the Veterinary Department would not admit pets such as monkeys or other small mammals from India

V *Malta*—Applicants wishing to take dogs to Malta should apply on the form shown below to the Headquarters of the Governor and Commander in Chief Malta who will take necessary action for stamping and transmission of the forms to the civil authorities at Malta. The cost of stamps will be recovered from the individuals concerned on arrival at Malta

- (i) All dogs landed in Malta shall be conveyed direct to the quarantine station and kept under observation for a period not exceeding six months
- (ii) The application must be accompanied by a certificate signed by the Official Veterinary Surgeon of the place or places where the dog has been to the effect that no rabies existed

there during the period of forty days immediately previous to the date of the certificate to permit such dog to be conveyed to, and kept under observation in any place other than at the quarantine station as may be approved of by the Government Veterinary Surgeon

- (ii) During the period of observation the dog and the place in which it is kept shall be subject to inspection at any time by the Superintendent or any other Sanitary Officer appointed by him
- (i) The fee for the certificate, the cost of conveyance to and the maintenance of dogs in the quarantine station shall be at the charge of the owners or any other person for the time being responsible for the dog
- (ii) The maintenance charge at the quarantine station is fixed to be 3d per diem according to size of dog payable every fortnight in advance. In default of payment of such charge within four days from the date on which it falls due it shall be lawful for the Superintendent to cause the dog to be destroyed

Application for a license from the Public Health Department for the importation of a dog or for the removal of a dog from a place of detention in quarantine to other premises

Name, Signature and Address of Applicant	
Indication of the country from which the dog is or has been imported	
Premises in which the dog is detained	
Premises in which it is proposed to have the dog isolated	
Length of time during which the dog has been in the uninterrupted possession of the applicant	
Breed, description and age of the dog	

(7) Instructions to applicants for the conveyance of private motor cars by transports to the United Kingdom as "Indulgence"—

(a) The numbers and dimensions of cars which can be carried in transports are as follows:—

Vessel	Cars	Dimensions
Nerava . . .	2	11' 2" × 7' 6" × 7' 3" high (one) 11' 2" × 7' 6" × 5' 9" high (one)
Neuralia . . .	3	11' 6" × 7' 6" × 5' 6" high
Dorsetshire . . .	6	"Austin 7 tourers" and cars of similar dimensions which when crated do not exceed 3' 6" in height
Somersetshire . . .	6	
Lancashire	Will be notified later.

(b) Applications will be submitted in duplicate to the Quartermaster General in India

(c) Available accommodation in transports for motor cars is strictly limited. It is essential therefore that applications for such accommodation should be submitted well in advance of the desired date of shipment

(d) Applications for accommodation must contain full information as to the size of the car in crate, and its weight. Without this information no application will be considered

(e) Private motor cars, if accepted, will be shipped at owner's risk.

(f) Dock dues and any other incidental shipping charges must be met by the owner

(g) The applicant will be required to certify that the car is his own private property and to give any special reasons in support of his application to have it conveyed to the United Kingdom in a hired transport. The applicant will also be required to certify that the petrol tanks, oil tanks, etc., are empty and that the car is free of petrol gas

(h) The following scale of charges will be collected before actual shipment to cover the cost of loading at the port of despatch and unloading at port of destination —

£3 for cars weighing packed one ton or less

£5 for cars weighing packed more than one ton

The amounts collected will be credited to public funds, and a note made on the shipping return to that effect

68 Shipment of unaccompanied entitled baggage, and indulgence baggage by hired transports—Applications will be submitted in duplicate to the Quartermaster General in India

The following information should accompany all applications —

(a) Measurements, weights and contents of each package and marks thereon

(b) Name of agent to whom consigned at port of de-patch

(c) Name and address of person to whom consigned in U. K.

(d) Name of agent to whom consigned at port of destination

Applicant will be responsible for the despatch of the baggage to the port concerned and for its actual shipment

Owing to the fact that "entitled" baggage has a prior claim to shipment on transports, it should be noted that "indulgence" baggage is liable to be shut out at any time without notice, and no claim on this account can be considered. No unaccompanied indulgence baggage will be shipped on the last transport

69 Customs Regulations (United Kingdom)—Customs declarations will be prepared prior to disembarkation, by all 1st and 2nd class passengers, on a form which is circulated on board prior to arrival in English ports

When third class passengers have been permitted to ship as an indulgence kit boxes or suitcases in excess of their authorised quantity of baggage, signed declarations should be prepared by such passengers ready to be handed to an agent with the keys should time not permit the baggage being passed through by the owner

With the above exception third class passengers will be required to make a verbal declaration to the customs officers before leaving the dock premises as to whether or not they are in possession of dutiable articles

The following are the instructions regarding dutiable articles —

- (i) All dutiable, prohibited and restricted articles in possession of a passenger, however small the quantity may be, must be declared and produced to the customs officer who examines the baggage, otherwise smuggling penalties are incurred. No prohibited article, however small the quantity, will be permitted to be imported
- (ii) All dutiable articles are liable to duty. In practice, however, passengers may be allowed to retain small quantities of dutiable articles for their own personal use without payment of duty, provided that they are duly declared and produced
- (iii) The customs officer may require all packages of baggage to be opened for his examination
- (iv) No articles except personal effects may be imported in baggage

... ..

(d) The duties (subject to fluctuation) are —

	Duty		
	£	s	d
For every pound of cigars (if declared)	0	16	10
For every pound of cigarettes (if declared)	0	13	7
For every pound of Cavendish tobacco (if declared)	0	12	10
For every pound of cut tobacco (if declared)	0	11	2

(iii) The duty on perfumed spirits is £6 3s 5d per gallon

(iv) If dutiable articles are in possession and the goods are *not* declared the offender is liable to prosecution before the magistrates and to forfeit treble the duty paid value of the goods

When units are embarking the Officers Commanding will take steps as they may consider necessary to ensure that baggage of a non personal nature, *e.g.*, company and institute boxes, are not used as a means of evading the customs regulations

The following are the principal articles which are liable to customs duty in the United Kingdom —

Tobacco, including cigars, cigarettes and snuff

Spirits and articles containing spirits liqueurs, bay rum, wine and beer

Perfumed spirits, *e.g.*, *eau de Cologne*, toilet waters, etc

Tea, coffee, chicory, cocoa and chocolate

Sugar and goods containing sugar, saccharin and similar substances

Cameras, field and opera glasses, magnetos, vacuum tubes, wireless valves, and other articles liable to key industry duty, such as —

Optical glass and optical instruments and their component parts
 Scientific glassware, lamp blown ware and laboratory porcelain
 Scientific instruments and certain gauge and measuring instruments of precision and their component parts
 Permanent magnets, arc lamp carbons, and noisy latch reedles
 Metallic tungsten and its products, etc
 Compounds of thorium and other rare earth metals
 Certain synthetic organic and other chemicals (*see below as to prohibition of dyestuffs*)

Cinematograph films

Clocks, watches, and their component parts

Motor cars, motor cycles and their accessories and component parts

Musical instruments and their accessories and component parts, including gramophones and gramophone records

Silk and artificial silk in all forms, including all articles made with or containing them

reached Army Headquarters by 10th February, on which date final berthing arrangements for remaining transports are normally made

73 The documents of invalids will be forwarded through the usual channels so as to reach Army Headquarters not later than a fortnight after the date on which the Board is held, or earlier, if possible

74 When any patient is invalided by a Medical Board held after 1st February, the finding will be reported *by wire* to the D M S by the O C hospital, giving full particulars as in para 79 below. The documents of such cases will be forwarded *immediately* through the usual channels so as to reach Army Headquarters within 10 days of holding the board

75 To avoid congestion at the end of the troping season it is essential to bring before a Medical Board as many proposed invalids as possible in August and October. Any attempt to take account of climatic conditions with regard to the type of cases and the season of the year in England has been found to be valueless, the advantages being outweighed by the disadvantages. It should be clearly understood that, though a given case might preferably arrive in England in the spring, the individual must give place to the general welfare. Keeping the bulk of the cases until the December board defeats its own object, causes congestion and hardship at the end of the troping season, and may lead to the invalids having to remain in India for a hot weather until the next troping season begins

76 The rules in Passage Regulations, India, 1928, governing the grant of invalid passages have been tabulated for easy reference and will be found in Appendix I to these instructions

77 **Passages on packet vessels**—These are governed by Passage Regulations, India, 1928, paras 31, 187, 202 (c), 235, 241 (b) and 262 (j). Packet vessels are privately owned and the Q M G in India is in much the same position with regard to obtaining passages as a shipping agent and cannot order the companies either to allot accommodation or to allot accommodation on a definite date, and owing to the particular difficulty in securing passages by packet vessels between February and April, there is danger of late applicants having to wait until June

Further, packet vessels are in many cases less suitable for carrying invalid than troopships are. This specially applies to cases requiring attendance, special treatment, etc., and will be taken into consideration by the Q M G in India when recommending passage by packet vessels

The following will always be classified as "Class A" —

- (a) mental cases,
- (b) cases of pulmonary tuberculosis,
- (c) men with disabilities of arm or leg which disable them from fetching their own hammocks, slinging them to the deck above, getting into and out of them, and putting them away in the morning, which duties are incumbent on "Class B" cases.

This original classification is not necessarily final, as the condition of a patient may materially alter after his Board has been held, in which case classification from "A" to "B", or *vice versa*, will be made by the O C hospital concerned, a notification being sent immediately to the D M S in India by telegram repeated to Q M G in India, and if passage has already been allotted the telegram will also be repeated to the Embarkation Commandant and to the O C B M H at the port concerned.

NOTE—Medical Boards may be inclined to think that by labelling a patient as "Class A" they are doing a kindness, this is by no means necessarily the case, and may have the opposite effect. Accommodation for "Class A" invalids is always limited, that for "Class B" invalids is, as a rule, ample, therefore an excess of "Class A" invalids may mean that the invalids so classified have to be kept back, although they might have travelled in comfort, and without detriment to their condition as "Class B" invalids.

The words "Class A" or "Class B" will in all cases be entered in large red letters on the upper right hand corner of the front page of the Board proceedings.

79 Applications for passages—Immediately after the conclusion of a Medical Board, the O C hospital will forward I A F (Medical) 6 in duplicate to the A D M S for transmission to the D D M S of the Command, accompanied by two copies of the proceeding of the Medical Board for each case.

When an officer of the Royal Army Medical Corps, Army Dental Corps, Indian Medical Service, a member of the Military Nursing Services or Indian Medical Department is invalided by a Medical Board, an additional copy of the Medical Board proceedings will be forwarded for D M S in India.

The D D M S of the Command, or A D M S, Burma District, will strike out from all copies of I A F (Medical) 6 the names of those not approved by him and will forward them to the D M S in India, together with one copy (or more as above) of the Medical Board proceedings of those cases only which he has approved for invaliding. The second copy of the Board proceedings will be returned by the D D M S to the A D M S for transmission to the O C hospital. All copies of the Board proceedings of those cases which the D D M S does not approve for invaliding will be returned through the A D M S to the O C hospital.

In the case of a mental invalid, I A F (Medical) 6 will be made out in red ink (all entries), and four copies will be forwarded.

In the case of an officer of the R A M C or A D C, another copy of the proceedings of the Medical Board will be forwarded by the O C hospital direct to the D G A M S, War Office, London, after the finding of the Board has been approved.

I A F (Medical) 6 for officers, warrant officers and their families will be accompanied by I A F T 1727 (Form of application for entitled

sea passages) in duplicate, except in the case of Indian service officer and their families entitled to leave passage concessions under the rule in Appendices A and AA of Passage Regulations, India, 1928. In the latter case the following information will accompany I A F (Medical) 6 —

- (i) Line of steamers officer wishes to travel by
- (ii) Class and grade of accommodation required
- (iii) For whom accommodation is required
- (iv) Whether single or return passages are required

In the case, however, of Indian service officers who are being invalided as a result of field service I A F T 1727 in duplicate will accompany I A F (Medical) 6 as such officers get a free passage under paras 202 (a) and 187 (i) of Passage Regulations, India, 1928.

The following will also accompany the invaliding documents —

- (1) Certificate as required by para 346 of Passage Regulations India 1928, when a private nurse is accompanying an officer's family who is not entitled to passage concessions under Appendix "A" or "AA", Part II
- (2) Certificate as required by para 227 of Passage Regulations India 1928, when advance passages are required on medical grounds for the family of a British service officer serving on the Indian establishment

Applications by telegram to arrange passages for invalids are at all times unsatisfactory when however, such applications are made for special reasons e.g. when immediate despatch is necessary for the preservation of life or for very urgent and grave reasons of health or as required in para 74 above, they will be addressed to the D M S in India. The following information must be given —

(a) For persons invalided—

- (1) Rank, name, unit. In the case of children sex and age must also be stated. (In case of a member of a family, the rank of head of family is required and relationship.)
- (2) Disease or disability

(3) With a passage required for children's European nurse
(See Passage Regulations, India, 1928, para 345)

NOTE.—In the case of officers and families who are entitled to leave passage concessions under the rules in Appendices "A" and "AA", Part II, of Passage Regulations, India, 1928, the information required by sub para 6 (i), (ii), (iii) and (iv) above will also be given

I A F (Medical) 6 and the proceedings of the Medical Board will be forwarded at the same time through the usual channels

50 Passage allotment.—The allotment of invalids to troopships will be made by the Q M G in India direct to the District Headquarters concerned. The orders issued regarding times of arrival at the port of embarkation must be strictly adhered to

In every case in which an officer who is entitled to leave passage concessions under Appendix "A" or "AA", Part II, of Passage Regulations, India, 1928, makes his own arrangement for a passage, the fact will be notified by the A D M S concerned in a telegram addressed to the D M S in India and repeated to the Q M G in India

51 After accommodation has been allotted by the Q M G in India, the Medical Board proceedings and connected documents, and one copy of I A F (Medical) 6, will be sent by the D M S in India to the Embarkation Commandant concerned. One copy of I A F (Medical) 6 will be returned by the D M S to the A D M S concerned for information and retention

52 Disposal of invaliding documents.—Medical Board proceedings (A F B 179, A F A 2, I A F M 1243) and connected papers will be disposed of as follows —

- (a) *When an invalid travels by transport*, the documents will be handed over by the Embarkation Commandant to the S M O on board who will in turn hand them to the Embarkation Commandant at the port of disembarkation

In the case of invalids for admission to hospital in the United Kingdom the Embarkation Commandant at the port of disembarkation will readdress the documents to the hospital to which the invalid is sent, in other cases he will dispose of them as shown below —

- (b) Officers of the British Service [except those in (ii) below] and their families and army schoolmistresses

• Members of the Q A I M N S

Families of British other ranks

- (ii) British Service officers holding staff appointments in India
- Officers of the Royal Engineers
- Officers of the Indian Army
- Departmental officers and warrant officers of Indian Departments
- Non departmental warrant officers and all N C Os on the Unattached List
- Officers of the Royal Engineers and Royal Corps of Signals who have served 5 years under the Indian Government
- Officers of the Royal Artillery serving with Indian Pack Batteries
- Members of the Q A M N S I (Regular and temporary)

and
their
families

India Office

(iii) British other ranks—

Officer in charge, Records concerned

(iv) R A F personnel—officers and airmen—

- (a) If admitted to hospital—to the officer commanding the hospital
- (b) If not admitted to hospital—to the R A F embarkation officer, Southampton, for transmission to the Air Ministry or the Officer in charge, R A F Record, Rushup, Uxbridge

Medical Board proceedings and connected papers, which may be received by the Embarkation Commandant after the invalids to whom they refer have sailed, will be forwarded by post to the Embarkation Commandant, Southampton, for disposal as above

- (b) *When an invalid travels by packet vessel*—If the invalid is proceeding to the United Kingdom, the documents will be despatched by the Embarkation Commandant by current mail to the authority concerned in the United Kingdom, *vide* para 52 (a) above. If, however, the invalid is proceeding to a Dominion or Colony, the documents will be sent to the Minister of Defence of the Dominion or Colony concerned, the patient

will be handed a copy of the forwarding memo only to enable him to inform any subsequent Board as to their disposal

In the case where a Medical Board considers that medical attendance on the voyage is necessary an extract from the statement of case only will be handed by the D A D M S (D and E) to the ship's surgeon. This extract will be prepared and posted by the O C hospital concerned to the D A D M S (D and E) so as to reach him three clear days before the patient has to embark.

The only exceptions to this rule are cases of mental disability, in respect of whom a duplicate copy of all the medical documents will be sent with the patient from his station of departure and handed to the ship's surgeon or medical officer in charge of the patient as confidential documents by the D A D M S (D and E), who will obtain his receipt and instruct him to hand them to the officer who receives the patient at the port of disembarkation.

(c) *When an invalid dies in India or elects for discharge in India —*

The medical documents of such cases will be disposed of by the Embarkation Commandant as indicated in para 82 (a) above, if the documents have already been received by him, otherwise they will be sent by the A D M S District or Independent Brigade to the appropriate destination.

83 Medical documents other than invaliding documents — The following is a list of medical documents which will accompany the invalid for the information of the medical officers through who e hands the invalid passes and will be handed over on I A F Z 2014. These are independent of the invaliding documents which are despatched by post to the Embarkation Commandant by Army Headquarters.

A B 172 (Medical certificate) and I A F M 1240 (Health certificate) and connected documents which may be —

A F B 178 (Medical history sheet)

I A F M 1265 B (Malaria case sheet)

A F I 1247 (Modified for India) (Venereal case card)

A F B 117 (Injury report)

A F I 1237 (Medical case sheet)

A F B 181 (Clinical chart)

The documents will be enclosed in a sealed cover, endorsed with the contents and with the number, rank, name and unit of each individual concerned. A complete list in duplicate of the men concerned will be placed inside the envelope showing the contents of the envelope, document by document, against each man's name.

In the case of invalids travelling by packet vessel, the Embarkation Commandant will transmit the documents by the current mail direct to the War Office, India Office or Air Ministry as the case may be.

84 Regimental documents — Before invalids leave their stations, units will prepare the documents called for in Annexure "A" to Part III of this Order, and forward them together with all other regimental documents to the O C hospital, in the manner laid down in Annexure "D" to Part III of this Order.

The O C hospital will place these documents with the medical documents and they will accompany the invalid to his destination except in the case of an invalid proceeding by packet vessel when these documents will be sent by the Embarkation Commandant in a registered cover by the current mail to the War Office, India Office or Air Ministry as the case may be

85 Despatch of invalids—"Class A" invalids will invariably be despatched as sick transfers from hospital

"Class B" invalids will not be re-admitted for the purpose of transfer, but will be "detained" in hospital for one night prior to departure, and will be despatched as transfer from barrack treatment

Invalids are despatched to the port of embarkation under the orders of the Q M G in India, either to the local hospital pending embarkation or for direct embarkation. Normally "Class A" cases are sent to await embarkation in the local hospital and "Class B" cases for direct embarkation, but in special circumstances, vide para 88, this procedure may be varied

86 Notification by Os C hospitals of the despatch of invalids—Before a "Class A" invalid is transferred to the local hospital pending embarkation, a preliminary notification giving the information detailed below will be sent to the O C hospital by post so as to reach him three clear days before the arrival of the invalid, or where time does not permit, by telegram

This notification will be repeated in all cases to the Embarkation Commandant concerned, and in all cases in which accommodation is required for families accompanying 2nd or 3rd class invalids to the O C Attached Section at the port

- (1) Rank and name
- (2) Disability
- (3) Lying or sitting
- (4) Diet
- (5) Time and date of arrival
- (6) Name of railway station at which patient is to arrive
- (7) If accompanied by attendant or not
- (8) Details of family if any accompanying

SS Reception and accommodation of "Class A" invalids at port of embarkation—(a) At Bombay—Invalids transferred to the B M H, Colaba, who arrive by train will be met by the hospital authorities. If they arrive by sea from Karachi they will be met by the D A D M S (D and E.)

First and second class invalids unaccompanied by families and third class invalids whether accompanied by families or not will be despatched under the orders of the Q M G in India, so as to arrive in Bombay 3 to 5 days prior to embarkation. The invalids will go to the B M H, Colaba, and the families to the Special Attached Section, Colaba for accommodation pending embarkation.

First and second class invalids who are accompanied by families will be despatched so as to arrive on the day prior to embarkation. The invalids will go to the B M H Colaba, pending embarkation, and the families will proceed on board on the day of arrival.

Should a first class invalid desire to make private arrangements for accommodation in Bombay, he will notify the O C, B M H, Colaba that accommodation in the hospital will not be required. In such cases the invalid will understand that he will not be met on arrival at Bombay, and that he will be personally responsible for all arrangements until the time when he reports for embarkation.

The O C hospital from which the invalid is proceeding will be the authority for deciding whether he should be permitted to make his own arrangements for accommodation. The Embarkation Commandant at the port of embarkation will be informed of this permission in the telegram notifying the despatch of the invalid concerned.

In the case of those officers who will be accommodated in the hospital, uniform will be worn on arrival at Bombay except by stretcher case.

It is possible that exceptions in following the procedure regarding the despatch of invalids accompanied by families so as to arrive in Bombay on the day prior to embarkation will occur such as the invalid being a small child accompanied by the mother and other members of the family, or if the invalid is the mother accompanied by small children. In these cases, it may be desirable to arrange for direct embarkation unless such families can be accommodated in the local hospital until embarkation takes place.

"Class A" invalids for direct embarkation will be met by the Embarkation Commandant.

(b) At Karachi—Invalids transferred to the B M H, Karachi, will be met by the hospital authorities and accommodated in the British Military Hospital. The families accompanying second and third class invalids will be accommodated in the Attached Section.

The rules in sub-¹paras (a) 4, 5 and 6 above relating to first class invalids will apply to Karachi also

"Class A" invalids for direct embarkation will be met by the Embarkation Commandant

89 Reception and accommodation of "Class B" invalids at port of embarkation—These invalids will be met in the same way as troops by the Embarkation Commandant

90 Mental cases—These will be disposed of in accordance with para 288 of Regulations for the Medical Services of the Army in India. When possible they will be detained in their station pending embarkation. Otherwise, mild cases will be transferred to the B M H, Deolali, and those requiring close and strict supervision to the Mental Hospital, Yeravda, pending direct embarkation under the orders of the Q M G in India. The documents referred to in Regulations for the Medical Services of the Army in India, paras 255 (c) and 288 (iii) and the regimental documents referred to in para 84 above will accompany every case sent to a hospital for mental diseases

Instructions contained in paras 131 and 145 (XII), Regulations for the Medical Services of the Army in India, will be strictly complied with, and, before a mental case is despatched to Deolali, it will be ascertained from the D D M S, Southern Command, that accommodation is available

Before submitting the Medical Board proceedings of civilian mental cases, a statement will be attached to the proceedings showing what arrangements have been made for—

(a) meeting the invalids at the port of disembarkation,

(b) their disposal after they disembark

91 Cases of tubercle of lung—Army Form B 179A will accompany the Medical Board proceedings (A. F. B-179) in every case in which a B O R is being invalided on account of tubercle of the lung. As a rule the despatch of cases of tubercle of the lung, except on transits, presents the greatest difficulty, owing to the unwillingness of shipping companies to accept this class of case. There is also difficulty concerning the provision of suitable accommodation

Before accommodation can be arranged on a packet vessel for an invalid suffering from tubercle of the lung, a certificate as under, signed by a medical officer, must be sent to the Embarkation Commandant at the port concerned, and the fact that this has been done will be recorded on the application for passage [I A F (Medical) 6, telegram, etc.]

"Certified that the other passengers in S S ' ' will not be injuriously affected owing to the presence on board of Captain ' ' a case of tuberculosis of the lungs."

A B—This wording must be strictly adhered to, otherwise the certificate is useless

92 Cases of venereal disease—Regulations for the Medical Services of the Army in India, Appendix VIII, will be carefully complied with

For the purpose of embarkation such cases are subdivided into two categories, viz—

I Active, i.e., patients in hospital

II Non active, i.e.

(a) Men attending hospital

(b) Those men still on the syphilis register

(c) Those under observation

I Active—In order to ensure the protection of other troops and the proper supervision and treatment of the cases themselves, men coming under category I will be sent home as "sick transfers"

On receipt of information that any man coming under category I has been included in the unit bulk allotment for any particular transport, the O C hospital will at once inform the D M S in India by telegram, repeating to Q M G, full particulars of the man's number, rank, name, unit, transport by which sailing and date due for discharge or transfer to Army Reserve, notifying that hospital accommodation will be required for him *en route* to and on board ship

Army Headquarters will then make the necessary adjustment of hospital accommodation on that vessel or, if time permits, transfer the man to a later sailing if more desirable and will re allot the vacancy caused in troopdeck bulk allotment. These cases will be transferred to the port in the same manner as "Class A" invalids

The O C hospital will ensure—

- (i) that they are accompanied to the port of embarkation by an attendant,
- (ii) that adequate medical supervision and sufficient dressings are provided for the train journey to the port of embarkation,
- (iii) that if, owing to any circumstances, a patient should be unfit to travel, the D M S in India is immediately informed by telegram, the telegram being repeated to the Q M G in India and to the Embarkation Commandant concerned

II Non active—Men coming under category II will proceed to the United Kingdom with the drafts and no special arrangements will be made for their segregation either *en route* to, or on board ship

Documents—Category I—Active—Nominal rolls will be prepared by the O C hospital in triplicate for all cases and will be disposed of as follows —

- (1) One copy will be forwarded to the D A D M S (D and F) so as to reach him *seven clear days* before the date of embarkation. This copy is for the information of the S M O Hired Transport
- (2) One copy will be given to the attendant
- (3) The third copy will be retained as a hospital record

The medical and regimental documents of these active cases will be disposed of in the same way as those of invalids (as laid down in paras 82 to 84 above)

Category II—Non active—Nominal rolls will be prepared and disposed of in the same manner as those of men coming under category I, except that in this case a copy of the nominal roll will be given to the Draft Conducting Officer instead of to the attendant

A F I 1247 (Modified for India) will be despatched by post so as to reach the D A D M S (D and E) at the same time as the nominal roll referred to above. Other medical documents will be sent to the unit (the O C unit must call for them if necessary) before the man is despatched

93 Families of other ranks requiring special accommodation.—Should a Medical Board in exceptional circumstances, consider it essential that the husband should accompany the wife in the same cabin, the Board will

definitely say so in the proceedings, giving the reasons, and the O C hospital will further state in column 17 of I. A F (Medical) 6 that the family should be berthed in second class cabins

94 Indian service officers recommended passage on transport—When in exceptional cases, a Medical Board recommends that an officer of the Indian service entitled to passage under Appendix "A" or Appendix "AA", Part II of Passage Regulations, India, should travel by transport in tend of by packet vessel, he will be despatched as a sick transfer to the hospital at the port of embarkation, irrespective of whether he is a "Class A" or "Class B" invalid

95 Casualties—All casualties affecting passages allotted or applied for will be reported immediately by the O C hospital concerned by wire to the D M S in India, repeated to the Q M G in India

96 Movement of invalids—After having been invalided by a Medical Board, the movement of invalids from one station to another is prohibited except as follows —

- (a) Invalids may be moved to a place of concentration under orders issued by the Q M G in India prior to despatch to the port of embarkation
- (b) Invalids brought to a central station to appear before a Medical Board should return at once to their own stations from which they will eventually proceed for embarkation
- (c) Invalids fit to be moved who are boarded in the hull, may be sent to the stations at which their units are located, a statement to this effect being made in the last column of I. A F (Medical) 6. On the occurrence of the move information will be wired to the Q M G and D M S in India

Should, however, unforeseen circumstances render movement, other than those detailed in (a), (b) and (c) above, unavoidable, the fact will be reported by wire to Q M G and repeated to D M S and Embarkation Commandant concerned full particulars being one forwarded by letter to the same addresses

97 Medical inspection before embarkation—Under the Paris Sanitary Convention, no person can embark unless previously passed by the D A D M S (D and F), who, for the purposes of transport, is gazetted as an Assistant Port Health Officer, c/o Bombay G. R. N. 127 P. dated 12th August 1908. Certificate from other medical men civil or military, cannot be accepted for this purpose, but I. A F M 1210 must be produced in all cases. Attention is directed to the Regulations for the Army in India paragraph 681 A

Passengers arriving with their kit by train on the afternoon prior to embarkation will send their baggage to the dock at once. If baggage is not at the dock on the day prior to embarkation it is liable to be shut out. Special provision is, however, made for those passengers who arrive with their baggage on the day of embarkation.

Invalids and families should look after their own baggage as far as possible so as to obviate loss. The simplest way for 1st and 2nd class passengers to do this is through agents.

When a class 'A' invalid is proceeding to port for embarkation, an inventory of kit and equipment in his possession will be prepared at the British Military Hospital at his station of departure, and receipts for this kit and equipment will be obtained from each British Military Hospital to which he may be transferred *en route* and from the Senior Medical Officer of the transport on which he embarks. I A F C 522 will be used for this purpose.

99 Kits of invalided warrant officers and other ranks.—On receipt of allotment orders in respect of invalids, the Embarkation Commandant, Bombay/Karachi will forward to the O C hospital concerned special invalid kit labels for attachment to all items of kit and baggage of such individuals.

The O C hospital will ensure that the labels are attached to all items of kit and baggage of the invalids before they leave the hospital *en route* to the port of embarkation (or for direct embarkation in the case of invalids *ex Colaba* or Karachi).

In the case of Class "B" invalid proceeding to join a troop special train (proceeding to a port of embarkation) O C hospital will ensure that invalids are personally in possession of their complete kit (including Heavy and Sea Kit Bags) correctly labelled on leaving the hospital.

PART III.

ACCOUNTS AND DOCUMENTS

102 The following rules will be observed in regard to the preparation of documents and payment and issue of list pay certificates of drafts and details of British troops proceeding to the United Kingdom or a Colonial station on transfer to a unit serving there or for discharge or transfer to the Army Reserve or on furlough.

These rules apply equally to soldiers of the India Unattached List and Indian Corps of Clerks as far as embarkation documents are concerned but are not applicable to these two categories as regards pay documents.

103 Normally units will be allotted a number of passages for a definite transport and the probable date of embarkation will be communicated to them. Small numbers of extra men and any men detained in hospital *en route* and subsequently discharged will, however, be ordered to the Attached Sections, Bombay and Karachi, without orders being passed for them to sail by any particular transport. These men will be allotted to transport by the Embarkation Commandant concerned and will be taken on to the strength of the Attached Section to which they may be ordered. In such cases L. P. Cs. will be issued by the O. C. the individuals' original unit to the O. C. Attached Section concerned who will take the men out of his pay.

The Officers Commanding, British Military Hospitals, Colaba and Karachi, are responsible for informing the Officers Commanding Special Attached Sections, Bombay and Karachi respectively, of the dates of admission to and discharge from the hospitals under their command, of all details disembarked from transport for admission to hospital, or admitted to hospital after arrival at port for embarkation.

ANNEXURE "B"

Instructions for Officers Commanding drafts or details

1 The following instructions apply to officers who may be in charge of drafts or details for the whole or part of a journey from a station in India to a port of embarkation, or station outside India, and all such officers will be held responsible that these instructions are fully complied with

2 An Officer Commanding a draft or details leaving a station in India for a port of embarkation or who takes over a draft or details *en route* or at Bombay or Karachi, must ensure that—

- (a) he receives an A F O-1809 G for every soldier except —
 - (i) soldiers of the I U L and I C C, (ii) soldiers proceeding on furlough, (iii) soldiers proceeding overseas after having received their discharge in India,
- (b) Part I "A" and I "B" or "C" of each A F O 1809 G, and Part II thereof also in the case of invalids are completed,
- (c) he furnishes a receipt for the number of A F's O 1809 G received

3 Attention is directed to paragraph 106 (b) of this India Army Order regarding soldiers who do not embark. In such cases the O C Draft will hand over the soldier's A F O 1809 G to the Embarkation Commandant concerned for disposal

4 Instructions regarding payment of troops on board ship and the final disposal of A F's O-1809 G, etc., are issued direct to O's C Troops on board ship

ANNEXURE "C"

Instructions regarding invalids and mental cases

1 As regards classification of invalids, see paragraph 78

2 Immediately notification is received by Officers Commanding hospitals that passages have been allotted for invalids, they will send a notification to the Officers Commanding units concerned stating—

- (i) whether they are 'A' or 'B' class invalids (if they are mental cases this should be stated, *e.g.*, "Class 'A' mental"),
- (ii) the date fixed for sailing,
- (iii) the name of the transport, and
- (iv) the date by which the man's A F B 127, pay documents, etc., and Army Form O 1809 G in duplicate accompanied by a cheque or R T R for the amount payable to the date preceding sailing should reach the hospital from which the soldier is invalided

NB—No other documents will be sent in the envelope which contains A F's O 1809 G, and cheques or R T R's

3 Should the O C hospital consider that an invalid should not receive a cash payment before proceeding for embarkation or should the man himself desire to remit home the whole or any portion of his credit balance provided such balance is not less than rupees thirty, the O C hospital

will notify the O C unit accordingly in order that any credit balance may be remitted to the Home Paymaster

N B—When regulating the pay and allowances of class "B" invalids, unit accountants must clearly understand that they are to be treated as ordinary home going details, *e g*, they will not be affected by paragraph 6 of the Appendix to Army Instruction (India) 45 of 1923

4 Payments made in hospital will be entered in Part II of A F's O 1809 G by the officer who makes the payment and the duplicate copy of the form duly completed and receipted will be returned to the O C unit

5 Original copies of A F's O 1809 G will be handed to the medical or other officer conducting the men concerned to the port of embarkation, and his receipt obtained

6 If an invalid, after having been despatched to the port of embarkation is detained at another hospital *en route*, the O C the latter hospital will take action as indicated in paragraph 107 (b)

7 When passages are allotted for mental cases a copy of the intimation sent to the Hospital for Mental Diseases concerned will also be sent by the Q M G in India by telegram, if necessary, to the O C the Soldiers' Unit, in order that A F's O 1809 G in duplicate may be prepared and despatched to reach the Hospital for Mental Diseases before the patients leave for the port of embarkation

N B—Non effective accounts will be issued in addition to last pay certificates

In the case of mental cases passing through the B M H, Deolali, the procedure will be as indicated in paragraph 2 of this Annexure Any cash considered necessary by the O C hospital, to meet expenses on the journey to the port of embarkation, will be dealt with as laid down in paragraph 1204, King's Regulations

ANNEXURE 'D'

Despatch of Documents by Units and British Military Hospitals and Conveyance to the Port

Documents of troops, other than invalids, mental cases or convicts may be divided into —

- (i) Preliminary returns
- (ii) Documents required for immediate use on the journey to port of embarkation
- (iii) Documents required on board ship
- (iv) Documents for transfer to destination and not required throughout the voyage

Documents under (i)—Will be despatched by registered post

Documents under (ii)—All copies of A F B 127 are required throughout the journey and will be carried by the Officer, N C O, or in his absence concerned to the Draft Collecting Centre

A F's O 1809 G arranged in the same order as the names on the A F B 127, will be placed in sealed envelopes by unit and be sent with the personnel concerned to be handed over to the Draft Collecting Officer at the Draft Collecting Centre The A F's B 127 then closes form covering lists for these A F's O 1809-G

M-1240 for the various units forming a draft will be collected by the Draft Collecting Officer from the units as they join his draft and will be handed over by him to the D A D M S (D and E) at the medical inspection of his draft at the quayside

M 1240 for families will be retained by the mother or senior member of the family and be presented by her to the D A D M S (D and E) in the medical inspection room for families

Documents under (m)—Regimental and Company conduct sheets and medical history sheets of all troops, except furlough men, are required for use on board ship. Units will place these and any other documents so required in sealed envelopes clearly endorsed with the contents, and with the numbers, ranks, names and unit of the individuals concerned, and will send them with the personnel concerned to be handed over to the Draft Conducting Officer at the Draft Collecting Centre

These envelopes will not be opened before embarkation

Documents under (n)—Units will pack all other regimental documents (including A T B 278, together with one copy of Army Form B-198 prepared ready for receipt) not required on the voyage in sealed packages addressed to destination at home, and clearly endorsed with the contents and with the numbers, ranks, names, and unit of the personnel concerned. These packages need not normally be opened at all

Documents will not be packed in boxes as this leads to delay in disposal of men due for discharge, etc., on arrival in Great Britain

(i) I A F Z 2014 will be used for forwarding and receipt voucher for all sealed packages and envelopes and for all documents required en route including medical history sheet, conduct sheet and all medical documents. Sufficient copies of I A F Z 2014 will be carboned by the unit or hospital despatching the individual or draft to enable one receipted copy to be retained by each officer who has had to hand over the documents. Thus —

1st copy —(Original) goes all the way with the documents

2nd copy—Is signed and given back to the unit or hospital by the individual "A" to whom the documents are delivered in the first place

3rd copy—Is signed by the D C O "B" who takes over the documents at Draft Collecting Station or en route to port and give to "A"

4th copy—Is signed by the Draft Conducting Officer or Senior Medical Officer (or his representative) taking over at the port and given to "B"—an additional copy will be signed by the S M O in the case of invalids and given to the D A D M S (D and E) for record at the port

Therefore when a Draft Conducting Officer goes right through from unit to the United Kingdom only two copies are required for fit personnel and three for invalids. Where individuals or small parties are to join a Draft Conducting Officer at collecting station or in the train three copies are required for fit personnel and four invalids. Where the original Draft Conducting Officer has to hand over to a new D C O en route or at port, one extra copy is required

Entries in I A F Z 2014 will be made on the following lines.—

53 copies of A F O 1809 G—As enumerated on A F B 127

Three sealed packets—Regimental documents of 56 men proceeding to the U K All particulars on envelopes.

One sealed packet—Medical history of 56 men and conduct sheets of 56 men as enumerated on envelopes The medical history sheet of No 3436699 Pte. J L Johnson will be posted direct to the United Kingdom

All documents of men proceeding to Bombay, or Karachi, to join Special Attached Sections to await embarkation to Great Britain, will be despatched simultaneously with the men, to the O C Special Attached Section concerned

Invalids

Units on receipt of definite allotment of passages for invalids will prepare and dispose of preliminary copies of A F B 127 in accordance with Annexure "A"

All other documents required by Annexure "A" will be duly prepared and will be despatched together with existing regimental documents in the first place to the O C, B M H concerned sorted and enclosed in the manner indicated above

The O C, B M H will —

- (i) Check A F B 127 against the personnel actually for despatch
- (ii) Check the A F O 1809 G against the entries on A F B 127
- (iii) Disburse any monies received, complete A F O 1809 G, return one copy to the unit concerned In no circumstances will cheques for money due to invalids be sent to the Embarkation Commandant, for payment
- (iv) Keep one copy of A F B-127 for his own use
- (v) Pass to Draft Conducting Officer —
 - (a) Six copies of A F B 127
 - (b) One copy of A F O 1809 G for each man shown as entitled to one on the relative A F B 127
 - (c) Sealed envelope containing conduct sheet Particulars of men concerned to be shown on the envelope with the number of sheets against each man's name
 - (d) One copy of I A F M 1240 for each man and medical documents mentioned in paragraph 83
 - (e) Sealed packet containing all other regimental documents

Items (b), (c), (d) and (e) will be shown on I A F / 2014, as shown above for fit men but as the envelope containing item (d) has to be opened and the contents checked by the first Medical Officer taking it over, a complete list in duplicate of the men concerned will be placed inside the envelope showing the contents of the envelope document by document against each man's name

Mental Cases

The documents of mental cases will be dealt with similarly to those of invalids but see Annexure "A", item V

large burgh, the council thereof and in relation to a poor law union, the board of guardians thereof, and the expression 'institution' means, in the case of England or Northern Ireland a workhouse, and, in the case of Scotland, a poorhouse

"(4) An order made under the proviso to subsection (1) of this section shall be of the like effect, and the like proceedings shall be taken thereon, as if it were, in the case of a lunatic sent to an asylum in England, a summary reception order made under the Lunacy Act, 1890 in the case of a lunatic sent to an asylum in Scotland, an order of the sheriff made under section fifteen of the Lunacy (Scotland) Act, 1862, and in the case of a lunatic sent to an asylum in Northern Ireland, a warrant granted by two justices under section ten of the Lunacy (Ireland) Act, 1867, and for the purposes of any enactment relating to the cost of the maintenance of any such lunatic, the poor law area to which in the opinion of the Army Council, or officer deputed by them, the lunatic is chargeable shall be deemed to be the place from which he was sent to the asylum"

(2) Notwithstanding anything in section fourteen of the Army Act, 1904, this section shall come into operation, in so far as it relates to the removal of persons to institutions or asylums in England or Northern Ireland, on the passing of this Act and, in so far as it relates to the removal of persons to institutions or asylums in Scotland, on the sixteenth day of May, nineteen hundred and thirty

7 In subsection (1) of section one hundred and forty five of the Army Amendment of Army Act, 1904 (which relates to the liability of a soldier to maintain wife and children) for the words "any town, parish or place" there shall be substituted the words "any area or place"

8 After section 187A of the Army Act, the following section shall be inserted—
Application of Army Act inserted—
in relation to Aden

"187B—(1) This Act shall apply in relation to Aden as if it were a colony and as if the Resident and Commander in Chief or, in his absence, the person acting as such, were the Governor thereof

(2) In this section the expression 'Aden' includes any dependency of Aden, but does not include the Aden Protectorate"

9 References in this Part of this Act to the Army Act shall be deemed to include references to the Air Force Act, and the provisions of this Part of this Act shall in their application to the Air Force Act have effect subject to any of the general modifications set out in Part I of the Second Schedule to the Air Force (Constitution) Act, 1917, which apply, and to the special modifications set out in the Second Schedule to this Act

ARMY COUNCIL INSTRUCTION

212 *Army and Air Force (Annual) Act, 1930*

1. Attention is drawn to the following amendments to the Army Act contained in the Army and Air Force (Annual) Act, 1930, which received the Royal Assent on 23rd April 1930. The provisions contained in paragraphs 2, 3, 4 and 6 come into operation within Great Britain and Ireland, the Channel Islands and the Isle of Man from 10th April, 1930, and elsewhere from 31st July, 1930.

The provisions contained in paragraph 4 come into operation, in so far as they relate to the removal of persons to institutions or asylums in England or Northern Ireland from 29th April, 1930, and in so far as they relate to the removal of persons to institutions or asylums in Scotland, on 16th May, 1930.

Consequential amendments to the Manual of Military Law, 1929, will be issued in due course.

2. *Section 105 (7) —*

In section one hundred and thirty eight of the Army Act (which relates to penal stoppages from ordinary pay of soldiers) for paragraph (7) there shall be substituted the following paragraph —

“(7) The sum required to pay any fine awarded by a court martial or his commanding officer, or any fine, penalty, damages, compensation, or costs, which a civil court before which he has been charged with an offence has ordered him to pay, and”

NOTE — This amendment authorizes a deduction to be made from the ordinary pay of a soldier in the case of criminal proceedings in a civil court not only in respect of a fine as hitherto, but also in respect of any costs, compensation, penalty or damages ordered to be paid.

3. *Sections 4, 5, 6 and 12 —*

For the purpose of abolishing death as a penalty for certain offences, the following amendments shall be made in the Army Act, —

(1) In section four, paragraph (7) (including the word “or” immediately preceding that paragraph) shall be omitted, and in section five after paragraph (6) the following paragraph shall be inserted —

“or

“(7) Misbehaves or induces others to misbehave before the enemy in such manner as to show cowardice”

(2) In subsection (1) of section six, paragraphs (b), (h) and (i) (including the word “or” immediately preceding the last mentioned paragraph) shall be omitted, and in subsection (2) of the said section after paragraph (e) the following paragraphs shall be inserted —

“or

“(f) Without orders from his superior officer, leaves his guard, picket, patrol or post, or

of Scotland, a county or a large burgh, within the meaning of the Local Government (Scotland) Act, 1929, and, in the case of Northern Ireland, a poor law union, the expression 'poor law authority' means, in relation to a county, county borough or large burgh, the council thereof and in relation to a poor law union, the board of guardians thereof, and the expression 'institution' means in the case of England or Northern Ireland, a workhouse, and in the case of Scotland, a poorhouse.

- "(4) An order made under the proviso to sub-section (1) of this section shall be of the like effect, and the like proceedings shall be taken thereon, as if it were, in the case of a lunatic sent to an asylum in England a summary reception order made under the Lunacy Act, 1890, in the case of a lunatic sent to an asylum in Scotland, an order of the Sheriff made under section fifteen of the Lunacy (Scotland) Act, 1862 and in the case of a lunatic sent to an asylum in Northern Ireland, a warrant granted by two justices under section ten of the Lunacy (Ireland) Act, 1867 and for the purposes of any enactment relating to the cost of the maintenance of any such lunatic, the poor law area to which in the opinion of the Army Council, or officer deputed by them the lunatic is chargeable shall be deemed to be the place from which he was sent to the asylum."

NOTE.—The necessity for amending s. 91 of the Army Act arose from the fact that the Local Government Acts of 1929 abolished the old poor law areas in England and Scotland. The words "parish" and "union" which appeared throughout the old section are replaced by the terms "county" and "county borough" as regards England and "county" and "large burgh", as regards Scotland.

It was found more convenient to redraft the whole section, but only two slight modifications are made—

- (i) While there was a single common workhouse or poorhouse for a union or parish there was no difficulty in knowing to what institution a discharged soldier should be sent but the larger authorities in England and Scotland have a number of specialised institutions and therefore provision has been made for previous inquiry as to which is the suitable institution to receive any particular person. There is already a provision on these lines in s. 91 (4) but it is restricted to the case of a dangerous lunatic who is to be removed to Scotland. This slight amendment follows the lines of the modifications made in the poor law provision with respect to removal by the Local Government Act 1929.

- (ii) It is made clear that the words in s. 91 (2) "is in such a state of health as not to be liable to suffer bodily or mental injury by his removal" apply to all cases falling within the section and not merely to persons who are dangerous lunatics.

5 Section 145 (1)—

In sub-section (1) of section one hundred and forty five of the Army Act (which relates to the liability of a soldier to maintain wife and children) for the words "any union, parish or place" there shall be substituted the words 'any area or place'.

NOTE.—This amendment is consequential upon the passing of the Local Government Acts of 1929.

6. Section 187B—

After section 187A of the Army Act, the following section shall be inserted :—

“187B.—(1) This Act shall apply in relation to Aden as if it were a colony and as if the Resident and Commander-in-Chief or, in his absence, the person acting as such, were the Governor thereof.

(2) In this section the expression “Aden” includes any dependency of Aden, but does not include the Aden Protectorate.”

NOTE.—By the Government of India (Aden) Act, 1929, and an Order in Council made thereunder, the military government of the Settlement of Aden was transferred from the Governor-General of India in Council to the Resident and Commander-in-Chief at Aden, who in respect of his military command is directly subordinate to the Home Government. The new section 187B effects a consequential amendment in the Army Act—making it clear that, as a result of the transfer of military command, Aden is for the purposes of the Army Act treated as a “colony” under the governorship of the Resident and Commander-in-Chief.

HOML DEPARTMENT NOTIFICATION NO F 45/18/29 PUBLIC,
DATED SIMLA, THE 9TH JUNE 1930

In exercise of the powers conferred by section 15 of the Indian Census Act 1929 (X of 1929), as in force in British India and as locally applied, the Governor General in Council is pleased to make the following rules for taking the census of cantonments and of troops on the march and elsewhere —

Rules for taking the census of Cantonments and of Troops on the march and elsewhere

PART I

Preliminary

1 The Civil Census Authority shall, not later than July 1st, 1930, direct Civil authorities to direct the Officer Commanding the Station to make census arrangements for the Census

2 The Officer Commanding the Station, upon receiving the direction referred to in Rule 1, shall, not later than September 1st, 1930, prepare a map of the cantonment demarcating the strictly military area therein, and shall send a copy of the map to the Executive Officer of the Cantonment or to such person as the Executive Officer may, with the approval of the Officer Commanding the Station, appoint to perform census duties

PART II

Census of Cantonments outside the strictly military area

3 (1) The Executive Officer of the Cantonment, or the person appointed by him under Rule 2, shall take the census and be the Charge Superintendent of the part of the Cantonment not comprised in the strictly military area demarcated under Rule 2

(2) He shall take the census under and in accordance with the directions of the Civil Census Authority

PART III

Census of the strictly military area in Cantonments

4 The Officer Commanding the Station, or such officer as he may appoint in this behalf, shall be the Charge Superintendent of the strictly military area in the Cantonment demarcated under Rule 2

5 (1) The census shall include all persons of whatever age, sex or profession who on the night of the 26th February 1931 in India and the night of the 24th February 1931 in Burma are residing within the strictly military area, even though they may be absent for a few hours during that night on night-duty. It shall also include the persons referred to in Rule 11

(2) Throughout the enumeration the military and civil population shall be kept distinct and distinguishable in the enumeration books

(3) Houses within the strictly military area shall not be numbered

6 (1) The Charge Superintendent shall, not later than the 14th of Census Supervisors and February 1931 appoint two Census Super-Enumerators viders for each unit and as many Enumerators as he may consider desirable

(2) The Census Supervisors shall be persons conversant with the vernacular language in which the census records will be prepared for the Indians within their sphere of duty.

(3) The Enumerators shall, so far as possible, be appointed from the units to be enumerated by them Enumerators for Indian Camp followers and servants shall be Indians possessing the necessary knowledge as to language and customs for filling in the returns

(4) Census Supervisors and Enumerators shall act under and in accord with the directions of the Charge Superintendent

7. The preliminary enumeration shall be held not later than the 19th Date of preliminary February 1931 in India and the 17th of February enumeration 1931 in Burma

8 The final enumeration shall be held as late as possible on the evening Date of final enumeration of the 26th February 1931 in India and as late as possible on the evening of the 24th February 1931 in Burma

9 (1) Both the preliminary and the final enumeration of the military Enumerations, how to be population shall be held on a parade at which bell units shall be simultaneously but separately paraded

(2) A simultaneous enumeration of persons not on parade shall be held

10 (1) Both the preliminary and final enumeration of troops on the Troops on the march or march or travelling by train shall be held as entrained nearly as possible in the manner provided by the rules for cantonments

(2) When the preliminary enumeration of troops is held when they are on the march, it shall be held at a parade *en route*, and when the final enumeration of troops is held when they are on the march, it shall be held at a parade at destination

(2) Where the preliminary enumeration is held in a Cantonment, other than the Cantonment in which the preliminary enumeration was held the Enumerator shall be expected to be fully supported by the Charge Superintendent of the Cantonment in which the final enumeration is held.

(3) Where the preliminary enumeration is held in a Cantonment from which the unit is transferred before the final enumeration, a list of any persons included in the preliminary enumeration who have remained in the Cantonment at the time of transfer shall be prepared by the Enumerators concerned at the time of departure and made over to the Charge Superintendent, who shall make arrangements for their final enumeration. The Enumerators shall remove the names of such persons from their enumeration books.

13 (1) On or before the 27th of February 1931 in India and of Operations in the rest of the world before 1st February in Burma Enumerators shall assemble at a place and time to be fixed by the Census Supervisor and shall there complete the abstracts inside the covers of the enumeration books showing the total number of—

(a) persons enumerated,

as an instructor, not less than three, and if possible six, months' warning being given

3 As a general rule, arrangements can be made by the unit direct with the school concerned for the allotment of an extra vacancy to train a substitute, before the officer or non commissioned officer is required to join the school

4 In the case of King's commissioned officers, an appointment will be subject to the willingness of the officer so selected to take it up. Before the appointment is offered to an officer, the officer's situation in his unit will be reviewed by Army Headquarters and the decision as to whether he is available or not will be taken there

Posting orders will be issued by Army Headquarters

5 The tenure of appointments of King's commissioned officers is as laid down in Regulations for the Army in India, Appendix XII

6 In the case of Indian officers and British and Indian non commissioned officers the preliminary correspondence will be conducted between the commandants of the schools and the commanding officers direct

In exceptional cases a commanding officer may represent, through the usual channels, to the district or independent brigade area commander the necessity for the retention of an Indian officer or British or Indian non commissioned officer with his unit. The decision as to whether such an individual is available or not will rest with the district or independent brigade area commander

The posting orders in the case of Indian officers and British or Indian non commissioned officers will be issued by the commander of the district, or independent brigade area in which the unit is situated, except in cases of educational personnel borne on the supernumerary list, who will be posted by Army Headquarters

7 The tenure of appointments of Indian officer and British and Indian non commissioned officer instructors at army schools will be as given below —

School	British Non com- missioned Officers	Indian Officers	Indian Non com- missioned Officers
Equitation School Saugor	2 years	2 years	2 years
School of Artillery Kanpur	4 years		
Pack mule Wagon Small Arms School Lucknow	2 years	2 years	2 years
Almednagar Wagon Small Arms School Almednagar	2 years	2 years	2 years
Loyal Tank Corps School Almednagar	2 years		
Army School of Physical Training	2 years		2 years
Army School of Education Belgaum	4 years	2 years	2 years
Army Signal School Poona	2 years	2 years	2 years
Hitchener College	2 years	2 years	2 years
King George's Schools		2 years	2 years

5th July 1930

NOTE—In the case of the Army School of Physical Training the period of service of a daffadar major or havildar major instructor will be 4 years, including any period of service as daffadar or havildar instructor

8 The commander of the district or independent brigade area, in which the unit is situated, is empowered to sanction an extension of the tenure of appointments of Indian officers and British and Indian non commissioned officers which are tenable normally for two years, *vide* para 7 above, up to three years, ample warning being given to the unit concerned in each case

Extensions of tenures of personnel of the supernumerary list will be decided by Army Headquarters

9 The commandants of schools may ask for an instructor to be attached to the school for the duration of one course, or term, as a supernumerary instructor, immediately prior to his taking up an appointment on the instructional staff. The attachment in any case will not exceed three months

10 In cases where it is found necessary to apply for the return of an instructor to his unit before the completion of his appointment, on account of promotion or for other causes, as long a warning as possible must be given to the school concerned

Ordinarily this should be at least three months, and, if possible, six

I A O 420 Furlough—British Soldiers—Army Council Instruction No 213 of 1930 is reproduced below

213 Soldiers on furlough from abroad—Expenses incurred in obtaining a certificate as to their fitness to embark in a transport or freightship on returning abroad on completion of furlough

1 *Some misapprehension exists as to the liability of soldiers on furlough from abroad (and their families) for expenses incurred in obtaining the certificate as to their freedom from infectious disease and general fitness to embark required by para 1105, King's Regulations, 1928, before embarking in a transport or freightship on return to their stations abroad on completion of furlough*

2 *If residing in the United Kingdom, such soldiers (and their families) should, if possible, attend for examination at a military hospital, or military reception station, to obtain the certificate from a medical officer, or civilian medical practitioner engaged for attendance on the troops. If, however, this is not practicable on account of the distance from the soldier's furlough address, the certificate may be obtained from a local civilian medical practitioner. Where such soldiers are residing in the Irish Free State, the certificate of a local civilian medical practitioner should be obtained in all cases*

3 *In no case, however, can any travelling expenses involved in attending for the examination to obtain the certificate or a refund of the local civilian medical practitioner's fee be allowed as a charge against the public. Such expenses must be borne by the soldiers themselves*

4 *The liability for these expenses will in all cases, be made clear to soldiers at their stations abroad before they are granted furlough, and the grant of furlough will be conditional on this liability being accepted*

5 *The foregoing instructions do not apply in the case of soldiers on furlough, who are in receipt of pay from colonial funds, when ordered for medical examination as to their fitness for a further tour of colonial employment. In such cases the issue of railway warrants, where necessary, and travelling allowance where admissible, will be governed by*

3 Twenty vacancies for a two years' course at Quetta will be open to competition as under —

Royal Artillery	2
Royal Engineers	1
Other Arms	15
Dominion Governments	2

16th July 1930

4 The following additional vacancies at Quetta will be filled by nomination by His Excellency the Commander-in Chief —

British and Indian Services	.	.	.	8
Royal Air Force	1

5 (i) Officers of the British and Indian services who are on the Indian establishment at the time of the examination will compete for entrance to both colleges by competition and nomination, but will state their applications which college they prefer in the event of their qualifying. Any officer who is not desirous of being admitted to one or other college (by competition or nomination) will make a definite statement in his application to this effect

(ii) Officers of the British and Indian services on the Indian establishment at the time of the examination, who qualify but fail to secure competitive vacancy for either Staff College, will be eligible for nomination to Camberley or Quetta

6 All officers on the Indian establishment will submit their applications to attend the entrance examination on Army Form C 2112 in accordance with the instructions contained in King's Regulations, paragraph 79 *et seq* (as amended by Amendment No 17 of October 1929) and Appendix XII (as amended by Amendment No 17 of October 1929)

In addition to the above, each officer will, at the same time submit statement (which will be attached to his application) signed by his commanding officer, stating —

- (a) His staff service, if any
- (b) Any period spent as adjutant or officiating adjutant of his unit (dates to be given)
- (c) Any period spent as an instructor at an Army School in India
- (d) Whether he has appeared at any previous Staff College examination. If so, state year or years whether qualified or failed, and marks if known
- (e) Records of "War Service", if any (Dates to be given)

Applications which do not comply with the above instructions, will be returned to units by district or independent brigade commanders before submission to Army Headquarters

7 Candidates will make themselves acquainted with —

- (a) King's Regulations paragraphs 794 *et seq* and Appendix XII
- (b) Regulations for the Army in India, paragraphs 326 *et seq*
- (c) The Staff College Regulations for Camberley and Quetta

8 Applications to attend the entrance examination to be held in February 1931 will be submitted—for all officers on the Indian establishment—through the usual channel, to the Chief of the General Staff, Army Headquarters, India, so as to arrive on or before the 15th September 1930

16th July 1930

I A O 430 Results of Courses at the Army School of Education (India) Special Wing—A list of officers who qualified at the 2nd short course of 1930, held at the Army School of Education (India), special wing, is published with this order

I A O 432 Soldiers Service—I A—Documents—Instances have been brought to notice of lack of care in the preparation of—

(1) Recommendation for civil employment (I A F 1 1962), and

(2) Reservists' parchment certificate (I A F 1 1953),

particularly in respect of those entries which pertain to the age, height, chest measurement and personal appearance of the soldier or reservist at the time of discharge or transfer to the reserve. In most cases it appears that these particulars are entered up from the original entries in the man's sheet roll or enrolment form. As in a large number of cases, these particulars have undergone a considerable change, and as it is essential that these entries should give as true an indication as possible of the man's latest measurements and personal appearance, they must be verified at the time the soldier is discharged or transferred to the reserve

B 10414|AG 6

I A O 433 Soldiers Service I A—The following reconstruction of paragraph 191 A Regulations for the Army in India, has been approved —

191 A Copies of certificate. A duplicate of a discharge certificate (I A F 1 1949), an 'Indian Army Reserve' parchment certificate (I A F 1 1953) or a recommendation for civil employment

16th July 1930

(I A F Y-1962) will not be issued in any circumstances. A warning to this effect will be endorsed on the two latter documents.

When an *ex* soldier can prove to the satisfaction of his officer in charge records or the O C the unit in which he last served that his discharge certificate (I A F Y 1949) has been lost, damaged, torn or burnt, through fair wear or accident beyond his control, I A F Y 1949 will be issued."

I A O 434 Remounts—The following amendments to the Regulations for the Army in India have been approved —

Appendix XIII

Add "(1)" after "(a)" in paragraph 2, and insert the following as new para —

- "(1) Officers transferred *ex* India to the home or colonial establishments, or who proceed *ex* India on retirement, will not be permitted to remove chargers, purchased from Government out of India unless such chargers have been in their possession for five years, or have been pronounced unfit for resale to Government.

This will not, however, apply to officers of the India Army whose units are temporarily stationed *ex* India."

I A O 435 Rules regarding the Issue of Driving Licenses for Mechanically Propelled Vehicles—1 Mechanically propelled vehicles will not be driven by any individual, officer or other rank, unless in possession of a "Driving License" I A F (M T) 2 These licenses may be issued as follows —

- (1) *Personnel of units responsible for 2nd line maintenance*—Officers commanding units, responsible for the maintenance of mechanically propelled vehicles held on establishment, may issue licenses to personnel serving with the units provided the driving and other tests, obtaining in the arm or branch of the service to which the individual belongs, are passed.
- (2) *Personnel of units holding mechanically propelled vehicles on establishment not responsible for 2nd line maintenance*
- (3) *British officers of other units*—District and independent brigade commanders are empowered to issue licenses to drive mechanically propelled vehicles to personnel of categories (II) and (III) provided applicants pass a test supervised by an officer of the I A S C (M T) under the instructions of the A D S & T or D A D S & T concerned respectively.

2 The issue of licenses under paragraph 1 (3) is to be made in very special cases only and is not to be considered as general procedure. The

16th July 1930

necessity for the issue of these licenses must be carefully examined in each case by the district or brigade commander concerned. It should only be necessary to issue licenses under paragraph 1 (iii) in cases where long tours are undertaken by the officer to whom a car is allotted, and when it becomes advisable to relieve the driver placed in charge of the vehicle. It is undesirable to authorize the driving of Government cars, within station limits, or on short journeys by personnel other than those actually placed on charge of the vehicles.

3 Licenses must bear the stamp of the office of issue. So far as other ranks are concerned they will form part of their kits and must be produced at kit inspections.

4 Licenses are valid for one calendar year only and must be renewed annually on 1st January.

5 Other ranks proceeding on leave are forbidden to take their licenses with them, they must be deposited at the company office before departure.

6 A military driving license does not empower the holder to drive a non military vehicle.

7 Officers commanding units, A Ds S & T or D A Ds S & T, respectively, will maintain registers of licenses issued under paragraphs 1 (i), (ii) and (iii).

8 A R I, Vol V, Part 4 will be amended accordingly.

60 At stations where Government military dairy farms do not operate, officers commanding must consult the assistant controller of dairy farms before making any arrangements for the supply of dairy produce, including tinned butter, and, if considered advisable, the assistant controller of dairy farms may undertake the supply. If, however, the assistant controller of dairy farms does not undertake the supply, the C O will be at liberty to make his own arrangements.

61 In the event of the assistant controller of dairy farms undertaking the supply of fresh milk and butter to a contractor under para 60 above, the price to be charged will be the sale price at the supplying station, less $7\frac{1}{2}$ per cent discount, and the goods will be delivered f o r station of institute, the contractor paying return freight on empties.

Appendix I

The note to the "Memorandum of Agreement" is reconstructed as follows —

(Note —Clauses 1 to 6 hereunder will be compulsory in every agreement entered into by officers commanding with institute contractors. The remaining clauses are voluntary in so far that they may be omitted since the points they cover are legislated for in the rules. Where amendment is deemed desirable alterations must not conflict with the rule governing the point at issue.)

Insert the following note to para. 6 (b) —

Note —This clause will not apply in the case of a temporary or emergent location of a unit at a station where the institutes are conducted by a station contract.

Para 13 is reconstructed as follows —

13 Standard of Quality—The contractor shall sell in the Regimental Institute goods selected and approved by the Station officer commanding and purchased from or through the canteen contractors syndicate and all articles sold shall be of such quality and standard as shall be approved by the officer commanding after reference to the syndicate.

I A O 455 Inspection of ammunition and explosives—In connection with the annual tours of inspections by inspecting ordnance officers unit commanders are reminded of their responsibility for the correct compilation of the army forms detailed in para 384 of "Regulations for the Equipment of the Army (India), Part I (1927)" with complete detail of all ammunition and explosives on charge (see para 369 *ibid*). It is necessary that unit commanders should thoroughly prepare for the I O O's visit and afford him all assistance so that time earmarked for inspection shall be fully utilised for that purpose

2 The following instructions are issued as regards future inspections by I O O's —

Units will render a certificate to the I O O, at the time the army forms referred to above are returned to him, to the effect that all ammunition and explosives on charge have been accounted for on the army form

A senior officer of the unit will be present throughout the inspection and will ensure that all the I O O's remarks are correctly recorded and give any orders necessary

A copy of the I O O's inspection programme will be published in district or brigade orders, and the time and date of the inspection will be notified in station orders

Three months after the annual inspection, the unit commander will render a certificate to district or independent brigade area headquarters to the effect that all action has been taken on the instructions given by the I O O or state the reason for non compliance. A copy will be forwarded to the I O O

3 The above instructions are being embodied in "Regulations for the Equipment of the Army (India), Part I (1927)"

20758/G S, M T—Languages

I A O 466 Refresher courses in Indian Languages—Director, School of Oriental Studies, London Institution letter dated the 15th May 1930 to the India Office is republished below —

I have the honour to request that the Government of India may be asked to bring to the notice of all their officers the facilities provided at this school for "refresher" courses in Indian languages, of which they might avail themselves when on ordinary or study leave. Excellent teachers are available, not only in Urdu, Hindi, Bengali, Pushtu, Punjabi, Marathi, Gujarati, Kanarese, Telugu, Tamil, etc., but also in phonetic methods of language study and comparative religion.

While most, if not all, officers in India have to pass departmental examinations in the appropriate vernacular, only a few of them continue their linguistic studies beyond this stage. Generally, they content themselves with their ability to get through their work with the knowledge already required, as practice enables them to converse easily on certain limited subjects. This is only to be expected, as, once past their departmental examinations, officers have work to do which occupies their energies fully, so that leisure in India is profitably spent on games, shikar, or other

30th July 1930

I A O 467 Designation of Commissioned Officers of the I U L and the I M D—The following are the correct designations of commissioned officers of the India Unattached List and the Indian Medical Department —

I A O 470 Carrots for Government animals—The following procedure will be adopted in regard to the adjustment of the cost of carrots purchased for Government animals —

(1) Units will intimate to the $\frac{A C G F}{V D \& A T \& D V D \& A T}$
 concerned the amount they propose to spend on carrots by
 underdrawing $\frac{\text{fodder}}{\text{grain}}$ during the financial year

30th July 1930

- (ii) The $\frac{A. C. G. F.}{A. D. S. \& T. \text{ or } D. A. D. S. \& T.}$ will then having due regard to his liabilities and after consultation with the C M A concerned intimate to the $\frac{A. D. S. \& T. \text{ or } D. A. D. S. \& T.}{A. C. G. F.}$ each unit separately and the C M A concerned the amount in cash up to which carrots may be purchased in lieu of $\frac{\text{fodder}}{\text{grain}}$ proposed to be underdrawn
- (iii) In the case of fodder underdrawn the valuation of such fodder will be made at Rs 140 per 100 lbs dry fodder and in the case of grain underdrawn it will be valued at stock book rate for free issues as published in the "Stock Book Rate List" annually
- (iv) Units will arrange to purchase carrots and submit their bills to the C M A concerned for payment
- (v) The amounts paid against $\frac{\text{fodder}}{\text{grain}}$ underdrawn will be debited to the budget estimates of the $\frac{\text{Grass Farms}}{I. A. S. C.}$ as the case may be, and intimated to the $\frac{A. C. G. F.}{A. D. S. \& T. \text{ or } D. A. D. S. \& T.}$ monthly, for inclusion in their budget compilations
- (vi) These transactions will not pass through the accounts of grass farms but of the units concerned
- (vii) These orders will have effect from the 1st April 1930

2 Carrots will be removed from the list of the scales of equivalents and treated as an article of luxury. The necessary amendments to regulations will be made in due course

repair, and maintenance work have been carried out by unit artificers in accordance with the instructions of ordnance mechanical engineers detailed on I A F O 2263 C, each brigade and senior battery artificer will render a weekly report on I A F O 1371 for the information of his commanding officer, and for despatch to the ordnance mechanical engineer at the arsenal upon which the unit is dependent. The ordnance mechanical engineer will take the necessary weekly reports with him on his next inspection of units.

2 In Indian unit, where artificers are incapable of compiling the reports, they will be filled in at the orderly room from details given by the artificer concerned.

3 Copies of form I A F O 1371 will be demanded from the Deputy Controller of Forms, Calcutta, as and when required.

4 Amendments to L Rs (India), Part I, 1927, will be published in due course.

I A O 490 Instructions regarding preparation of receipt vouchers for stores supplied by contractors—During the course of payment of contractors' bills for stores supplied against orders placed by the Director of Contracts it has been observed that in several cases the bills rendered to the D C M A (Contracts) Army Headquarters, Simla, are incomplete because the receipt vouchers are not correctly prepared. Payment of bills is consequently considerably delayed, as the documents have to be returned to the party concerned for necessary correction and retransmission to the D C M A (Contracts), Simla.

As prompt payment ensures economical rates the following procedure should in future be observed by the consignees concerned when granting receipts to the contractors for the stores received from them—

- (a) The receipt vouchers in respect of deliveries made to formations other than Military Engineering Services should invariably be marked 'Original', 'Duplicate', etc. The M E S consignees should mark their vouchers 'Quadruplicate' and 'Quintuplicate'.
- (b) The particulars of the store ledger or other monthly account in which the stores are accounted for should be noted on the vouchers.
- (c) The vouchers should be signed or countersigned by a commissioned officer where necessary.
- (d) The correct No and date of the relevant supply order should be quoted on the vouchers.
- (e) The vouchers should be made out in the prescribed form and two copies marked as indicated in (a) above should be issued to the firms.
- (f) If the original copy of a receipt voucher is lost, the copies of the vouchers furnished to the suppliers in lieu should be endorsed with the following certificate—

"Certified that vouchers No _____ dated _____ have been lost and to avoid the possibility of a double charge

I A. O 498 Discharges—B A—It has been brought to notice by the Ex Services Association, India and Burma, that a considerable number of British other ranks who take their discharge or are transferred to the army reserve in India, for the purpose of joining civil police forces, resign their appointments after a brief period of service therein

2 As a discharge from the army or a transfer to the army reserve once carried out cannot be cancelled, men cannot, on resigning from the police force, rejoin their units and consequently, pending their repatriation or until such time as they are able to find other employment they are almost invariably compelled to seek monetary assistance from the Ex Services Association

3 In order to prevent as far as possible the occurrence of cases of the above nature, officers commanding British units in India by ensuring that only men of at least "good" characters and of outstanding ability are permitted to leave the colours for the purpose of joining police forces in India, will also make certain that the detailed conditions of service with the particular force are made perfectly clear to every man beforehand

I A O 502 Transfer of mechanically propelled vehicles—Procedure—When mechanically propelled vehicles held on the establishment of units not possessing second line repair facilities, but attached to parent,

12th August 1930

units for second line repairs and maintenance, are ordered to or from a H R S class I, H R S class II or vehicle reception depot (M T), Chaklala, the following procedure will be followed —

- I Vehicles ordered to the vehicle reception depot (M T), Chaklala, for any purpose, including eventual repair or overhaul at the heavy repair shop class I, and vehicles ordered to a heavy repair shop, class II, Peshawar, Quetta or Bombay for overhaul or repair, will be vouchered direct to the vehicle reception depot (M T) or heavy repair shop, class II, respectively by the unit holding the vehicles on charge. In these cases vehicles will not be vouchered to the parent unit and in turn vouchered to the vehicle reception depot or heavy repair shop but vouchers will be merely passed through the parent unit.
- II Similarly, vehicles ordered to a unit from the vehicle reception depot (M T) or heavy repair shop class II, as the case may be, will be vouchered direct to the unit of whose establishment the vehicles are to form part, and *not* to the parent unit, the vouchers being passed through the parent unit, as in paragraph 1.

NOTICE

Training—Military Telegraphists

1 Applications are invited from British soldiers belonging to cavalry, artillery and infantry to register their names for training as military telegraphists, in accordance with pages 91 and 92 "Courses of Instruction India, 1928", as amended by amendment No. 2 dated 10 September 1929.

2 Applicants should have at least three years' colour service completed.

3 The period of training will be one year, and on completion if the necessary standard of efficiency has been attained, men will be permitted to transfer to "T" Company Indian Signal Corps (Himalayan Force of India), in accordance with A. I. (I), No. 108 of 1925. The establishment of "T" Company contains a proportion of higher ranks and junior officers are ranked within the company. There are good prospects of promotion to the higher ranks.

4 The personnel of "F" Company are normally employed in the communications and telegraphs department in peace. While so employed military telegraphists are eligible to draw telegraph allowance from Rs. 14 to Rs. 180 per die according to qualifications.

I A O 512 "Forward" Sparking Plug—Cracking of Porcelain —
Damage is frequently caused to the above mentioned type of sparking plug, owing to the box spanner, when used, fouling the porcelain locking sleeve nut, thereby jamming it down on to the porcelain lip with the resultant cracking of the porcelain

2 In order to obviate this damage, particular care will be exercised to ensure that the flats on the sleeve nut are in the same plane as those of the plug body, any necessary adjustment being carried out by a unit artificer

Selection of Soldiers for Drafts

2—(a) Table I of Appendix A shows the minimum age and the conditions of service governing the selection of men for drafts, whether they are being sent from the United Kingdom or from one overseas garrison to another. The age, service and unexpired colour service laid down in Appendix A are the minima permissible and, as far as possible soldiers with longer unexpired colour service will be selected in priority to others (See Appendix A, Note VI)

(b) Boys enlisted to fill vacancies in units abroad, who will have completed three months' service and attained the age of 15 years on embarkation will be eligible for drafting. They will be included after they become eligible, in the first draft ordered to join the unit for which they were enlisted and will displace troopers or privates as the case may be

(c) Appendix B shows the exemptions from drafting applicable to draft finding units stationed in the United Kingdom. No other exemptions will be granted except by the War Office

Selection of Soldiers to proceed with Units

3—(a) Table II of Appendix A shows the minimum age and the conditions of service applicable to soldiers proceeding with a formed unit of cavalry, artillery, or infantry, either from the United Kingdom to overseas garrisons or between such garrisons. (See Appendix A, Note VI)

(b) Boys will accompany the unit under the same conditions as are laid down for drafts in para 2 (b) above. Bandsmen and acting bandsmen between the ages of 18 years and the minimum age for the garrison to which the unit is proceeding may embark if they volunteer for service overseas

General

4 *Embarkation furlough*—Twenty eight days' embarkation furlough will be granted, subject to the exigencies of the service to all soldiers serving in the United Kingdom who are ordered to proceed overseas next trooping season

5—(a) *Medical examination*—Attention is drawn to para 1104, King's Regulations, 1928

(b) *Dental treatment*—A nominal roll of soldiers who are to proceed overseas will be sent to the dental officer in sufficient time to allow all dental treatment to be completed before embarkation [see para 592 (d) Regulations for the Medical Services of the Army, 1923] The approximate date of commencement of embarkation furlough will be shown in all cases

6 *Exceptions*—No soldier will be included in a draft or unit moving next trooping season unless he is eligible in accordance with the above instruction. In special cases where it is desired to make any exceptions application will be made to the War Office, through the officer the records concerned, a copy of the application will be forwarded at the same time to the command headquarters concerned. All such applications will be made in duplicate in the form shown in Appendix C, except in the case of overseas commands where it may be necessary to cable. Where a cable is necessary, it will give the information required by Appendix C. In forwarding such applications to the War Office, the officer the records will add his recommendation

7 *Arms, equipment and sea-going kit*—The instructions as to arms equipment and sea-going kit are embodied in Equipment Regulations, Part I, 1923 and Clothing Regulations, Part I, 1926. Attention is directed to A C I, 468 of 1926 435 of 1927, 8, 131, 403 and 416 of 1928, and 1 and 308 of 1929

8 *Command and organisation of drafts*—Before drafts are despatched from units or depots to the port of embarkation they will be organised in sections and platoons where the numbers admit of this being done. Where sufficient N C Os are not available, soldiers may be appointed to act as N C Os and, provided that such soldiers are not replaced during the voyage in accordance with Voyage Regulations, additional pay may be drawn under the conditions laid down in Article 815, Pay Warrant, 1926. Officers for duty with drafts during the voyage are detailed by the War Office. When the number of such officers ordered to join a draft-finding unit, as shown on the headquarters route, is insufficient to conduct a draft to the port of embarkation, G O's C-in-C or G O's C concerned will be responsible for ensuring that the necessary officers are detailed to accompany the draft to the port. A draft of 50 or more soldiers of a regiment or corps will always be accompanied to the port of embarkation by an officer of the same regiment or corps. If such an officer is not accompanying the draft overseas he will remain on duty with the draft until it embarks.

The following proportions of waiting men will be held in readiness—

(a) R A, Infantry and R T C, 10 per cent of the draft

(b) Cavalry, R A S C and R A M C, 5 per cent of the draft

(c) Other arms, 2 per cent of the draft

Waiting men will not, however, accompany the draft to the port of embarkation

9 *Duty of officers who absent themselves when under orders for embarkation*

Attention is directed to para 641 (2), King's Regulations, 1928, and War Office letter 119 December 21 (AG 24), dated 11th January, 1929, relating to the absence of officers from drafts of soldiers who absent themselves when under orders for embarkation

10 *Documents*—In the case of drafts proceeding to India a note will be made on nominal rolls accompanying drafts [see para 1145 (ii), King's Regulations, 1928] against the names of soldiers who have qualified at schools of instruction in the United Kingdom, showing in each case the school at which the soldier qualified and his qualification

In the event of any transshipment of troops taking place, the embarkation staff officer at the port will be held responsible for ensuring that documents concerning such troops accompany them

With reference to A C I 17 of 1926, O. C. draft finding units will take steps to ensure that the medical history sheet of each soldier is complete before embarkation

PART II

Instructions for the return from Overseas Garrisons of Time expired Soldiers

1 All soldiers who do not elect or are not permitted to extend their service, or to re-engage or continue in the service, will, if their period of colour service exclusive of the extra year under Section 87 of the Army Act expires before the undermentioned dates, be returned home during the trooping season, 1930-31, for transfer to the Army Reserve or discharge—

R Signals, Infantry of the Line,
R A M C, and the Army
Dental Corps

1st November 1930

All other corps

1st April 1931

2 No soldier should be embarked at a date that will permit of his arrival in the United Kingdom more than 14 days before the expiration of his normal period of colour service (i.e. exclusive of the extra year), provided that full use is made of accommodation in home-coming vessels. This will usually necessitate soldiers being despatched home more or less in the order in which they are due for transfer to the Army Reserve or discharge

Priority of despatch will be given to soldiers who were retained with the Colours under Section 87 of the Army Act during the trooping season, 1929-30, i.e., soldiers of the R. Signals, Infantry and R A M C, whose normal period of colour service expired between the 1st November, 1929, and the 31st March, 1930

PART III

Instructions for the Despatch of Families Overseas

1 Attention is directed to A C I 273 of 1929, in connection with which the following instructions regarding the movement of families overseas during the trooping season, 1930-31 are issued

2 No family will be permitted to proceed overseas at the public expense if the husband is due to return home during the same trooping season.

When the husband is due to return home during the following trooping season, he will have the option of electing to leave his family at home and will be consulted accordingly before application for the passage of his family is submitted. In other cases a family on the married quarters roll will proceed overseas when accommodation is available

Families of soldiers, accompanied or unaccompanied, or individual members of a family who, for personal reasons, do not embark when passages are offered and accommodation at the station abroad is available, will not, as a general rule, retain their entitlement to passage. This rule will be waived only in the most exceptional cases, and prior War Office sanction for the extension of entitlement must be obtained.

3 Subject to para 2, families will be despatched to overseas garrisons as under —

India—Families on the married quarters roll will be sent in accordance with the list of quarters provided by India, circulated to all record offices under War Office memorandum No 0161/5935 (A G 1), dated 1st October, 1929.

Iraq—No public conveyance or accommodation for families will be provided to, from or in Iraq.

Shanghai Area—(a) The following will not be accompanied by their families —

- (i) Soldiers in infantry battalions
- (ii) Soldiers proceeding from the United Kingdom for a tour the first year of which is to be spent at Shanghai
- (iii) Soldiers proceeding for the last year of their tour of foreign service
- (b) Soldiers proceeding for the middle year of their tour of foreign service will be accompanied by their families if the latter are already with them
- (c) Soldiers ordered for a tour exceeding one year in the Shanghai Area may elect to be accompanied by their families or to leave them behind. In the latter case, and in cases (a), (i) and (ii), passage for the family on the soldier being ordered to a subsequent station will be granted as though Shanghai were one of the stations mentioned in para 360 (c), Allowance Regulations, 1930, provided that the soldiers concerned are not due to return to the United Kingdom the same troopship season.

Sudan—No public conveyance or accommodation for families will be provided to, from or in the Sudan.

All other quarters—Families on the married quarters roll will be sent, provided that accommodation is available, except to those stations where the soldier exercises his option under para 30 (c), Allowance Regulations, 1930. Attention is directed to A G 1.

- (c) Other families who are eligible to proceed and for whom officers' records have ascertained that accommodation in thearrison to which they are proceeding is available

Officers' records will ensure that applications for passages for such unaccompanied families are submitted to the War Office as early as possible in the troopship season, so as to avoid congestion at the end of the season and consequent hardship to families should they be excluded till the following year

A F A 19, on behalf of families returning abroad after having been invalided home, will be accompanied by an application for the special sanction referred to in para 360 (1), Allowance Regulations, 1930

Officers' record, when issuing instructions to unaccompanied families of soldiers to proceed overseas, will include the following notice in such instructions —

"If you do not take advantage of this opportunity to rejoin your husband, and there are no medical reasons in support of your action your separation from him can no longer be considered as due to the exigencies of the service and your marriage and other allowances will be stopped, and only in the most exceptional circumstances and when prior War Office sanction has been obtained will subsequent passage at the public expense be approved"

5 All applications for passages of families of soldiers *under orders for service overseas* will be submitted through officers' records, and not to the War Office direct. The former, when applying for the passage of a family accompanying a soldier who is proceeding with a draft, will state on A F A 19 or B 104-73 the draft for which the soldier is detailed, quoting the War Office reference. Such A Fs A 19 or B 104-73 will be forwarded immediately the personnel composing the draft has been detailed in order that arrangements may be made for the family to be provided, if possible, with accommodation in the same vessel as that in which the husband is proceeding

6 Refusal to proceed overseas in cases in which it is clear that accommodation under canvas only is available will not in itself render a soldier's wife ineligible for the continuance of marriage or other allowances. This does not apply in the case of families ordered to India as, in their interests, it may be necessary to arrange for tentage accommodation for a portion of the year

7 Particular attention is drawn to A C I 273 of 1929, which will be strictly complied with as regards families moving with units

PART IV

Special Instructions to Officers Commanding Draft-Finding Units of Cavalry Infantry and Royal Tank Corps

1 The conditions for drafting are as laid down in Part I. Unless special instructions are issued to the contrary, personnel detailed will be selected from men with the longest period of unexpired colour service

2 Officers commanding draft finding units will render A. F. B 144 in accordance with para 1150, King's Regulations, 1928. *The earliest date by which a draft will be ready to embark, and its entraining station, will be entered on the form in red ink*

Families will be included on A F B 144, in order that arrangements may be made for them to be accommodated, as far as possible, in the same vessel as the soldiers concerned

No action, however, will be taken by the War Office regarding the issue of embarkation orders for such families until A F's A 19 have been submitted by or through the officer's records concerned

3 Every effort will be made to ensure that drafts embark at the full strength detailed, and in this respect attention is directed to Part I, para 8, regarding the percentage of waiting men to be held in readiness

4 Information as to officers detailed to proceed for duty with drafts will be furnished by the War Office

Officers commanding draft finding units are responsible that the officers so detailed (except such as are ordered by the War Office to join at the port of embarkation) are—

(a) furnished with the following information, immediately it is known —

(i) The name of the vessel in which the draft is proceeding

(ii) The port of embarkation and date of sailing

(iii) Where and when they are required to join their drafts. If joining from leave, they are to be instructed to pay their own expenses in joining their drafts from their leave addresses and to recover the amount laid down in para 217, Allowance Regulations, 1930

(b) instructed to send (under their own arrangements if on leave, and on A F P 1904 if at their place of duty) all their heavy baggage, by goods train, so as to arrive at the port two days before embarkation

(c) provided with all necessary labels, which must be obtained from command headquarters and not from the War Office

I A O 516 Conditions for the Gwalior Cup Competition—India Army Order No 701 of 1929 is cancelled.

1 *Eligibility*—All batteries of auxiliary force (India) artillery are eligible to compete.

2 *Conditions*—The cup will be awarded to the battery which shows the greatest efficiency in fire discipline, fire control and battery drill during the firm at annual practice, of a selected number of series, which form part of the annual course of practice for regular field artillery units in India.

3 *Supervision*—The competition will be judged by the regular field officer detailed to supervise the annual practice of the units who enter for the competition. The officers will allot marks at annual practice cup up to the maximum of 300 obtained as follows—

(a) For fire discipline and battery drill over the whole period of camp—100 marks.

(b) For fire control and effect in the two special series as in para

22nd August 1930

(ii) For each series —

- (A) H E ammunition will be used throughout
- (B) Voice control will be used
- (C) The range for 1st series (indirect) will be between 3,000 and 4,000 yards. The range for 2nd series (direct) will be between 1,500 and 2,000 yards
- (D) The battery position and the location of the target will be selected by the regular field officer supervising the camp and care is to be exercised that neither are made known to the battery until the time of the series
- (E) The target will be on level ground
- (F) The centre line of the target will be shown by a well defined row of head and shoulder dummies each of which will face the battery
- (G) Before orders are given as to the target, the battery will be placed in action in a regular line at 20 yards interval. The zero line will be within 7 and 10 degrees of the target. Ammunition for the series will be prepared and placed as desired by the battery. The guns will not be loaded. The officer conducting the shoot will be at his post
- (H) No firing is to be carried out from the position before the special series is fired
- (I) The time will be taken from the completion of the indication of the target to the officer conducting the shoot by the regular field officer supervising the practice to the time when the last round is fired by the battery
- (J) The 50 marks will be allotted in direct proportion to the proportion of all shell fired which fall on the target, but see (iii) below
- (K) Full charge will be used with each equipment

(iii) The standard time will be,

18 pdr Bty of 2 sections—3 mins 30 secs

18 pdr Bty of 1 section—4 mins

4.5 in How Bty of 2 sections—7 mins 30 secs

4.5 in How Bty of 1 section—5 mins 30 secs

1 mark will be deducted for every 5 seconds or portion of 5 seconds overtime

(iv) A battery of two sections will fire 24 rounds in each series. A battery of one section will fire 16 rounds in each series

(v) In a battery of two sections, each series will be conducted by a different officer or N. C. O. of the battery

(vi) Different layers will be employed at each gun for each series

(vii) 1st Series—

Battery under cover and indirect firing

Target in crevasse

22nd August 1930

Width of target to be the 50 per cent breadth zone of the gun at the range to the centre of the target

I A O 521 Furlough and leave, officers—The following amendment to the Regulations for the Army in India has been approved —

Para 880—*Insert* the following new subclause at the end —
 “An officer selected to undergo a course of instruction in the United Kingdom, who is granted leave for that purpose, may, provided his services can be spared, be allowed to take the unexpired balance (if any) of the privilege leave granted on the termination of the course. This concession will also be admissible to officers who are allowed to combine leave with deputation.

An officer who voluntarily elects to undergo a course of instruction while on leave in the United Kingdom may either continue to be treated as on leave or he may be allowed to avail himself of the concession referred to above the period of the course being treated as duty.”

B 8397 AG 11

I A O 522 Bands and Messes—The following amendment to the Regulations for the Army in India, relative to the payment of mess bills has been approved —

Paragraph 148—*Insert* the following at the end —“This procedure will also be followed by unit commanders in the case of officers borne on the strength of the unit under their command who are detached for duty at out stations, schools of instruction etc.”,

B 11067 AG 11

22nd August 1930

With reference to paragraph 2 of Army Instruction (India) No A 63 of 1927, the Government of India have decided that ex soldiers, whether discharged at their own request or on demobilization, may be re-enrolled into the Indian Army Service Corps, Mechanical Transport, under the following conditions —

- (a) Re enrolment will be for the full period of 15 years' combined colour and reserve service, but previous service with the colours will count towards the minimum period of army service prescribed for the Indian Army Service Corps, Mechanical Transport
- (b) Ordinarily no man who has completed more than 3½ years' colour service on his previous engagement will be re-enrolled. In special cases however, such men may, if otherwise suitable, be accepted, but they will be required, as a condition of their re-enrolment, to extend their army service by such a period as may be necessary to enable them to serve for at least 24 years with the colours in the Indian Army Service Corps, Mechanical Transport from the date of their re-enrolment. The necessary agreement will be effected by the use of the sub form "Extension of Army Service in lieu of transfer to the Reserve" on page 2 of India Army Form K 1162
- (c) If on the expiry of the minimum period of army service or of an extension thereof a re-enrolled ex soldier is not a substantive non-commissioned officer he will be liable to be transferred to the reserve provided a vacancy exists therein. If so transferred, he will be discharged on the completion on both his engagements of a total period of 15 years' combined colour and reserve service
- (d) Where past service is permitted to count for pension or gratuity continuance in the reserve after 15 years' combined colour and reserve service will not be permissible

2 The provisions of paragraphs 1, 3, 4 and 5 of Army Instruction (India) No A 63 of 1927 will continue to apply in the case of men re-enrolled into the Indian Army Service Corps, Mechanical Transport.

I A O 526 Artillery Units The attention of all officers commanding artillery units is drawn to I A O 749 of 1927

I A O 539 Discharges, Indian Army—Gazette of India Army Department Notification No 413, dated 9th August 1930, is republished below —

“No 413 In exercise of the powers conferred by section 113 of the Indian Army Act, 1911 (VIII of 1911), the Governor General in Council is pleased to direct that the following further amendment shall be made to the Indian Army Act Rules, namely —

In the Table annexed to rule 13 of the said Rules—

(a) For the entries in the second, third and fourth columns relating to item (xii-a), the following entries shall be substituted, namely —

(xii a) At his own request before fulfilling the conditions of his enrolment	Ditto	The Brigade Commander will exercise this power only where he is satisfied as to the desirability of sanctioning the application and that the strength of the unit will not thereby be unduly reduced
------------------------------------------------------------------------------	-------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

(b) For the entries in the second, third and fourth columns relating to item (xix), the following entries shall be substituted, namely —

(xix) At his own request before fulfilling the conditions of his enrolment	Ditto	The Brigade Commander will exercise this power only where he is satisfied as to the desirability of sanctioning the application and that the strength of the unit will not thereby be unduly reduced”
----------------------------------------------------------------------------	-------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

2 With reference to the above Gazette notification, it has been decided that the discharge of Indian Army soldiers and reservists at their own request before fulfilling the conditions of the enrolment will be restricted to 5 per cent of the authorised peace establishment of active and reserve units.

such service have not yet re-enlisted, will, for the purposes of K R para 217, be regarded as eligible to elect to serve beyond 21 years as soon as they have completed a total of 20 years service. A F B 221 will not, however, be completed until they have actually re-enlisted and are in the last year of the re-enlistment engagement.

A soldier who has not the requisite unexpired Colour service laid down in the instructions for the movement of Troops during the trooping season concerned will be required to elect whether he is, or is not, desirous of remaining in the Service beyond 21 years after re-enlistment under A O 35 of 1927, and will be warned that if he elects the latter and as a result is retained at home or sent home from abroad, he will not subsequently be considered for retention beyond 21 years.

A form of certificate to be signed by the soldier and filed with his documents is shown below.

I. A. O 541 Lloyd Barrage Land Colonization Scheme—A summary of the conditions under which land in the Lloyd Barrage Area will be granted to military colonists is published with this order.

2 Land is available in the districts of Larkana, Nawabshah Hyderabad and Thar Parkar, but no definite areas have yet been earmarked for allotment to military colonists.

3 The land varies considerably in respect of trees, but, in most cases, the cost of clearance will not be great. In cases where the cost of clearance will be heavy, the circumstances will be taken into consideration in fixing the price of the land.

4 In addition to existing railways in the area, other railways are under construction, or are projected in the near future. In the absence of information regarding the exact locality of the land to be allotted to

*Delete if inapplicable

28th August 1930

military colonists it is not possible to state the approximate distance of allotments from existing railway stations, or from those stations under construction, or likely to be constructed

5 Prospective colonists will be permitted to inspect the land it is proposed to distribute before they deposit the initial instalment of the purchase price. This inspection will be afforded with the sole object of giving prospective colonists an idea of the class of land they will get. The Revenue Officer, Lloyd Barrage Scheme, is being addressed regarding the procedure to be adopted with regard to the final inspection of the land by those who are actually selected for grants. Further information on this point will be published at a later date.

6 The payments for the land, referred to in paragraph 3 of the summary of conditions, do not include the annual assessment, which in Sind takes the form of a consolidated average rate levied only on cultivated land according to the kind of crop grown and the method of irrigation employed.

7 Recommendations for grants of land in the Lloyd Barrage Area called for in Adjutant General's letter No B/2987/5 (1 G 9) dated the 15th January 1930 will be submitted so as to reach Army Headquarters by the 31st December 1930 at the latest.

3 This order is issued with the concurrence of the Military Accountant General

B-5736, A.G 1

I A O. 552 Allotment of personal numbers to officers—As a means of rapidly identifying all officers of the Indian services, the Auxiliary Force (India), and the Indian Territorial Force, the use of a personal number will be introduced. This scheme will apply also to officers receiving commissions or appointed on and after mobilization.

The numbers are not intended for use in normal times, and will only be taken into use when general mobilization is ordered.

2 Officers in the following classes will be given personal numbers:—

- (a) Indian Army (Regular)
- (b) Indian Medical Service (Regular)
- (c) Indian Army (Temporary Commissions)
- (d) Indian Medical Service (Temporary Commissions)
- (e) Indian Medical Department (King's Commissions)
- (f) Army in India Reserve of Officers (all categories)
- (g) Auxiliary Force (India)
- (h) Indian Territorial Force
- (i) Indian Army and Indian Medical Department Viceroy's Commission

3 The allotment of personal numbers to officers below the substantive rank of colonel, already holding commissions in the above classes, will begin forthwith and will be communicated in due course to the individuals concerned and to the headquarters of their units.

Personal numbers will also be allotted on application to officers granted commissions in the future and to those commissioned or appointed after mobilization is ordered and communicated in a similar manner.

4 Officers of the substantive rank of colonel and upwards will not be allotted numbers.

5 After mobilization is ordered, personal numbers will be quoted in brackets directly after the name of the officers concerned in the Gazette of India and in all official correspondence, documents and returns.

6 With the exceptions noted in para 7 below it shall not be necessary to submit to Army Headquarters applications for all three of the above.

7 Commanding officers of units and heads of departments will apply through the usual channels to Army Headquarters for personal numbers for Viceroy's commissioned officers who are now serving and who have been issued with parchment commissions before 1st January 1931.

Applications should state the name, rank and unit or department of the Indian Officers concerned.

I. A. Os. 552—554

5th September 1930

8 Numbers will be allotted as follows —

By Military Secretary's Branch to Classes (a), (f), (c).

I A O 576 Records, I. A—Reference I A O No 432 of 1930
Instances have also been brought to notice of lack of care in the preparation of discharge certificates of Indian soldiers and followers (I A F 1949) Cases in point are —

- (a) Cause of discharge incorrectly stated, e g, "discharged unlikely by the medical board"
- (b) Conduct and character entered in pencil or not entered at all
- (c) Medals or decorations incorrectly described, e g, "The Europe War"

2 Discharge certificates are important official documents which are of the greatest assistance in after years, not only to the individual to whom granted, but to all whom they concern, e g civil officials in respect of re-employment or the grant of any local concessions, etc

3 Commanding officers will therefore ensure that these documents are carefully and accurately prepared, and before signing the same will satisfy themselves by personal scrutiny that they are complete and free from errors

B 11456|A G 6

I A O 577 Furlough and leave British soldiers—Irregularities continue to be brought to notice in regard to the grant of furlough and leave to British regimental and India Unattached List ranks, thereby causing unnecessary correspondence and clerical labour The attention of all concerned is directed to the instructions contained in India Army Order 583 of 1929 which will be strictly complied with

B 6276|A G 11

I A Os 578—581.

17th September 1930

I A O 578 Furlough and leave, officers—The following amendments to the Regulations for the Army in India have been approved —

Para 900 is *reconstructed* as follows —

“Grant of leave to officers who have not passed the prescribed language test—Leave, other than casual, privilege or leave on medical certificate will not be granted to officers of the under mentioned corps or departments until they have passed the prescribed language test, except in very exceptional circumstances and with the approval of H E the Commander in Chief —

- (i) Royal Artillery posted to Indian Mountain Artillery units
- (ii) Royal Engineers
- (iii) Indian Signal Corps.
- (iv) R A V C posted to the continuous Indian service cadre

Para 84—For the words “except in special circumstances and after reference to the Military Secretary, Army Headquarters” in the 7th and 8th lines, *substitute* “except in very exceptional circumstances and with the approval of H E the Commander in Chief”

B 8679|A G 11

I A O 579 Bands and messes—The following amendment to the Regulations for the Army in India has been approved —

Para 456 (iii) —*Insert* the following at the end —

“Officers serving with the Indian Territorial Force as company commanders will, during the period their battalion is *not* embodied, pay mess subscriptions to the unit to which they are attached”.

B 11563|A G 11

I A O 580 Pensions—Indian Army—It has been represented that it is not generally known to Indian military pensioners that, provided reasonable grounds are given by them, payment of their pensions may be transferred from one post office or treasury to another. Where sufficient cause exists application for transfer of payment should be made to the authority who pays the pension

All concerned should therefore take such action as may be necessary to make the position known to pensioners

B 11511|A G 14

I A O 581 Shipment of baggage in transports—War Office letter No 13|General|8351 (Q M G 2-a), dated the 11th August 1930, is published with this order

2 Officers commanding units and formations will ensure that the baggage of all ranks for conveyance by transport is restricted to the authorised amounts

3 Applications for shipment of excess baggage as indulgence should be submitted to Army Headquarters in accordance with paragraph 6S of "Trooping Rules" issued with India Army Order No 391 current. It is pointed out that space for indulgence baggage is limited, and shipment cannot be guaranteed

17508/Q M G 2

I A O 582 Procedure for indenting for transport and complying with Transport indents—I A F Z-2150—Transport indent—has been revised and split up into two forms I A F Z 2150—Transport indent for the use of indenting officers and I A F Z 2150 A—Transport order for action by station transport officers. Copies of the new forms should be obtained from the Deputy Controller, Forms, in the usual way

2 The following will be the procedure for indenting for transport and complying with transport indents —

- (a) The indenting party will submit an indent (I A F Z 2150) in duplicate to the station transport officer
- (b) The station transport officer on receipt of a transport indent will
 - (i) complete parts I and III of the transport order (I A F Z 2150 A) care being taken to enter the indent register number,
 - (ii) enter particulars in the indent register (I A F Z-2152),
 - (iii) send part I of the transport order to the transport contractor or unit detailed to supply the transport and (iv) send part III of the transport order to the indenting party
- (c) On completion of the duty the representative of the contractor or the transport unit will present part II of the transport order form (on the reverse of part I) to the indenting party or his representative for completion. The indenting party or his representative will enter in part IV (on the reverse of part III) the same information that he has entered in part II and will hand part IV over to the officer commanding the indenting unit for transmission to the station transport officer
- (d) On receipt of parts II and IV of the transport order the station transport officer will compare and check the one with the other and complete the indent register (I A F Z 2152) as well as part II of the transport indent (I A F Z 2150)
- (e) By the fifth day of each month following that in which the services have been rendered the contractor will submit his bill on I A F A Co to the station transport officer concerned supported by part II of the transport order (I A F Z 2150 A). The station transport officer having observed the instructions in para (d) above and satisfied himself that the transport order register and bill agree, will endorse the following certificate on the bill —

"(a) Certified correct according to the transport indent register item No ——— and transport order part II, attached

17th September 1930

Issued with India Army Order No 574, dated 17th September 1930

War Office letter No 43|Infantry|169 (MT-1), dated 13th August 1930

I am commanded by the Army Council to inform you that War Office letter No 43|Infantry|152 (MT-1), dated 9th May 1930, with regard to the drill of English Light Infantry Regiments, is hereby *cancelled*

2 I am to add that an amendment will shortly be published to Infantry Training, Vol 1 (1926) which will make the provisions of sections 67, 68, 69 and 70 applicable to English Light Infantry Regiments

1 I am commanded by the Army Council to inform you that the experience of the past troping season shows that an unsatisfactory state of affairs exists in relation to the administration, at stations abroad, of the regulations governing the shipment in transports of personal baggage and regimental baggage, stores and equipment. This question was dealt with in War Office letter 120/Gen 9694 (Q M G 2 A), dated 25th July, 1926, and in Army Council Instruction 334 of 1927.

2 I am to say that cases arise, with increasing frequency, where entitled baggage of units and individuals embarking at intermediate ports on the homeward voyage is shut out of the ship owing to the baggage rooms having been loaded beyond entitlement, at the more distant ports.

In consequence, not only is considerable extra expense caused to the public by the necessity for freighting such consignments, but undue and unnecessary hardship is caused to individuals by the separation from their baggage which ensues.

3 I am to point out that the cubic capacity of the baggage rooms in all transports is considerably in excess of the space required for the entitled baggage of the total number of passengers which the ship can carry, calculated on the full baggage allowance laid down for each in the Allowance Regulations. There is an ample margin even when a unit is embarked and space has to be allocated for the regimental baggage stores and equipment of the unit, on the scale and within the measurements, admissible for sea journeys (War Office letters No 120/General 9236, dated 7th August 1928 and 29th July 1930). It follows therefore that the failure of the baggage space to meet the entitled needs of units and individuals embarked must be attributed mainly to laxity in administration or misinterpretation of the regulations governing this subject.

4 I am to state that careful enquiry has shown the chief causes of difficulty to be as follows —

- (a) The shipment of regimental and individual baggage in excess of the regulated measurement allowance also non entitled unaccompanied baggage without due regard to the regulations governing such shipments.
- (b) Loss of stowage space due to the use of prohibited packages, such as hampers, barrels, propped or corded cases, clerical boxes, etc.
- (c) The shipment in baggage rooms of furniture, which is not admitted as part of a unit's or an individual's entitled baggage.
- (d) The prevalence of the idea among units and military passengers, generally, that baggage in excess of entitlement can usually be embarked in a transport without penalty.

Furthermore, it appears that units do not pay sufficient attention to the measurement entitlement in the case of public and regimental property, and are content to regard the weight entitlement as the criterion. Considerable space is taken up when articles comparatively light, such as trunks, trice boards, pictures, etc., are loosely packed without regard to space restrictions. In this connection every endeavour should be made by good packing to reduce the bulk of the baggage to the smallest possible dimensions. The lack of boxes of suitable sizes and the use of cases etc., in a bad state of repair, show that some units are ill prepared for movement by sea, particularly in

the case of property of messes, institutes and companies and family baggage

5 The Council have decided that as a means of controlling the quantities of baggage shipped at Imperial stations abroad in homecoming transports, a fixed allotment of baggage space shall in future be made to each command by the War Office at the same time as the accommodation for personnel is allotted. An allotment will be made for the regimental baggage stores and equipment of a unit embarking. The allotments for personal baggage will not be made on the total measurement allowances of the passengers embarking but in the ratio that the numbers embarking bear to the net baggage space available (if a unit is embarking), or to the total baggage capacity of the ship (if no unit is being carried). By this means spare baggage space will have been made available for each command in succession, if required, for unaccompanied entitled baggage, *e.g.*, personal effects of deceased officers, etc., while the total spare baggage accommodation available for excess or non entitled baggage will have been proportionately distributed between the commands in which the embarkations take place. These allotments will also indicate the number of motor cars which may be shipped in each command.

I am to say that the instructions regarding encroachments of accommodation contained in paragraph 12 of this office letter No. 120 (General) (QMG 2-A), dated 17th July, 1930, in connection with the Trooping Programme 1930-31, will apply with equal force to the allotments referred above. In the event of berths allotted to any command being surrendered to another command, under the provisions of the above mentioned paragraph a proportionate reduction in the command baggage allotment should be made and a corresponding increase will accrue to the command filling the berth.

6 Superintending sea transport officers abroad are being requested to afford assistance to embarkation staff officers in measuring and marking the baggage space required to meet the command allotment, and it is requested that the latter may be given every facility by Command Headquarters to ensure the best possible use is made of the space available. Superintending sea transport officers are authorized to refuse to ship any baggage in excess of the total measurement allotted to the command.

7 I am to request that officers commanding units may be warned that the responsibility of the State for conveyance of regimental baggage, stores and equipment is confined to conveyance of the cubic measurement authorized. If any unit is in possession of clothing and other public property in excess of the quantity authorized to accompany the unit on its change of station orders should be sought for the disposal of the excess. Private arrangements for freight must be made for any excess private property required at the new station for which accommodation within the command baggage allotment, is not available in the transport in which the unit is embarking.

8 I am also to request that all units may be warned that furniture (except pipes and billiard table), the property of messes or institutes which may be accepted for shipment under the rules for excess baggage is to be excluded from the command transport, and that embarkation staff officers shall issue written orders that on no account is any article of that kind to be shipped in the baggage cars.

I A O 598 Purchase of Milk and Milk Products (Butter and Cream) for the use of Troops—The attention of all ranks is drawn to the advantages to be derived from obtaining milk and milk products (butter and cream) from government military dairies —

(i) The milk is from specially selected and specially fed cattle

(ii) It is produced under hygienic conditions which ensure that, if it is possible there is no possibility of the milk becoming infected with enteric or dysentery

(iii) Any profit made by the dairies are applied in reducing the price of milk and milk products in future year

(iv) Complaints are enquired into and necessary steps taken to remedy them Customers are invited to visit the farm from which they obtain their produce

2. It is to be noted that in all cases except in the case of milk and milk products, if the milk is not used for the purpose of the purchase, it may be returned to the dairy or milk products may be returned to the dairy

24th September 1939

3 In view of the above, all milk and milk products for the use of troops, whether supplied under unit arrangements, in regimental institutes or as train journey rations, etc., will be obtained from government military dairies only, except in stations where it has been ascertained that the farms department are unable to undertake supply. In the latter stations, the approval of the local medical authorities must be obtained to the supply from any source other than government military dairies. At Bangalore and Wellington, supplies for troops will be obtained from the Imperial Institute of Animal Husbandry and Dairying.

(NOTE—The intention of this paragraph is that in stations where the above mentioned dairies are able to supply milk and milk products, places of refreshment for the use of troops, e.g. institutes, soldiers' homes, privately owned restaurants, etc., should only be approved and placed in bounds for troops when they obtain their dairy supplies therefrom.)

4 For train journey rations fresh butter shall be demanded from the government military dairies concerned for delivery to the I A S C. representative at railway stations. A chain of government military dairies exists from Secunderabad to the Frontier to Secunderabad, Belgaum, Kulee, Colaba, Deolali, Mhow, Jubbulpore, Allahabad, Cawnpore, Lucknow, Agra, Ambala, Jullunder, Lahore, Derogah, Sialkot, Rawalpindi, Nowshera, Peshawar, Kohat, Bannu, D.I. Khan and Quetta.

5 This order cancels all previous Indian Army Orders on the subject, and does not apply to tinned milk arranged for authorised tick by the Director of Contracts or issues therefrom not to emergent purchases by supply officers when the Director of Contracts cannot supply.

I. A. Os 601—602

24th September 1930

Existing stocks of pantaloons with cloth strappings (Cat No 2000) will be exhausted before the new pattern with leather strappings is issued

13183/M G 12

I A O 602 Army Headquarters clerical establishments—A certain number of appointments in the second division in the clerical establishments of Army Headquarters are reserved for soldiers in possession of first class certificates of education and a register of qualified candidates who are recommended for employment by their commanding officer maintained by the Establishment Officer, Government of India, Army Department, Simla, to whom all correspondence on the subject should be addressed

2 Those selected for employment will be required to serve a probationary period of twelve months during which they will be given a consolidated pay of Rs 140 p m and a duty allowance of Rs 50 p m. On confirmation in the second division their scale of pay will be Rs 140—5—250, with a duty allowance of Rs 44 p m which will be gradually absorbed as increments of pay proper are earned. They will, without further examination, be eligible for promotion to the first division (Pay Rs 200—12—332 efficiency bar 344—12—440) and from thence to the grade of superintendent (Pay Rs 500—40—700). There are also a few higher appointments (Pay Rs 900—50—1,150) to which particularly smart men may aspire.

3 On confirmation in a permanent appointment soldiers are required to relinquish their military status and become civilians. They will then eventually become eligible for pensions under the civil rules.

4 Those ultimately selected for confirmation will be required to sign a certificate to join the local auxiliary force India, on discharge from the army and to continue serving therein until they attain 11 years

24th September 1930

If after the period of three months, any such extra-regimentally employed soldiers are reverted to their units, they will continue to be borne supernumerary to the establishment of those units until absorbed

9 A description of those recommended should be submitted in the following form which should be completed in the handwriting of the candidate —

I A O 603 Stationery—Complaints have been received from the stationery department that indents for stationery are being frequently received on forms other than those prescribed for the purpose

2 The attention of indenting officers is drawn to the necessity for using the prescribed indent form only for this purpose, vide rule 18 of "Rules for the supply and use of Stationery Stores 1924" Non-compliance with this rule results in delay in the supply of stationery. Copies of the prescribed indent form can always be obtained by return post on application to the D C, Stationery, Calcutta

I A O 604 Recovery and adjustment of the cost of unused portions of passage tickets—Great difficulty is being experienced in the recovery and adjustment of the cost of unused portions of passage tickets of officers and their families

24th September 1930

It is incumbent upon officers to intimate any changes or cancellation of their passages (part or whole) to the C M A, P & A District, Calcutta. The unused portions of tickets should be sent as soon as possible either direct or through the India Office to the C M A, P & A District Calcutta, for purposes of adjustment of the cost of passages paid to the steamship company.

In this connection attention is invited to paragraph 6 Part I of Appendix II to Appendix A, Passage Regulation, India, which procedure should be strictly followed.

Any loss to Government that may be sustained by officers not following this procedure will be debited against the officer's passage account.

INDIA ARMY ORDER**I A O 607 Allotment of Vacancies at Army Schools of Instruction for 1931—General Instructions—**

1 The normal unit allotment over a period of four years is shown in Table "A" of "Courses of Instruction (India), 1928"

2 Method of allotting vacancies

The number of vacancies per command, etc., at the various courses are shown in Annexure "A" to this order. The actual allotment is based on the number of vacancies each unit should obtain over a period of four years.

Command will sub allot on a similar basis in time to reach districts by 1st November.

3 Applications for vacancies

Units will submit returns through the usual channels to reach districts by 1st September 1930, showing the number of vacancies they require at each course for 1931. The returns will be based on the allotment given in Table "A", "Courses of Instruction (India), 1928".

4 Allotment by districts

Districts will then allot vacancies to units, based on Table "A" and the number of vacancies received by them during 1928, 1929 and 1930. They will maintain a careful record of vacancies allotted so as to ensure that the Table "A" allotment is adhered to as far as possible.

5 Exceptions to the general rules regarding allotment of vacancies

(a) *R A* vacancies for all schools, at which vacancies are allotted in Table "A", and at the Royal Tank Corps School, will be notified by Army Headquarters to brigadiers, *R A* of commands.

(b) *R F* vacancies for all schools at which vacancies are allotted in Table "A", will be allotted direct by Army Headquarters to corps of Sappers and Miners.

(c) *Senior Officers School*—Officers will be within three years of command or promotion to lieutenant colonel. Army Headquarters will allot vacancies by name.

(d) *Royal Tank Corps School*—The commandant, Royal Tank Corps School will allot vacancies to *R T C* groups direct.

(e) *I S I* vacancies—The Military Adviser in Chief, Indian States Forces, will allot all *I S I* vacancies.

(f) *Kitchener College*—Vacancies at the Kitchener College are allotted by Army Headquarters to units direct. The details of the courses and vacancies for 1930/31 are as given in Army Headquarters letter No. 20139/II/MT 3, dated 12th April 1930.

6 Surrender of vacancies

(a) Vacancies surrendered by units will be re-allotted by the district immediately a surrender is notified. Should the district

26th September 1930

be unable to reallot, it will surrender to the command, who will reallot to another district, notifying the school concerned

Only in exceptional cases should districts have to surrender to commands and such surrendered vacancies will, if possible, be reallotted within the command unless such reallotment would mean sending an insufficiently prepared student to the course

- (b) If a command (or Burma independent district) is compelled to surrender a vacancy, the school concerned should be notified direct, as soon as possible. The commandant of the school concerned will then reallot the vacancy surrendered to any command desiring an additional vacancy
- (c) Vacancies at the Kitchener College may be surrendered or exchanged only under instructions from the Chief of the General Staff who will reallot surrendered vacancies

7 Additional vacancies

If a command (or Burma independent district) desires vacancies exceeding above the allotment given in the annexure to this order the commandant of the school concerned will be addressed direct, and he will be empowered to give additional vacancies from surrenders and up to the capacity of his school

8 Unsuitable student

Should the commandant of a school be compelled to return a student to his unit for any reason he will forward a report to the headquarters of the command concerned (or Burma independent district) for investigation

In future a report will not be made to Army Headquarters unless the case is of an exceptional nature in which case either the G.O.C. in C. of the command or commandant of the school concerned shall bring the matter to the notice of Army Headquarters

26th September 1930

will be allotted during the twelve months preceding embarkation in such numbers as the unit can conveniently take up and as will not unduly reduce those available for other units.

- (c) On the return of a unit from overseas to India the district concerned will arrange for it to have an increased allotment of vacancies at army schools with a view to bringing its quota of trained instructors up to the prescribed number with the least possible delay.

11 *Small Arms School vacancies*

Table "A" shows that officers and other ranks of R A and signals will get no vacancy at the Small Arms School.

Districts will be responsible that arrangements are made for certain selected n.c.o.'s from these units to undergo a weapon training course with the training cube of a regular infantry battalion in the districts, or for their attendance at a local course.

12 *Nominal rolls*

- (a) Districts and independent brigade areas will forward to schools a nominal roll of the students (exclusive of R A and R E students) attending each course, to reach the school 15 days before a course commences.
- (b) Army Headquarters will supply the school with a nominal roll of R I and R A students by the same date.
- (c) In forwarding the above nominal rolls, districts, independent brigade area headquarters (or Army Headquarters) will consolidate the nominal rolls of their units on a pro forma as shown in annexure "B" to this order, and will ensure that all the information required by "Courses of Instruction (India), 1928" is furnished to the school.
- (d) In addition, the pro forma will show the number of vacancies allotted under the command order (vide para 2 above), the number subsequently allotted and the total number filled.
- (e) All certificates required to be furnished by units will be returned at district (independent brigade area) headquarters (Army Headquarters in the case of R A and R E students) and replaced by one consolidated certificate.
- (f) In the case of the A.S.P.F., the command preliminary pro forma of Indian students and the certificates of all students attending "refresher" courses will be attached to the form for award forwarded to the school.

26th September 1930

(c) *Equitation School*—Nominal rolls of students attending this school will be sent by units direct to the school so as to reach there one month before the commencement of each course. The pro-forma shown in annexure "B" will be used

(d) *Army School of Physical Training*—Nominal rolls of personnel of the undermentioned corps attending courses, will be submitted, in the case of

I. A. S. C., by Officer-in-charge, *I. A. S. C. Records*, Dagshai ;

I. H. C., by Army Headquarters (Medical Directorate).

14 *Correspondence.*

There will be no direct correspondence between schools, formations and units on the subject of the allotment of vacancies, except in the case of :—

(a) the Royal Tank Corps School,

(b) all schools as provided for in *I. A. O. 279* of 1928,

(c) as provided in paras 6, (a) and (b) and 7 of this order.

Attention is specially directed to the pamphlet "Courses of Instruction (India)". Commanding officers are responsible that the instructions therein laid down for students joining the various schools are strictly complied with

29841/G S, M.T.-1.

C N MACMULLEN, *Lieut General,*

Adjutant General in India.

I A O 614 Transfers—British Soldiers—Paid acting sergeants of the temporary unseconded establishment of soldier clerks of the Indian Corps of Clerks (British Wing) who desire to retain their eligibility for permanent appointment to the corps will, when the British unit to which they belong is under orders to leave the Indian establishment, be transferred to a British unit remaining in India.

Action in such cases should be taken under Regulations for the Army in India, Appendix XXVII, paragraph 2

A 44476|A G 1

I A O 615 Pioneer Pay—Some doubt appears to exist whether the new D, E, and F rates are identical with the old 1st, 2nd, and 3rd rates of pioneer pay.

The old 1st, 2nd and 3rd rates of pioneer pay are referred to in Army Instruction (India), No B 167 of 1926, and the object of the amendment to Pay and Allowance Regulations, Part I, paragraph 53 (iii) was to include these three rates which were omitted. To avoid confusion with the new 1st, 2nd and 3rd rates of engineer pay for Sappers and Miners laid down in paragraph 88 D *ibid*, it was decided to call them D, E, and F rates. The tests, and the rates of pay for D, E, and F rates of pioneer pay are identical with the old 1st, 2nd and 3rd rates.

This order is published with the concurrence of the Military Accountant General.

I A O 616 Furlough and leave, Indian Army—The following extract from Army Department letter No B 11679|I (A G 11) dated the 20th September 1930, is republished—

"The Government of India agree that where, owing to the existing situation, Indian troops due for discharge or transfer to the reserve have not been granted the furlough or leave which they would otherwise have received, their service may be extended to the extent necessary to enable them to be granted such furlough or leave as may be due to them."

The pay rules will not be relaxed but the resulting shortage in service will be accepted.

1 This supplement is applicable to India with the exception of Part I, Section I, Organization, and any minor variations caused by the difference of the Indian organisation, equipment and transport. The organisation of machine gun sub units in India is laid down in Peace and War Establishments, India

5 In order to enable units to train in accordance with the supplement—

- (i) The senior N C O in each platoon will act as platoon sergeant or havildar,
- (ii) The 2nd senior N C O in each section will act as "section corporal"
- (iii) Sub section commanders as such are abolished
- (iv) The 3rd senior N C O will act as N C O of transport (In India with pack transport an additional N C O to control the transport is considered necessary,
- (v) Officers and N C Os using the supplement, will interpret the book to suit Indian organisation and equipment *e.g.*, for 'LIMBER' read "transport pack or draught"

Surplus N C Os in machine gun companies will be retained in the machine gun company and trained as understudies to the above

INDIA ARMY ORDER.

I. A. O. 619. Reliefs—I. A.—The “Instructions and Notes for units detailed for duty in the Waziristan District”, published in the annexure to I. A. O. No. 577 of 1928, and amended from time to time, have been revised and are published as an annexure to this order.

2. India Army Order No. 577 of 1928 is *cancelled*.

B [11072]A.G.-2.

C. N. MACMULLEN, *Lieut.-General,*
Adjutant General in India.

Instructions and Notes for units detailed for duty in the Waziristan District

Units proceeding to the Waziristan District must be prepared for conditions much more akin to field service than to the peace conditions prevailing in India. Although normally at peace troops in Waziristan serve under conditions which admit of no relaxation of military precautions.

Peace regulations for accounting, clothing rations etc. are however, in force throughout the District, although a considerable proportion of the troops are accommodated in tents.

2 *Policy regarding reliefs*—The normal tour of duty in the district is two years, except in the case of British infantry, light batteries, R. A., units of the Royal Tank Corps, and personnel of the R. A. M. C., which are relieved annually.

For Indian infantry battalions Loral and Manzar are one year stations, the other year being spent at Bannu and Wana respectively.

Except in the case of some units destined for Wana reliefs take place at the final destination of the incoming unit.

In the case of Wana, the outgoing and incoming units usually cross over at Manzar.

Detailed instructions regarding movements within the district are issued by Headquarters, Waziristan District direct to all units affected as soon as the dates of reliefs have been decided finally by Army Headquarters.

3 *Grenades*—All men will be trained with dummy hand grenades and in the use of the rifle grenade (see also paragraph 32 below).

4 *Animal management*—Owing to the severe climate and arduous duties required to be performed at short notice it is essential that particular attention be paid to all branches of this subject—care of animals at all times, fitting of saddlery, training of drivers, etc.

5 *Tactical advance parties*—In order that they may obtain the latest information regarding tactical conditions and the procedure in vogue in the district, units detailed for duty in Waziristan will send about 3 months before leaving their former stations a small party to be attached to the unit which they are to relieve. This is unnecessary in the cases of Sapper and Miner units and infantry battalions proceeding to Bannu.

6 Tactical advance parties will normally be composed as follows—

(a) *Indian cavalry regiment*—

(i) For Bannu—

A senior officer if possible the officer commanding or second in-command

One Indian officer

(ii) For Wana—

Squadron commander

One Indian officer of the squadron

(b) *Mountain artillery brigade*—

One British officer for Rural

One British officer for Wana

One British officer for post groups throughout the district
No tactical advance party is necessary when the light battery
only is being relieved

(c) *Infantry battalions* —

A senior officer, if possible, the officer commanding or second-in command

The quartermaster

Two platoon commanders

Four non commissioned officers

(d) *Armoured car companies R T C* —

Commanding officer or second in command

2 section or sub section officers

2 section sergeants

1 n c o from company H Q section

1 clerk

7 The duration of the attachment of tactical advance parties will be three weeks

Dates will be decided upon by the officers commanding the relieving and relieved units in direct communication, with the approval of their respective brigade commanders

8 On conclusion of the attachment the party will return to the unit and disseminate the information gained

9 Both officers and other ranks must travel on warrants in connection with these visits T A is NOT admissible

10 *Information—Reference Books*—Books of reference dealing with the district are —

(a) Military Report on Waziristan 1921

(b) Routes in Waziristan—Bannu and Derajat

(c) Operations in Waziristan 1919 20 (Superintendent of Government Printing)

(d) Waziristan in 1919 20, by DeWatteville

Note—(a) and (b) will be taken over from the relieved unit on arrival at destination in Waziristan

In addition to the above, units will be in possession of the following —

(e) Manual of Operations on the North West Frontier of India

(f) Relations of Troops with Tribesmen (to be issued by Waziristan District)

(g) Waziristan District Tactical Notes (to be issued by Waziristan District)

(h) Local Standing Orders and Column Standing Orders are issued, as necessary, by the respective Brigade Headquarters

11 *Maps*—The S S Officer Bannu maintains a stock of maps of the area. Plans are provided for issue on loan to units to make up this line in relief. These will be handed over to the outgoing unit which will return them to the S S Officer Bannu on arrival there

In the case of the reliefs of units at Wana, Headquarters, Wana Brigade, will issue maps of the area Wana—Manzai to the outgoing unit, which will hand them over to the incoming unit at Manzai.

The latter will return them to Headquarters, Wana Brigade, on arrival.

Local maps will be issued by the headquarters of the brigade or the O. C. station concerned.

12 Books Forms and Stationery—These are obtained in the normal way as in other districts.

13 Orders.—Relieved units will hand over files of district, brigade and station orders and copies of important letters containing rulings, etc., to the relieving units.

The following in particular will be handed over —

“Losses in Waziristan”, “Loan ledgers for post and other stores”, and “Waziristan District Special Order No 2 of 1930 regarding ordnance dump”

14 Reports and Returns—The reports and returns due from units, excluding those required by I.A.F.Z. 2000, are detailed in a schedule annexed to Waziristan District Order No 168 of 1930.

Reference will also be made to similar orders published by brigades.

15 Accounts—The peace system of accounting under all headings is in force in the Waziristan District with the exception that when columns are out, the field service system of accounting for rations, supplies and packing material, is adopted.

Full details are contained in Waziristan District Orders Nos 304 of 1927 and 1412 of 1929.

16 Discipline—For the purposes of discipline, troops and followers stationed in Waziristan District serve under peace conditions. For the posts specified as “Frontier Posts” under sections 2 (1) (c) and 22 Indian Army Act, see Gazette of India, Army Department Notification No. 1209 of 1924 and 1335 of 1925 as reproduced in Part V M. I. M. Law.

17 The Indian Soldiers Litigation Act—A person subject to the Indian Army Act is covered by the Indian Soldiers Litigation Act 1925 (as reproduced in the M. I. M. L.) when he is serving with any unit, the headquarters of which is situated at any place in Waziristan, which is more than fifty miles distant by road from the nearest railway station.

18 Followers—A full establishment of Class I followers is required.

As accommodation is limited and costly, as few private followers as practicable should be brought.

Followers must be strong and active. All followers will be medically examined before leaving for Waziristan and all and physically unfit men replaced. Followers are not normally detachable in the district.

All private followers are required to be in possession of a new khaki drill suit for use on columns.

19 Leave and furlough—The leave and furlough regulations apply throughout the year. Leave is granted on the basis of 14 days for each year of service. It is granted under paragraph 931 of reg. Regulations for the Army in India.

20 Medical—Communicable diseases will be treated at the expense of the Government, public and private are provided with medical facilities. Diseases and small pox before the departure for Waziristan.

Men suffering from chronic malaria will not stand service in Waziristan and should be weeded out as far as possible

Mosquito nets must be used by all troops in occupation of Bannu rest camp and a daily dose of prophylactic quinine administered during the malarial season

21 *Water*—Strict orders will be issued forbidding all ranks to drink from streams and water channels either during the march into the district or subsequently. All water must be chlorinated unless the senior medical officer present definitely decides that it is unnecessary in any particular case

22 *Institute*—British units employ their own contractors, who will take over institutes in accordance with the "Rules for the management of Regimental Institutes". Station commanders arrange the necessary station boards

23 *Accommodation Families*—The families of war nt officers and British other ranks of the British infantry battalion the light battery R A. and the mounted car company, R T C are accommodated at Dalhousie. All arrangements for their move etc will be made by districts concerned in direct communication with Headquarters, Lahore District

There is no accommodation for the families of British officers or of departmental warrant officers and none of Indian ranks except at Bannu and Dera Ismail Khan

At both these places accommodation is very limited. No families will be de patched to either station unless intimation has been received that accommodation is available and has been allotted

At Dera Ismail Khan most of the bungalows are privately owned

At Bannu all bungalow are Government property and are allotted by the Officer Commanding Bannu. In both cases the arrangements for accommodation will follow the rules in paragraphs 4th and 13 M E S Regulations

A limited number of quarters are available at Bannu in the Family Camp for the use of British officers stationed in non family stations. For detail and allotment of quarters, application should be made to Headquarters Bannu Brigade

24 *Ordnance*—(a) *Storage and tentage*—The actual scales of standing camp tentage are at present under revision and will be published in Tentage Regulations. For the present units which are to be accommodated in tented camps will take over the tentage occupied by the outgoing unit

(b) *Transport*—All transport will be brought into the district out of Waziristan District by the railway and will be handed over on the arrival of the transport from Waziristan. It will be done at Manjra if the transport is to be taken in Waziristan at which the incoming unit is to be received

(c) *Transport*—The transport will be brought into the district out of Waziristan by the railway and will be handed over on the arrival of the transport from Waziristan. It will be done at Manjra if the transport is to be taken in Waziristan at which the incoming unit is to be received

(d) *Transport*—The transport will be brought into the district out of Waziristan by the railway and will be handed over on the arrival of the transport from Waziristan. It will be done at Manjra if the transport is to be taken in Waziristan at which the incoming unit is to be received

(e) *Transport*—The transport will be brought into the district out of Waziristan by the railway and will be handed over on the arrival of the transport from Waziristan. It will be done at Manjra if the transport is to be taken in Waziristan at which the incoming unit is to be received

25 *Clothing stocks*—(a) Stocks of clothing will be handed over by the outgoing unit. Items which are not used by the incoming unit will be taken away by the outgoing unit and will not be handed over. The incoming unit should arrange for one month's stock of items for their own use to be brought with them or sent up in advance from the Clothing Depot, Lahore, to replace those items taken away by the outgoing unit.

(b) In Waziristan District, owing to the shortage of storage accommodation, only one month's stocks of clothing is to be held by units.

(c) Obsolescent, obsolete or part worn articles will not be handed over by the outgoing unit.

26 *Extra issue winter clothing*—The authorised scale and instructions for issue by and return to the Clothing Depot are given in Waziristan District Special Order No 5 of 1930, published as appendix I to this Order.

27 *Boots*—*Dubbin* all boots must be well dubbined at all times.

Repairs good shoemakers are essential as repairs are heavy.

Allowance—The Waziristan special boot allowance is no longer admissible.

28 *Chaplis* may be worn but the supply and repair must be made under unit arrangements as they are an optional article of wear and are not articles of ordnance supply.

29 *Equipment*—(a) Incoming and outgoing units will carry out a check to verify that all stores are held on charge in a serviceable condition to the complete authorised scales, vide I A O No 871 of 1926, see also R A I paragraph 15 and F R I Part I paragraph 9.

(b) With reference to A I (I) No B 108 of 1929 the following list is intended to clarify and to show in greater detail the stores to be taken and brought by units moving out of and into the district.

(i) All stores embraced by the economy schemes except line gear if animals do not accompany the unit.

(ii) All stores shown in E R (I) Part I Appendix 42.

(iii) All machine guns mounting and spare parts (F R (I), Part I, Appendix 42 will be amended in due course.)

(iv) Draught gear authorised in Appendix 37 F R (I), Part I and the D P draught gear provided for use with transport cars.

(c) The following equipment will be handed over and received and will not be taken by outgoing unit or brought by incoming units—

(i) All items not included in paragraph (b) above and the following—

(ii) Standing camp tent and regimental tent, station stores, post store, first-aid material, telecommunication stores except those shown in para 321 E R (I) Part I 1927 and local training grant store.

(iii) R A I—All transport stores, such as the equipment of carriers and vehicle, which form part of the transport stores.

(d) *Bicycle*—(i) In Waziristan District bicycles will be maintained on the scales given below—

(1) At D I Kharan, Peshawar and Idak. Full peace scale of formations and units.

(2) At Waziristan District. Two per company, battalion.

(3) At Rawalakot.

(u) All formations and units will maintain, in peace time, checked indents for bicycles to complete up to full war scale. The bicycles included in their checked indents will be maintained in Ferozapore Arsenal, but will not be issued to units in Waziristan District on mobilization, unless specially ordered by District Headquarters. Units moving in relief within or without the Waziristan District will hand over to the relieving units all bicycles on charge and their connected bicycle maintenance allowance accounts.

Units moving into the Waziristan District on relief will NOT bring any bicycles with them.

Units are reminded that when they move in relief it will usually be necessary to cancel their existing checked indents and to prepare fresh indents for checking by the ordnance service in accordance with the new scale of bicycles. See Waziristan District Order 376 of 1930 regarding accounts, etc.

(c) *Post stores*.—No articles detailed in Waziristan District Special Orders Nos. 6 and 7 of 1929 will be taken out of the district but they will be handed over, together with the necessary ledgers and documents in support, by the outgoing unit before a station board detailed by the post or station commander.

30. *Arms Serviceability—Inspection by C. C. M. A.*—(a) To ensure that units arrive in Waziristan with their arms in a serviceable condition, C. C. M. A's have been instructed to inspect the arms of incoming units before the end of August to admit of repairs and replacements being carried out prior to the unit moving. The C. O. O. of the arsenal on which dependence shall be communicated with, if necessary. No facilities exist for the repair of arms in Waziristan District.

(b) Machine gun tripods should be thoroughly serviceable to ensure accuracy for overhead or sniping fire.

(c) C. R. A. and A. D. S. and T. will arrange with brigade headquarters for Postal Artillery and Indian Army Service Corps units with at least one section attached to units with an armoured car for the regular inspection and repair of field repairs to small arms and automatic guns vide Part I of Post Office Order No. 11, Part I.

It is recommended that all the necessary action is taken in accordance with paragraph 91 of F. R. (D), Part I.

It is recommended that the Army Service Corps and Artillery will be kept informed of the progress of the work of F. R. (D), Part I para.

(d) *Units moving between Bannu and Manu only*—Scale S A A. 20 rounds pouch ammunition per man

32 *Graduate training*—200 live grenades, hand, No 36, complete per British and Indian infantry battalion are authorised for training, in addition to the annual allowance, to battalions on first arriving in Waziristan District

They should be demanded by battalions, under authority of Waziristan District Order No 644 of 1924, from C O O Ferozepore Arsenal, two months before they will be required. The indent will be endorsed with the station to which the grenades are to be sent in Waziristan

33 *Supplies or ordnance stores from arsenals and clothing depots*—Owing to the distance by rail and road the time taken from the despatch of an indent to receipt of ordnance stores is approximately two months

To avoid this delay in the case of common items of every day use, an ordnance dump is maintained at Bannu, which stocks the items given in Waziristan District Order Special No 2 of 1930. This special order gives the procedure to be followed. All units submit their indents for these particular items to the dump. The average time for such stores to arrive is approximately ten days

34 *Boards of survey*—(a) Boards of survey will assemble in accordance with E R (I), 1927, Part I, paragraph 13, as amended to date

One copy of the proceedings together with the certificate required by paragraph 15 F R (I), Part I, and clearance certificate (I) as detailed below, will be submitted as follows—

(i) Units leaving Waziristan District via *Mari Indus*—Through S S O, Mari Indus to Waziristan District Headquarters

(ii) Units moving within the district or leaving by road—

Through brigade or post headquarters concerned to Waziristan District Headquarters

(b) *Handing over Certificates*—Certificates (I) and (II) below will be submitted by officers commanding relieved and relieving units, with the board proceedings referred to in paragraph 36 (a)

It is to be noted that it is not sufficient to state that “Any stores deficient or below authorised proportion were not handed over”. It is essential that a detailed list of deficiencies be handed to the relieving unit in order that the indents eventually submitted for these stores may be checked. Neglect to comply with this instruction leads to much unnecessary correspondence

35 *Charpoyis*—These will not be brought or taken by units moving in relief but will be taken over by the incoming unit at their destination

The handing over and taking over will be carried out in the presence of a M F S representative who will be detailed by Brigade and Station Commanders

Damages and unfair wear and tear will be charged to the outgoing unit by the M F S Charpoyis which are not up to the M F S serviceable standard will be withdrawn by the M F S and replaced. Those withdrawn will be overhauled repaired and reissued as required

36 *Baggage*—(i) Accommodation for storage of heavy baggage is extremely limited except at Bannu is just sufficient for the storage of

(c) The following maximum loads of munition for personnel of units proceeding to the front will not be exceeded

Rank	Maunds
Lieut Colonel	15
Major	15
Captain	10
Subaltern	10
Warrant officer Class I	5
Warrant officer Class II	2½
Non-commissioned officers	14
Liaison officer	3
British and Indian staff rank	1
Public followers	1
Private followers	1

(d) As all baggage has to be moved in M T or A T packages and boxes must be kept as small as practicable

37 *Transport*—The heavy baggage of units which move by march route within the district is normally conveyed in Government M T and moved independently of the unit. Usually it is loaded at railhead by the incoming unit and arrives at the destination ahead of the unit. A baggage guard of one man per lorry with a B O in charge will accompany this heavy kit.

For the baggage etc. actually accompanying marching unit, A T carts and pack mules are provided. A supply of fodder and tentage have also to accompany the unit. The total weight of baggage must be kept as low as possible.

The following are the authorized maximum loads—

	Maunds
Pack mules	2
A T carts	10
30 cwt lorries	35 (mixed load)
3 ton lorries	70 (mixed load)

Damage due to overloading will be charged to the unit employing the transport.

Units concerned will be provided with instructions for reliefs, issued annually by Headquarters. A certain number of the transport which will be allotted to them. Any excess baggage must wait until transport becomes available or be moved at unit expense.

Unless unit animals accompany units, transport mules are provided for machine and Lewis guns. The mules will not be removed from the care of their own I A S C driver nor will any saddlery but their own be used on them.

38 *Government stores forwarding agency*—Government stores forwarding agencies at Bannu and Manzai exist for the purpose of despatching Government stores only from railhead to units beyond. See India Army Order No 9 of 1930.

Private and unit stores will not be forwarded by this agency. Commercial firms (Messrs Bagu and others) exist at Bannu and Manzai, which transport such stores and units should make their own arrangements in direct communication with such firms.

39 *Routes forward from railhead*—(a) Details of march stages, etc., are given in Appendix II.

(b) There are no or no road protection piquets held in normal times by regular troops, and practically none by scouts.

Certain permanent camp piquets around military or scouts posts afford protection to the road but only incidentally to their primary role of camp protection

General security along the roads in Waziristan proper is now a concern of the civil authorities (i.e., Resident in Waziristan and the Political Agents, North and South Waziristan) and is provided by (1) Road piquets held by Khassadars (armed tribal irregular police) (2) Scouts patrols

The movements of regulars about the country in the normal course of training also indirectly provides a measure of general security

Unless intimation is given of the necessity for special protection, the security afforded by khassadars may be considered reasonably sufficient for complete battalions, but C O's must always bear in mind the possibility of being sniped on the line of march, or in camp both by day and night, hence suitable formations affording immediate protection must always be adopted on the march at night and when halted complete protective measures are necessary

It must be assumed that all khassadar protection ceases one hour before sunset

(c) When a marching unit is to halt for the night at an occupied post, the O C post will arrange for guides to bring the unit in, he will also report the arrival of the unit and arrange for the O C to be given full information regarding local defences, administrative arrangements, etc

(d) Units will draw supplies for the whole period of the march from Banna or Manzai in the case of incoming and from Razmak, Idak or Wana in the case of outgoing units. Fresh meat and bread for British troops and fresh vegetables for all units will be delivered daily at camping grounds under arrangements made by the A D S & T Waziristan District or the brigade supply officer concerned.

(e) Marching units will allow M T convoys to pass with the minimum of delay. Armoured cars and 3 ton 6 wheeler lorries are not allowed to leave the metalled portion of the road, which must be cleared for them. O C units will be given copies of all convoy programmes and approximate timings for the period of their march to assist them in arranging halts for convoys to pass

40 *Local training grant stores*—These will not be taken out of the Waziristan District. They will be handed over to the relieving unit under arrangements to be made by the headquarters of the formation concerned (See Waziristan District Order No 567 of 1929)

41 *Medical*—The A D M S Waziristan District will arrange for the requisite medical personnel and equipment to accompany units moving in relief. In cases where the personnel detailed will not accompany a unit leaving the district to its final destination adequate warning will be given through Headquarters Waziristan District so as to enable the command or district concerned to be informed at least seven days before reliefs are required

42 *Veterinary*—The D A D V S Waziristan District will arrange for the requisite veterinary personnel to accompany units moving in relief. In cases where personnel so detailed are not to accompany a unit leaving the district to its final destination adequate warning will be given through Headquarters Waziristan District so as to enable the command or district concerned to be informed at least seven days before reliefs are required

43 *Exceptions to these orders*—Any exception to the above will be communicated to all concerned in a circular letter, which will be issued to all commands annually as soon as the actual dates of relief movements are known

WAZIRISTAN DISTRICT SPECIAL ORDER NO 5 OF 1930

NOTES ON PART B

- (i) *Cavalry and Infantry* —The tactics papers set by the War Office usually refer to British cavalry and British infantry units. But candidates of the Indian Army sitting in India or Burma may base their answer on Indian cavalry and Indian infantry units if they wish. Candidates exercising this option should state their intentions as an assumption (note heading to question paper).
- (ii) *Tanks as Land tank weapons* —If tanks are introduced into a scheme (or paper) their organization will be —

11th October 1930

Such exercises which should as a rule be attended by senior officers and Staff College candidates, will lead to useful consideration and discussion of modern developments, particularly as they may affect India. The results of such discussions should be forwarded to Army Headquarters, to which as well as to War Office, they may be of great value.

A mixture of home and Indian organizations should be avoided, but if for any reason home organizations such as tank battalions are introduced, it should be presumed that all Infantry Battalions have anti tank weapons.

D Tactical exercises with troops—As in Part "B" but the provisions of paragraph 9 "Report on Collective Training, 1926-27" will apply, *i.e.*, for tactical exercise with troops, only the armament and equipment actually in possession of the Army in India will be dealt with, with the exception of the armour piercing bullets allowed to armoured car companies in accordance with paragraph 12 (iii) (1) of Memorandum on Army Training (India), Collective Training Period, 1928-29.

I A. O 626 Reserves—Indian Army—Revision of I A F Y 1953—
1 I A F Y 1953 (Reservist Parchment Certificate) has been revised and copies of the new form are available for issue by the Deputy Controller of Forms, Calcutta. The issue of the old form will be discontinued forthwith. All existing unused copies will be disposed of to the best advantage of the Army, provided that the printing thereon has been first erased, otherwise all stocks will be destroyed.

2 The revised form is in four portions and will enable a reservist to rejoin his reserve centre on GENERAL MOBILIZATION without waiting for his recall order.

Part I consists of a railway and shipping warrant.

Part II is the actual reservist certificate.

Part III is an order on the postal authorities to issue Rs 3 to each reservist for subsistence during the journey.

Part IV is an advance notification for the use of the postal authorities to intimate to controllers of military accounts that Rs 3 has been disbursed and is to be recovered from the man concerned.

3 The officer completing the revised reserve certificate will ensure —

(a) that all details on the form are accurately completed,

(b) that the reservist understands that Parts I, III and IV can only be used when GENERAL MOBILIZATION is ordered and that in such a contingency Parts III and IV will be removed by the postal authorities after giving the reservist Rs 3 for subsistence on the journey and that Part I constitutes a railway or shipping warrant to his reserve centre.

(c) that the reservist understands that for ordinary training or muster he will be called up as heretofore.

11th October 1930

(d) that the terms of the note at the end of Part II of the form are clearly explained to the reservist the last sentence of this note should be strictly enforced

4 The replacement of existing parchment certificates now in possession of reservists will be carried out as opportunity offers by officers in charge reserve centres. This can best be effected when reservists are called up for training or muster. For this purpose officers in charge reserve centres will indent for copies of the forms up to the number of reservists they control. Obsolete forms will be destroyed as soon as they have been withdrawn and replaced by revised ones.

A 48196/AG 2

I A O 627 Soldiers Service—British Army—War Office letter No 27/Gen/SS6 (R/AG 1 C), dated 27th August 1930 is published below —

Continuance in the Service beyond 21 years for Vocational Training purposes—soldiers serving abroad

With reference to paragraph 6 of Army Order 355 of 1927, promulgated in Army Order 110 of 1930, it should be noted that in the case of soldiers who are enlisted to complete 21 years, prolongation of service beyond 21 years will be by extension under the provisions of Section 78 (1) (c) of the Army Act

The pamphlet Army Vocational Training, 1930 Chapter IV, Section 18, paragraph 4 (u) will be amended in due course

B 11784/AG 6

I A O 628 Change in the form of jagirs granted to Indian officers — The change in the form of jagirs sanctioned in Army Instruction (India) No 102 current, has been made with the object of simplifying procedure, and also to insure Indian officers granted a jagir in a form other than that of land against loss

2 The disadvantages of the former grants of an assignment, or remission of land revenue were —

- (a) recipients had to bear any loss which arose on variations involving the suspension or remission of land revenue. In a recent case of this nature an Indian officer received a sum of Rs. 47 instead of Rs. 600 for the year
- (b) difficulties in collecting the revenue
- (c) difficulties in arranging the disbursement to Indian officers, on the active list

The new Jagir allowance and the method of payment referred to in paragraph 2 of Army Instruction (India) No 102 current will be greatly to the advantage of jagirdars who receive the new allowance with effect from or after the 1st January 1931

3 Jagirs in the form of land will be granted as heretofore. They are in no way affected by the introduction of the new 'Jagir allowance'

B 2523 AG 9

11th October 1930

I A O 629 Documents—India Unattached List—Cases continue to be reported by home record offices in which considerable delay is still being experienced in carrying out the discharge of British soldiers, remanded from the India Unattached List and sent to the United Kingdom for discharge owing to the non receipt of their documents

2 When a British soldier is sent to the United Kingdom for discharge all the necessary documents will accompany him

B 11623|A G 9

I A O 630 Correspondence—Telegrams—When affixing service stamps to telegrams care must be taken to use the smallest number possible, and stamps of the higher values should therefore be procured to such extent as may be necessary

B 11611|A G 11

I A O 631 Accounts—Indian—To conform to the provisions of paras 555 *et seq* R A I it has been found necessary to amend the certificate on page 49 of the Pay and Mess Book (I A F A 2) as follows—

- (1) "Certified that the amounts shown against the names of the Indian officers, N C Os and men in the preceding pay sheets have been paid to them in our presence, and that the entry of the amount paid to each individual was made in ink at the time of payment

- 5 When making up liquid leakage, the correct proportion of glycerine and buffer oil will be used
- 6 In addition to the foregoing instructions, the operations for filling, laid down in the respective handbooks, will be observed
- 7 It is essential that the containers of the glycerine mixture be kept tightly closed, as the latter absorbs moisture from the atmosphere
- 8 In carrying out the foregoing instructions the following should be noted —
 - (a) Injecting and mixing is greatly facilitated by warming both the glycerine mixture and the receptacle or force pump
 - (b) If available, a funnel should be used for filling the hose with glycerine mixture
 - (c) When a mixture of buffer oil and glycerine mixture is allowed to stand the latter quickly settles to the bottom. For this reason, all guns will be depressed for at least two hours before pulling back
 - (d) It is very essential to pull the guns back (without disconnecting anything) a foot or so, at least once a week

Copies of these instructions will be inserted in the respective gun drill or handbooks, where not already included

I A O 636 Mugs and plates for British troops—Equipment Regulations, Part I, 1927, para 55, as amended by List No 13, authorises a free issue of an enamelled mug and plate to each British soldier with subsequent replacement at the expense of the individual

2. This means that the mug and plate are the personal property of the soldier, and he is free to dispose of them as he thinks fit when he becomes ineffective or leaves Indian limits

3. In these circumstances I A O No 12 of 1930, is cancelled

I A O 651 Rifles and bayonets—marking of—India Army Order No 132 current is cancelled

2 The following procedure will be adopted for the future—

(a) Rifles and bayonets will not be numbered as by companies but serially throughout the regiment or battery.

15th October 1930

- (b) The armourer and C Q M S will each maintain an arms book in which rifles and bayonets will be numbered serially from 1 to 900 (or lesser number as necessary)
- (c) The C Q M S will enter the possessor's rank and name, place and date of issue, manufacture number and other particulars against the number in the book corresponding to the serial number of the rifle and bayonet. When a man is transferred to another company, the receiving company's book will be completed as above, and a suitable entry made in the issuing company's book. The armourer then will alter the company letter against the number in his book

I A O 652 Office Allowance Stationery and Office Appliances of British units arriving in or proceeding out of India—In supersession of all previous orders on the subject the following arrangements in connection with office allowances stationery, and office equipment, of British units arriving in or leaving India, have been instituted as a tentative measure for the current trooping season —

- (i) Any credit balances in the office allowance will be repaid to Government. If the amount of the balance is less than that properly due for the unexpired portion of the month, the unit concerned will in the absence of an explanation satisfactory to the district or independent brigade commander, be required to make good the difference.
- (ii) If a unit proceeding *ex* India is relieved by a unit arriving *ex* India the relieving unit will take over those typewriters, duplicators and other office appliances in possession of the relieved unit, which were purchased at the expense of the State.
- (iii) If the unit leaving India is not relieved by a unit arriving *ex* India, such typewriters, duplicators and other office appliances will be made over to the O C, station for disposal under the orders of the G O C in C of the command. The latter will normally direct their re-issue to the unit of the same category arriving in the command from overseas.
- (iv) If the unit proceeding *ex* India is relieved by a unit arriving *ex* India, it will hand over to the relieving unit all stationery in possession at the date of its departure. The value of the stationery thus taken over will be taken into account in connection with the incoming unit's first annual indent and having regard also to the unexpired portion of the year for which the stationery was intended to last.
- (v) If the outgoing unit is relieved by a unit arriving from another station in India, the relieving unit will take over the stationery of the outgoing unit. The value of the stationery thus taken over will be taken into account in connection with the relieving unit's next annual indent.
- (vi) In cases where the unit arriving *ex* India proceeds to a station from which the outgoing unit proceeds to another station in

15th October 1930

India, the O C, station will send, to the D C, Stationery, an indent for six months' supply of the articles of stationery most commonly used by units of that particular type, for delivery to the incoming unit. The value of the supply thus made, will be taken into account in connection with the unit's first annual indent, and having regard also to the unexpired portion of the year during which this preliminary supply is made.

- (iii) As regards the office allowance, the unit arriving *ex* India will only draw the amount correctly due from the date of its arrival in India to the end of that month, and thereafter monthly as laid down in A I (I) No 12 of 1930.

I A O 662 Accounts—Army Savings Association—British Army—Army Order No 108 of 1930 is republished with this I A O.

2 The adoption of the new scheme is not compulsory but any unit is permitted, at the discretion of the Commanding Officer, to adopt it in place of any existing unit thrift scheme, while units arriving in India in future which have already adopted the War Office scheme will be free to continue it.

Soldiers already serving on the Indian establishment and who are already remitting money through the public accounts, for deposit in the Post Office Savings Bank of the United Kingdom, automatically come under the new scheme, vide paragraph 4 (b) of the Army Order.

22nd October 1930

3 Particular attention is drawn to the fact that once the new system has been adopted by the individual soldier he will be enabled to adhere to it throughout his army service

4 The maximum amount that may be remitted through the public accounts in any one calendar year is £500. The total amount that may be remitted through the public accounts during a financial year must not, however, exceed the net pay earned by the soldier during that year

5 The rate of exchange at which warrants will be encashed in India will be the uniform rate of 1s 6d to the rupee

6 Attention is drawn to paragraph 8 of the Army Order in connection with the supply of the necessary forms

7 This Indian Army Order is published with the concurrence of the Military Accountant General

I A O 663 Employment of I T F personnel in the civil police—
As a temporary measure, the Government of India have sanctioned the employment of I T F personnel of provincial battalions in the punitive or additional provincial police subject to the following conditions—

(a) Personnel so employed will be released at once by the civil power in the event of the embodiment of their units for military service

(b) The numbers so employed shall not exceed twenty per cent of the authorised strength in any unit. Personnel so employed will be retained on the rolls of their unit up to a period not exceeding 2 years

(c) If the civil power is unable to spare the services of such I T F personnel if and when they are required to undergo their periodical training, they may be excused that training, but in that event the police authorities under whom they are serving should arrange for them to fire a musketry course

(d) I T F pay and allowances will be admissible to the civil police and only for period of training actually carried out with their Territorial units

(e) This temporary service in the police will count as service towards completion of the term of enrolment in the I T F

It is to be understood that the above sanction refers only to service in the provincial police

A O 108 of 1930 —

Army Savings Association—1 It is notified for general information that the recognized body for promoting thrift throughout the Army is the Army Savings Association, affiliated to the National Savings Committee. The chairman of the Central Advisory Committee of the Association is Major General the Rt Hon J F B Seely, C.B., C.M.G., D.S.O., J.D., and the Secretary is Major H Spencer Johnson, C.B.E. The address of the Association is the office of the National Savings Committee, 20, Sanctuary Buildings, Westminster S.W. 1.

2 Commanding officers will take all practical steps to encourage the formation of branches of the Army Savings Association in the units under their command in order to foster the spirit of foresight and the feeling of self respect which are equally essential to the military training of the soldier and to good citizenship on his return to civil life. The president of every branch will be a selected officer, assisted if desired by a committee representative of all ranks. The formation of a branch will be notified to the Secretary, Central Advisory Committee, stating the name of the president.

Major H Spencer Johnson is duly accredited by the Army Council to lecture to troops on Savings in the Army. Every facility will be given him to lecture to officers, N.C.O.s and men on the subject.

3 The arrangements now approved are designed to ensure continuity and uniform facilities for saving in units at home and abroad throughout a man's service. They also reduced the clerical labour which has hitherto been involved in many of the savings schemes in operation in the Army.

4 (a) Soldiers will be given an opportunity of investing part of the pay due to them and other monies in the Post Office Savings Bank or in National Savings Certificates.

(b) The channel of investment will be a Post Office Savings Bank account (Army Savings' series). A soldier desiring to invest will fill in and hand to the officer from whom he receives his pay S.B. Form 1 and will inform him of the weekly amount he wishes to invest. The officer will insert this information on Army Savings Form 1 and payments to the soldier will be regulated accordingly. The officer will also satisfy himself that the soldier is sufficiently in credit to justify the payment (see paragraphs 82 and 84 Pay Duties Manual, 1926). He may cancel the payment at all times or, with the man's consent, reduce the amount to a lower sum according to the state of the soldier's account. Soldiers who already make deposits in their Post Office Savings Bank account through War Office and India Office channels will be brought automatically within the scheme. Numbers in the "Army Savings" series will be assigned to their accounts and all their deposits will be received in ordinary course in the Post Office Savings Bank. They need not furnish S.B. Form 1.

(c) The soldier will sign Army Savings Form 1 and the original copy will support the entry in a "Personal Payment" column in his pay list or pay and mess roll. The duplicate copy will be destroyed. (See paragraph (e) below).

(d) A soldier desiring to invest may ready money in his hand over the amount to the officer from whom he receives his pay who will enter it in the final money column of A.S. Form 1, to be then credited each in his cash account (Form 1 of A.F.N. 1504a) and the total for the month which will be disposed of in the manner described in sub-paragraph (e) below. No entry in respect of this transaction is required in the pay list or pay and mess roll.

(e) (i) *At Home*—On the last pay day of the month each company, etc., commander will hand over to the branch president the amounts recovered or received for deposit together with the duplicate copies of A S Form 1. The branch president will transmit these forms to the Controller, Post Office Savings Bank, London, W 14, together with a remittance for the total which will be made out in favour of H M Postmaster General, the cheque being crossed 'A/c Payee'. Any Forms S B 8e furnished by depositors remitting for the first time should be included.

(ii) *Overseas*—On the last pay day of the month each company, etc., commander will transmit to the branch president the duplicate copies of A S Form 1. The amounts recovered from or handed in by soldiers will be given up in Form 3 of the company account (A F N 1504a) for credit to the paymaster to "Post Office—Savings Bank Deposits" supported by the original A S Forms 1.

The branch president will thereupon obtain a statement from the paymaster as to amounts credited by him in respect of the amounts given up by company, etc., commanders in their accounts. He will then despatch to the Controller, Post Office Savings Bank, London, W 14, the duplicate A S Forms 1, together with the paymaster's statement, and any Forms S B 8e furnished by soldiers depositing for the first time.

A S Forms 1 will be prepared in sterling, and the equivalent in currency at the official rate of exchange for the relative month will be recovered as in sub paragraph (c) above.

Only cash in the currency by which the soldier is normally paid may be handed in by a soldier for deposit. This will be entered on A S Form 1 in *sterling* at the current official rate of exchange when taken on as cash in the account of the company, etc., commander.

NOTE—Interest on deposits will be allowed from the first day of the month following the month in which credit is given by the company, etc., commander in his company account.

(f) A Post Office Savings Bank book will be forwarded to the depositor as soon as his first deposit has been credited at the Post Office Savings Bank Department. The company, etc., commander will not make any entry in the book which will normally remain in the soldier's possession. The book will be sent to the Post Office Savings Bank—

that the Post Office Savings Bank book shows the soldier's credit to be not less than the amount to be withdrawn and will pay the soldier out of his balance of public money, entering the amount in his company account as a Savings Bank withdrawal. He will make no entry in the soldier's Post Office Savings Bank book, but will securely fasten inside it Part A of the form, and will send the book by the first convenient mail to the Controller, Post Office Savings Bank, by whom it will be returned direct to the soldier. The officer will in due course pass Part B of S B Form 10p to the paymaster as a voucher in support of the 'Savings Bank withdrawals' charged in his company account, and the paymaster will forward it to the War Office (or local auditor) in support of his account.

Withdrawals other than on demand

(c) A soldier wishing to withdraw more than £3, at home or overseas, or more than the amount actually entered in his Post Office Savings Bank book, will send his book and withdrawal application on S B Form 5A to the Controller, Post Office Savings Bank, who will return direct to the soldier the Post Office Savings Bank book and a withdrawal warrant.

(a) *At Home*—The soldier will encash the warrant at the Post Office at which he has a ked for it to be made payable.

(b) *Overseas*—If the soldier cannot readily exchange the warrant for cash he may present it to the officer from whom he receives his pay. The latter will encash it merely vouching the entry in his company account with the warrant form. In encashing the warrant form the responsibility of the officer is limited to satisfying himself (a) that the form bears no evidence of alterations, and (ii) that the payee is the soldier named therein.

The officer will not require to see the soldier's Post Office Savings Bank book. The paymaster will in due course tender the warrant form to the War Office (or local auditor) in support of the charge in his account against Post Office Savings Bank Withdrawals.

Investments in National Savings Certificates

7 The soldier may give a standing instruction to the Post Office Savings Bank for the investment of his savings in excess of a certain fixed amount, not less than £5, his "ready money balance" in National Savings Certificates. For this purpose he will fill up a form of application S B Form 792 and send it to the Controller, Post Office Savings Bank through his company, etc., commander.

Whenever the excess balance standing to the credit of the soldier amounts to 16s or a multiple of 16s the Post Office Savings Bank will purchase on his behalf National Savings Certificates and send them to the Controller, Money Order Department, General Post Office, Holloway, N 7, for safe custody. Particulars of the certificates so purchased will be entered up in the soldier's Post Office Savings Bank book when that is from time to time sent to the Post Office Savings Bank, London, W 14.

If the soldier wishes to obtain repayment of any of his savings certificates, he will make application to the Controller, Money Order Department, on the usual form P 576 which can be obtained at home from any Money Order Post Office, or overseas from the president of his branch of the savings association. A warrant for the amount will be sent direct to the soldier from the Money Order Department and he will encash it in the same way as

warrants sent for withdrawals other than on demand from his Post Office Savings Bank account

At stations overseas charges in the paymasters account will be classified to "Post Office Repayment of National Savings Certificates"

When the soldier leaves the Colours, the savings certificates standing to his credit will be transmitted to him by the Controller, Money Order Department on application

8 Specimen copies of a first pamphlet 'Next month, next year' published by the Army Savings Association and supplies of the forms necessary for operating the scheme are being issued to all units. Further copies of the pamphlet may be obtained on demand direct from the Secretary, Army Savings Association, 20, Sanctuary Buildings, Westminster, London, S.W.1. Communications at home sent to that address need not be stamped

9 The following Army Orders are hereby *cancelled* — 253 of 1920, 400 of 1922, 192 of 1923, 175 of 1926 and 360 of 1927. The issue and encashment of National Savings Certificates by paymasters overseas under present arrangements and the use of Army Form O 1744 will cease as from 1st October, 1930

10 Units now operating schemes under the above Army Orders should communicate with the Secretary (Major H. Spence Johnson, C.B.E.) if they experience any difficulty in closing existing association accounts

NOTICE

1 Officers able to speak Arabic or Kurdish and with a fair knowledge, derived from actual local experience, of the customs and manners of eastern peoples, are occasionally required to fill vacancies on the supplementary list of the Royal Air Force, for employment on intelligence duties, normally in Iraq, Palestine or Transjordan.

2 Commissions on the supplementary list of the Royal Air Force are given in the first instance for 5 years but the period may be extended to 10 years in certain cases. The regular period of service will be followed by a period of 4 years on the Reserve.

3 The pay and allowances are the same as for officers of the general duty branch of the Royal Air Force. On satisfactorily completing this period of regular service officers on the supplementary list will be eligible for gratuity. The appointments are non-pensionable.

4 Candidates must be British subjects of pure European descent.

5 Officers who are qualified for such duties and who are about to leave the service on retirement or for other reasons and who are desirous of being considered for consideration should communicate direct with Headquarters Royal Air Force, Simla (Delhi), when they will be furnished with full particulars and application form.

INDIA ARMY ORDER.

I A O. 699 Complimentary.—My tenure as Commander-in-Chief in India being about to terminate, I desire to place on record my high appreciation of the excellent work which has been carried out by those serving under me during the time it has been my privilege to hold the appointment. The period has been one in which much re-organization has taken place and in which considerable changes have been made in our military system, the successful initiation of these new measures is in itself a striking testimony to the great and sustained effort made by all concerned, and I am most grateful to all ranks for their constant and unflinching support and for the loyal and wholehearted manner in which they have striven to give effect to my wishes.

During my period of command, and especially during the last year, many calls have been made on the troops, both British and Indian, to assist in the preservation of internal order, and the restraint, self control, good humour and sense of humanity displayed in carrying out this task—the most unpleasant of all those that fall to a soldier—has evoked my unbounded admiration.

As an officer of the Indian Army I particularly wish to place on record my pride and gratification at the steadfast and loyal behaviour of my Indian comrades in face of determined efforts made, both in cantonments and in their own homes, to seduce them from their allegiance to their Sovereign.

It will be realised with what great regret it now falls to me to bid farewell to the Army in India with which I have been associated for over 45 years but I do so with pride in the knowledge of its efficiency, zeal and fine spirit and with complete confidence in its future.

I trust that many years of success, happiness and good health may be before all my comrades of the Army in India.

W R BIRDWOOD, *Field Marshal,*
Commander-in-Chief.

I A O 710 Railway Warrants—Officers commanding units attaching non-commissioned officers and men to Bombay or other stations for attachment to the special attached section or other attached sections for a course of vocational training, or on temporary duty, will invariably forward to the officer commanding the attached section concerned, a return railway warrant for each non-commissioned officer or man of his unit with the date and month left blank.

20131/Q-2

26th November 1930

2 days at the latest, issue the bank a cheque on the Imperial Bank of India for the equivalent amount as quoted by Messrs Lloyd's Bank, Limited, in rupees, in exchange for the receipt. At Karachi, a similar procedure will be followed direct between Messrs Lloyd's Bank, Limited, and the Embarkation Commandant, for sterling placed on board ships sailing from that port.

6 Messrs Lloyd's Bank, Limited, will carry out exchange work on outgoing transports and such freightships as carry sufficient numbers (not less than 100) to justify their attendance, to whatever extent they can conveniently do so, but they do not guarantee to exchange all or any rupee currency presented to them.

7 All Government money remaining in the hands of the O C, Troops and others on incoming transports and freightships will be exchanged through Messrs Lloyd's Bank, Limited.

17508|Q M G 2

I A. O 712 Complete engine units—Spare—In most makes of M. T. vehicles, the engine number appears on a plate attached to the dashboard or other part of the body as well as on the engine. This is likely to cause confusion when complete engine units are changed over. In the case of Morris six-wheelers, the engine number appears on a small brass disc located just behind the combined oil filler and breather pipe of the crankcase.

2 In order to avoid mistakes when engines are changed, the engine number on the dashboard plate should be obliterated, and if there is room, the number of the new engine should be stamped on the dashboard plate.

3 Pencil rubbings of engine numbers must always be taken from the number on the engine itself and not from plates affixed to the dashboard or other parts of the vehicle.

27978|Q M G -8

I A. O 713 Equipment—Indian Territorial Force Units—Government sanction has been obtained to the issue of repair materials, as detailed in Equipment Regulations (India), Part I, Appendix 21, 1927, for mounted officers of the Indian territorial force, infantry units.

Amendments to Regulations for the Equipment of the Territorial Force (India) Infantry units, will be published in due course.

3242|M G O 9

I A. O 714 Equipment—Cavalry—Government sanction has been obtained to the issue of "Blankets, saddle" for machine gun pack horses of cavalry units on the scale of 1 per horse.

Units will place indents on arsenals concerned.

Amendments to E. Rs (I), Part I, will be published in due course.

I A O 727 I Books—Sports—Handbooks of Army Sports Associations U K—In accordance with the decision of the Army Sport Central Board, India the two editions "A S C B Handbook, India" and "Rules for Games and Sports in the Army in India" have been combined into one book viz. "A S C B Handbook India" which is now in the hands of the printers. As this handbook includes all laws and rules required for use in this country, the supply of 100 free issue copies of the "Army Association" handbooks has been stopped. Units and formations in India requiring "Army Association" handbooks can however obtain them direct from the Navy, Army and Air Force Institute London. The names of handbooks and their time of publication have been laid down in the "Foreword" of the new edition of the "A S C B Handbook India" (This cancels I A O Notice 1 of 28th April 1927).

2 An I A O will be issued when the "A S C B Handbook India" is available for issue from the Government of India Central Publication Branch Calcutta.

2 I A O 734 Re posting of warrant officers of the Garrison Staff from stations abroad to stations at home—War Office letter No 112[Misc 466 (AG 1 b), dated 3rd November 1930, regarding the question of reposting warrant officers of the Garrison Staff from stations abroad to station at home as opportunities occur, is republished below

2 War Office letter No 18[General]3393 (AG 1 b), dated 7th March 1929, was republished as I A O 253 of 1929

B 12990[AG 1

1 I am commanded by the Army Council to refer to War Office letter, 18[General]3393 (AG 1 b), dated 7th March 1929 regarding the appointment of warrant officers to the Garrison Staff, and to say that they have recently had under consideration the question of re-posting warrant officers of the Garrison Staff from stations abroad to stations at home as opportunities occur

2 It has been decided that when a vacancy occurs for a garrison sergeant major or garrison quartermaster sergeant at home, the appointment shall, in the first instance, be offered to the garrison sergeant major or garrison quartermaster sergeant, as the case may be, who has served longest on the Garrison Staff abroad, provided that he has served for at least six years continuously on the Garrison Staff abroad and has not less than two years service to complete from the date of the vacancy occurring at home

3 If the warrant officer concerned accepts the posting to an appointment at home, he will be brought home at the first public opportunity

8th December 1930

and will be replaced in the station abroad by a warrant officer selected from the list of candidates registered for appointment to the Garrison Station.

1 The re-posting will be carried out, as far as the exigencies of the service permit, when public transport is available.

If the vacancy at home occurs out of the trooping season and some time is likely to elapse before a passage can be provided for a warrant officer returning from abroad, the warrant officer selected to fill the appointment abroad, may, if serving at home, be appointed temporarily to fill the home vacancy until required to embark to take up his permanent appointment.

If the warrant officer selected to fill the appointment abroad, is serving abroad, or, if serving at home it is not considered desirable that he should be temporarily appointed as above to the home vacancy, suitable arrangements should be made by the General Officer, Commanding in Chief, of the Command concerned for carrying out the duties of the home appointment.

Similar arrangements will also be made in the Command abroad if the warrant officer re-posted to the home establishment is required to embark before his successor arrives.

5 I am to add that the appointments of Garrison Sergeant Major at London and Woolwich and of Port Sergeant at Gibraltar will not come within the terms of this letter.

I A O 735 Discharges B A.—War Office letter No 54|Gen [6741 (D|AGlc), dated 31st October 1930, is re-published below —

I am commanded by the Army Council to inform you that certain difficulties are experienced at home in connection with documents of soldiers sent home for transfer to the Army Reserve or discharge. The irregularities to which it is desired to draw attention are as follows —

- (a) *Army Forms B-268 and Army Book 64, Part I*—In a great number of cases these documents are not being sent.
- (b) *Duplicate Attestations*—Frequently not entered up to date—no record of extension of service, etc.

This causes much unnecessary labour in the preparation of temporary documents or the completion of existing ones, and often entails considerable delay in the disposal of personnel.

- (c) *Certificate of Service (Army Form B 105)*, is not being received in a number of cases. The Council wish particularly to emphasise the great hardship imposed upon a soldier returning to civil life, when delay occurs in the issue of his Certificate of Service, or if the assessment of military conduct and character in testimonial form has to be made out by an officer who has no personal knowledge of his qualifications. It is largely in the production of his Certificate of Service, which is accepted as sufficient evidence of identity, that the man is paid Unemployment Insurance, a character is attached to him in his search for civil employment.

1 A O 727 D *Varney India Unattached List Banks* Reference is made to the India Unattached List Banks for the Army in India (XXXVII) Regulations for the Army in India (XXXVIII) King's Regulations, will be carried out from the date of his arrival in the United Kingdom.

2 If the soldier's discharge is carried out on a date prior to that on which his present leave expires he will be credited with pay up to the end of his leave and debited by the India Office with the equivalent of the pay which he will receive in respect of the period of leave beyond the date of discharge.

3 The regulations affected will be amended in due course.

I A O 739 Accommodation at Home Stations for Married Families British Troops—War Office letter No 118|General|410 (Q M G 1), dated the 25th October 1930, is reproduced below —

I am commanded by the Army Council to inform you that in the case of soldiers' families proceeding to the United Kingdom accompanied by their husbands and for whom no official quarters are available at the home station, no steps can be taken to provide quarters at other station.

In such cases the soldier will be placed on the lodging list and will be responsible for finding accommodation for his family.

NOTICE

The Anglo Indian Hockey Club

At the initiative of Mr. D Leyland Naylor of the Surbiton Hockey Club, the above club was formed in England in the summer of 1929, with the object of enabling Anglo Indian players in England to form a team so that they might have the chance of developing the style of play as taught in India

The club is becoming more generally known and the response from Anglo Indians is increasing. The President of the club Mr W. Hender (Clarendon, M.C.), has given the members his assurance that, if the membership reaches a satisfactory figure and there is a general desire for permanent headquarters, the necessary financial backing will be forthcoming for the acquisition of a suitable ground and pavilion.

The playing strength of the club already includes many well known players among whom are several members of the first team of other good clubs. The future of the club from a playing standpoint, is of the brightest.

The Vice Presidents of the club are Colonel Bruce Turnbull and Major F. Ricketts and Mr D. L. Utting is the Captain.

The Honorary Secretary of the club, Mr D. Levland Naylor, 2 A Kildare Terrace London W., will be glad to furnish any further information required.

I A O 763 Funds—Unit Administration Fund—With reference to paragraph 1 of Army Instruction (India), No 1 of 1930, instances have

23rd December 1930

come to notice which indicate that the intended scope of the above fund

Educational Allowance Fund	with respect to the marginally noted funds is
Government Library Fund	
Bicycle Allowance Fund	not fully understood
Charpoy Fund	
Line Contingent Fund	

2 The Educational Allowance Fund is, to all intents and purpose, a training fund, and as such should be maintained as a separate regimental fund. Allowances on account of Government libraries are to be kept distinct from other funds, as such libraries, where maintained, are the property of the State. Funds on this account must, therefore, be treated as public funds.

3 Funds such as the "Bicycle Allowance Fund", "Charpoy Fund", "Line Contingent Fund" and the "Petty Stores and Petty Supplies Allowances" authorised in P & A Regns, Part II, para 201 *et seq.* should be merged in the "Unit Administration Fund".

4 This Order is issued with the concurrence of the Military Accountant General.

I A O 764 Nomenclature of M. T. Vehicles and Personnel—The revised nomenclatures for all M. T. vehicles, drivers and artificers are shown in Annexure I to this Order.

2 A statement showing makes and types of M. T. vehicles administered by the Indian Army Service Corps (M. T.) is also published as Annexure II to this Order. Units and formations must invariably quote the correct nomenclature, make and type of M. T. vehicles in all reports and returns.

3 India Army Order No 728 of 1928, as amended by corrigenda No 2, dated 20th April 1929 and No 1, dated 20th February 1930, is hereby cancelled.

I A. O 765 Artillery Equipment—Recuperator History Sheets—Attention is drawn to para 296 of "Regulations for Care and Preservation of Artillery Equipments 1925".

2 Cases have occurred in which the register number of the recuperator, as recorded on the history sheet, have been altered, and, in other cases history sheets have been returned as not belonging to the recuperator in charge of the unit.

3 Sufficient care is not taken to ensure that recuperators are always accompanied by their history sheets and the reason for the maintenance of a history sheet is not sufficiently appreciated.

It is hoped that commanding will give this matter their attention.
